"Flipper"

The Miniature Dolphin

Shown actual size: 3½" long by 2½" tall

This is second in a series of miniatures made in the 1980's.

Flipper was made exclusively for Pisello Art Glass of LaPorte, Indiana. It consists of two pieces, lid and base. Mosser Glass Company of Cambridge, Ohio poured this item for Pisello's. Each miniature Dolphin is dated and signed in the inside of the lid and also has "Pisello" on the inside of one of the Finns.

Only the Chocolate was poured in 1982 and limited to just 1,200 pieces. All the other colors are dated 1983 and are limited to 1,000 or less.

COLORS MADE FOR PISELLO ART GLASS

Color One	1982	CHOCOLATE
Color Two	1983	MARIGOLD CARNIVAL
Color Three	1983	VASELINE/CANARY
Color Four	1983	RED CARNIVAL

We also have a White Milkglass one and a Rubina one, but I don't think these were made for Pisello. I've not seen any other colors, so I don't know if Pisello still owns the mould or not.

These little Dolphins are an exact copy of the larger St. Clair ones.

If you like Miniatures this would be a really cute little item to include in your collection.

There was also a cup plate made. It was $3\frac{1}{2}$ " and around it says "CATCH ME IF YOU CAN". The plate was made in the same four colors that Flipper was made in for Pisello. Chocolate, Marigold Carnival, Vaseline, and Red Carnival.

Wilma
