HOACGA FEBRUARY MONTHLY MEETING

On February 24, 1985 at 2PM, President Cooley Miller called the meeting to order. He expressed his and fellow members' gratitude to Viola & Davis Shikles for having the club meeting at their home this month. Davis had prepared Chili and members brought various dishes which were enjoyed by all members.

The January minutes were read by Diana Treff and approved as read. President Miller read the Treasurers report from Karen Engel. With no questions or revisions to the report, it was accepted as given and placed on file.

George McGrew, convention chairman, was unable to attend the meeting. Various committee members were present and reported that the convention plans are coming along on schedule. It was reported that the club will again have two hospitality rooms and one registration room. Marge Miller reported that the door prize program is progressing well. Members present were able to view some of the donations. Marge reported that she would still accept donations from members or businesses.

John Britt reported on souvenir sales and stated that samples will be made soon and he will have then at some of the upcoming auctions. He reported that approximately 15 whiseys would be produced. Shape and color of some of the whiseys was a topic of discussion. The very last date to order a souvenir will be March 15th, Mr. Britt urged those who wish to order to please do so by March 1st!!!

President Miller read a letter from M/M George Bolles who requested that the club donate a HOACGA Notebook to the Corning Museum of Glass. M/M Bolles have already donated one of the notebooks to the Johnson County, Kansas public library and report that it was greatly appreciated and accepted with a very receptive response. Marge Miller made a motion that the club donate a copy of the HOACGA notebook to the Corning Museum of Glass and that the club keep the notebook up to date with current inserts each year. The motion was seconded by John Britt, voted on and carried. The notebook will be shipped by Davis Shikles.

There was some discussion as to the difference in price it costs us to send Bulletins and souvenirs. This topic is to be discussed at the annual meeting. George Bolles made a motion stating that due to the substantial increase in cost that only the first half of the rosebowl inserts be offered in 1985 and the second half to be offered in in 1986. The motion was seconded by Diana Treff, voted on and carried.

Mailing the club Bulletin at the Not-for-profit rate was discussed. Herb Treff has gone to the post office and gotten the figures as to the cost and procedure. Discussion was tabled until the annual meeting. Herbert Treff accepted the position of Nominating Chairman.

With no further business, John Britt moved that we adjourn the meeting until March 24th at 2PM, the meeting to be at the KCI Holiday Inn. The motion was seconded by Bill Treff, the motion was voted on, carried and the meeting adjourned.

LUCILE BRITT, SECRETARY (DIANA TREFF acting Secretary)

** FROM THE PRESIDENT **

HOACGA has a lot going for you in Kansas City starting April 25th through Sunday mornings FREE breakfast April 28th. You will have fun as well as having the opportunity to see, buy and sell more Carnival Glass than you would normally see anywhere. We are working to make this the best convention yet!! Bring a display and take home a nice cash award given the top five displays voted on by the attending members. Saturday morning we will auction the fine glass of Louis Bradford -- a collection anyone would be proud to own. If you have not made reservations, do it now as the motel is filling up. The location: Holiday Inn KCI, phone 816-464-2345. Special rates are given to members attending and the entire hotel has been remodeled.

Did you forget to order your beautiful HOACGA souvenir? Remember, this is going to be a series and I'm sure you will want at least one complete series of these bells. Send your order to JOHN BRITT, payable to HOACGA. They are going to be made March 18th. We are looking forward to seeing you here in Kansas City and we will send you home happy.

COOLEY E. MILLER, PRESIDENT HOACGA

** NEWS FROM THE AIR CAPITAL CARNIVAL GLASS CLUB **

The February meeting had to be cancelled. This is the first time since the club was began five years ago. The weatherman presented us with an ice storm which made it very hard for anyone to travel.

Our Treasurer, Zona Paul, and her husband Harold, have been in the hospital this past month. Zona had a massive heart attack and her husband an operation. They were both in the hospital at the same time, both are home now and we wish them a speedy recovery.

The next meeting will be March 10 at 2:30 at the home of Roland Kuhn and Donald Kime. We have some important things to cover so we would like everyone to try and attend.

DONALD E. KIME, ACCGC Secretary

PAGE 3

** A TRIBUTE TO A DEAR CARNIVAL FRIEND **

In early February we lost a very dear and thoughtful Carnival Glass friend. JACK STEWART of Weymouth, Mass. passed away suddenly and peacefully. Just last month he had updated his HOACGA Carnival Glass Informational Articles Index. He was a man who had a tremendous amount of friends and was helpful to all he knew, loved his family deeply and enjoyed his Carnival Glass to the fullest. He collected all types of Carnival at one time or another (baskets, rosebowl, wines, etc.). It seems after he succeeded in collecting every known pattern and color of one type of Carnival, he would sell it and embark on another area of Carnival collecting. His latest joy was the different Carnival wines and decanters (He had one of the best collections of them in the country).

Jack was always interested in helping new collectors. His information came freely and was always factual in nature, he would never mislead anyone. He attended every convention, show and auction he could possibly make and was very active in Carnival clubs.

He was a charter member of the New England Carnival Glass Association and was instrumental in it's inception. He was a very active and dedicated member for he gave at least three talks at different club meetings and participated with full table displays at both of it's mini-conventions.

I feel that I was very fortunate to have known Jack. In July 1983 he took me to a Burns auction in Bath, NY. At the time I was unemployed and had no means or intent of attending the auction although Diane and I always tried to go if Tom had an auction in Bath. The only monetary expense he would accept was my partial payment of the hotel room. Tolls, gas and other expenses he would not allow me to participate in. I was even sneaky enough to pay for one gas fill-up and he was very upset with me and vowed revenge. We left at 3AM and arrived in Bath at 12 noon. We had a marvelous time and never stopped talking from the time he picked me up until he dropped me off on Saturday evening. And yes, Jack did get even, he bought the last meal of our trip. We had planned another for March 30, 1984 but a snowstorm cancelled that.

I will always remember and cherish his memory and that trip we took together. He was a super individual, a man who gave so much to others but never for himself. The pleasure he derived from the happiness of others is unmatched by the majority of the people he left behind. He loved his family dearly and enjoyed his Carnival Glass and the many friends he gained from it.

I would like to take the words of Grace and Byron Rinehart: "Those whom we love, go out of sight but never out of mind, they are cherished in the hearts of those they leave behind".

Our deepest sympathy to Connie Stewart & Family.

DICK & DIANE WETHERBEE, Rochdale, MA

CARNIVAL GLASS BY THE BOX

Last summer an Ohio couple wrote me that they had purchased a box full of carnival glass for forty dollars. This purchase was about eight years ago. In the box was a marigold Millersburg Feather & Heart water pitcher, a marigold Blackberry Wreath bowl, a marigold Orange Peel bowl, an amethyst Beaded Cable rosebowl, a marigold Crackle waterset and a purple Northwood signed plate. This really sounds like a very good buy, but the box also contained the SIX MARIGOLD MILLERSBURG HOBNAIL TUMBLERS that are shown above. You might think about this for a minute. How many of us have ever seen that many marigold Hobnail tumblers, especially in one bunch? Probably not very many us have ever seen that many in total.

At the time of this purchase, these folks were not avid carnival glass collectors and did not know what they had. She stated that they did not know what any of the pieces were actually worth. Their letter stated that after receiving a copy of the March 1984 issue of the American Carnival Glass Newsletter, they eagerly read our article on Hobnail tumblers. After reading the article, they were startled and couldn't believe what they had found. They stated that it was then that they realized what a fortune they had made in a single purchase. They also pointed out that they now consider themselves as avid carnival glass collectors. They also made it clear that they really loved this beautiful iridised glass. The couple asked that their name not be used in this article. They did say we could use the name of their state, however. As stated earlier, they are from the state of Ohio, which is where all of the beautiful Millersburg carnival glass was made and where a great deal of it has been found. Even though it was produced in the state of Ohio, it is loved and enjoyed by collectors everywhere. We wish to thank these Ohio collectors for sharing their exciting experience with us.

JOHN & LUCILE BRITT

In July of 1967, we who had just discovered Carnival Glass, also discovered the wide world of friendship that exists among it's collectors. We attended the 2nd annual ACGA convention which was held in Washington, DC and met two other New Englanders, Jack & Connie Stewart. They were our "breakfast companions" and we couldn't have imagined two warmer, outgoing people. They had considerably more experience in collecting than we did and were enthusiastically sharing their knowledge with us.

One would have expected that chance meeting to be the beginning and end of it - but that wasn't the way it was to be. A short time after the convention we received a letter and enclosed was a copy of the article that had been in the Woman's Day magazine full color pictures of Carnival Glass about the best that was in print at the time. It had been generously sent by our new found friends from New England. (We still have it in our "archives".)

Over the ensuing years, as we have become more involved with Carnival Glass clubs and activities, and as we moved from Virginia to Alaska and back, (at the invitation of Uncle Sam) we exchanged many letters with Jack Stewart, we swapped photos and the latest information and speculations. He kept us in touch with the "outside world" while we were in Anchorage for those three long years. When we returned to the "lower 48" and eventually to our home in NH, we really had the opportunity to get to know Jack and appreciate his warm smile, his generous spirit and his enthusiasm.

We will miss him VERY MUCH.

JOHN STEWART

Weymouth, MA Fondly remembered by

PAT & JIM CALL

** NEWS FROM TEXAS **

Members of the Texas Carnival Glass Club gathered at the Airport Hilton in Houston on February 16th to celebrate the Sixth Anniversary of the club. Don & Ruby Staley entertained members with a barbeque dinner in their home on Saturday evening with about forty people attending.

On Sunday morning after an BAM breakfast, President Staley called the business meeting to order. New members JoAnn & Walter Walla were introduced and a warm welcome was extended to John & Lucile Britt. The nominating committee presented the following slate of officers for election: Pres.- A.W.Merritt, V.Pres.- Doyle Green, Treas.-Joyce Seal, Research Editor-Effie Reece, Bulletin Editor-Don Staley. They were elected by acclamation.

Mr. Merritt presented a plaque to outgoing Pres. Don Staley for a job well done. Charter members L.L. & Jane Denkins and Bob & Jane Brown were commended for six years of perfect attendance. It was announced that Iris Herring is recuperating from back surgery. She will be confined for several more weeks. The Show & Tell part of the program was on plates. Members showed many examples. The next meeting will be held in Bryan, Texas at a time to be announced later. The meeting adjourned at 10:30.

JANE BROWN, TCBC Secretary

EDUCATIONAL TUMBLER SERIES

by John & Lucile Britt

HARVEST FLOWER - ANOTHER DUGAN/DIAMOND DANDY

"Harvest Flower" tumblers are shown above in marigold, purple and an unusual light green base glass with marigold overlay. The design on the pattern was made to appear much like a bundle of wheat that has been tied in the center by hand. Wild flowers and clover are in front of the sheaf of wheat which combines to make a very appealing and interesting pattern. The tumbler varies from 4.125" to 4.25" tall and has a plain or smooth base. The top and bottom of the tumbler flare out somewhat to give the effect of the sheaf of wheat. Marigold tumblers are somewhat scarce, but you should have no trouble finding one for your collection. They may vary from light to dark marigold. I would class the "Harvest Flower" tumbler with the light green base as rare and the purple example as extremely rare. Only four of these purple tumblers have ever been reported and one of these is chipped. They are of a beautiful deep purple color with super iridescence.

The water pitcher in this pattern is of the tall tankard type. I have seen only a half dozen or so of these marigold tankards in my travels and have never had the privilege of viewing one in purple. The marigold tankards are considered rare. A purple tankard, if found, would be extremely rare and most desirable. Due to its extreme rarity, super iridescence, beautiful design and fantastic color, I consider the purple "Harvest Flower" tumbler to be one of the finest of all carnival glass tumblers. It would have to be included among the top twenty in my list of the top carnival glass tumblers.

It should be pointed out that the "Harvest Flower" tumblers were reproduced in custard glass. Some of these have been decorated in color and are very pretty. Unfortunately, many of these "Harvest Flower" tumblers have been signed with the underlined "N" in a circle. This is definitely fraud as the "N" is there to fool the public. This is not a Northwood pattern in the first place, so the "N" did not appear in the old Dugan/Diamond mold. It had to be added to the mold when those tumblers were produced. These new Wright tumblers also have the "N" mark on the outside bottom of the base and not the inside of the base where Northwood placed his mark in both carnival and pressed glass tumblers. Fortunately for carnival glass collectors, the "Harvest Flower" tumblers were not reproduced in carnival glass.

** A PARTICIPANT AT TAMPA BAY WRITES: **

I am enclosing the auction results from the "Lose Your Heart To Carnival Glass Jamboree" held in Lakeland, Florida in early February.

The RED DRAGON & LOTUS I.C. bowl sold for \$625, the RED PEACOCK & GRAPE ruffled bowl brought \$575, the RED PERSIAN MEDALLION bon-bon went for \$425, the WHITE MANY FRUITS punch set brought only \$1600 as 3 of the 6 cups were chipped. The damaged ICE BLUE GRAPE & CABLE centerpiece bowl sold for \$375, the ICE GREEN WILD STRAWBERRY bowl (NOT the only one known despite what the brochure says) brought \$1325. The ICE BLUE POPPY SHDW plate sold for \$610 and was returned for a very tiny chip on the face, it then resold for \$450.

This was our first visit to a U.S. carnival glass convention and we really enjoyed ourselves and all the people we met.

"Good Luck" is also the motto of our club and it was with us as our quarterly meeting took place in Huntington Beach, CA on Sunday, February 17th. Three large tables full of nice glass were for sale by 11AM. Sales were brisk. Some lovely pieces of Millersburg and three pieces of red changed hands rapidly, along with a rare marigold over milk glass Footed Shell and a scarce Waffle and Hobstar basket.

Seventy-five carnival enthusiasts were in attendance for a banquet luncheon. Business was dispensed with quickly because everyone was eager to hear our honored guest speaker, Mr. Donald Moore, launch into his extremely informative program on chop plates. Connie and Don were visiting Disneyland and touring antique shops in Southern California the previous week. It is always such a pleasure to have them visit our meeting when they are in the Southland.

With sixteen chop plates displayed in all their glory, Don's discussion of each included mold application, pressing techniques, the rarity of this particular form of plate as well as their value in the marketplace. He is always quite thorough with description and his marvelous sense of humor lends such warmth to his presentation lecture.

Hosts for this meeting were Bernadine & Warren Hoster. They provided the door prize and four raffle prizes, each one of carnival variety, well received by the winners.

The carnival glass display at the Cameo Show in Buena Park was a sight to behold. The patterns, shapes and colors of the glass on lace covered tables delighted all who visited the show. Thanks go to Valerie Light and Pat Resnik for the many devoted hours of effort in preparing the display. Thanks are also in order for all those members who brought their glass and acted as hosts throughout the weekend, providing information to all those interested.

Election of officers will take place at our May meeting when Valerie Light will take charge of our program, using Hearts & Flowers as the theme.

DIANE FRY, San Diego, CA

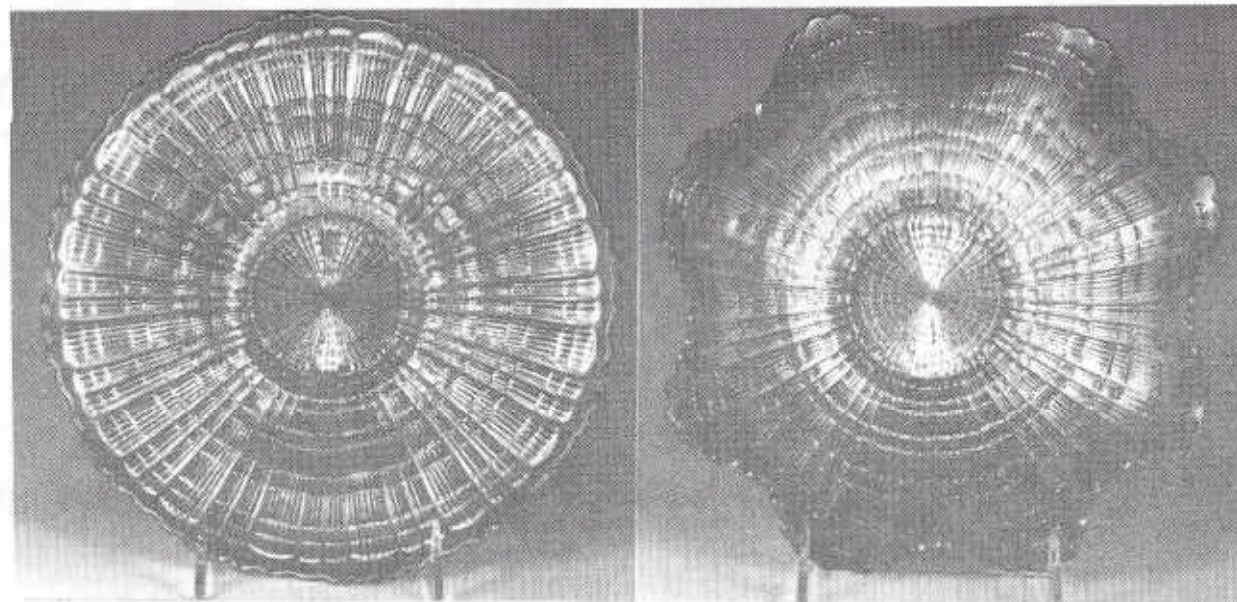

From DON MOORE comes the following:

PAUL LEONARD from Michigan contacted Don about finding the first known ORANGE TREE LOVING CUP IN PEACH OPAL. Don put Paul in touch with FLOYDE & CECIL WHITLEY and this rarity now sits next to the only AQUA OPAL one!!!

PAGE 9

Carnival Cameos

BY DONALD MOORE

PLAID (FENTON)

Mrs. Presznick's name for this pattern is more descriptive, she called it GRANNY'S GINGHAM. Whatever we call it, this pattern doesn't receive the attention I feel it deserves. This may result from the fact that it was made only in bowls and plates in the one size. The plates are a bit "iffy" as they turn up slightly at the edge. The bowls are either eight ruffled or the ice cream bowl shape. Neither was it made in a wide range of colors. The plate is only seen in marigold and blue but the bowl was also made in a scarce green and a very rare celeste blue and red.

The blue 9" plate shown on the left is the only one I've seen but I am sure there are others. I paid \$250 for it in 1980, hopefully it is worth more today. I have seen three plates in marigold.

The red 8.5" bowl on the right is one of perhaps a dozen or so that are known in red. About half are ruffled and half are the ice cream shape. Most of these have turned up on the West Coast. Perhaps the few that were made were all shipped to a distributor or dealer in this part of the country. A red bowl sold for \$1100 at the Rowland auction in 1982.

Only four bowls are known in celeste blue, all are ruffled. At least three of them were found in England. None have sold at auction but they might

ROAD TRIP

Portland, OR - found our second purple Fashion tumbler (it looks as good as the first one)
 Vancouver, WA - saw Mt.St.Helens clearly for the first time in four years, it looks like the top one-third was cut off with a knife.
 Port Orchard, WA - went to see an Inca vase that turned out to be firey amethyst.
 After some dickering, we bought the vase and headed home.
 Everett, WA - Home - the tumbler and vase look great all scrubbed up and properly placed. If anyone has information on the Inca vase, please let us know, it seems to be one of a kind.

NORMA & DUANE UUGITALD
 11214 42ND DRIVE S.E.
 EVERETT, WA 98204

From our Treasurer, KAREN ENGEL, Brownsville, OR:

I finally have something to report to the Bulletin -- No, nothing unheard of -- but kind of exciting for me out here in Oregon -- last weekend I spent \$60 on Carnival Glass and came home with a Marigold over Milkglass FLORAL & OPTIC Bowl and a RED DRAGON & LOTUS bowl. Needless to say I was thrilled; I could buy glass continually for those prices!!

REGARDING PRE-REGISTRATION CANCELLATIONS BY MEMBERS:

I will be leaving early for the convention and if the members will just call the Holiday Inn with their name and the message "Cancel Reservations" for me I will be able to refund their deposit without any problems.

From our Secretary, LUCILE BRITT, Manhattan, KS:

John and I found some goodies on our recent trip to Tampa Bay; 16 WILD STRAWBERRY bowl, AQUA STRAWBERRY bowl, and the one I really like is a GREEN DEEP GRAPE FOOTED ROSEBOWL. These are usually seen in compotes and this is the first rosebowl shape known. The Tampa Bay Convention was well attended and some good glass showed up in the auction and for sale.

PAGE 11

** NEWS FROM TAMPA BAY **

The Tampa Bay Carnival Glass Club's Fourth Annual "Lose Your Heart To Carnival Glass Jamboree" was held February 7-9 and was a glowing success. Guests were present from twenty-three states, Ontario, Nova Scotia and England.

More than 70 guests attended the Hospitality room Thursday evening. It was hosted by Lily & Edward Laman, Glenn & Margret Austin, Barbara Berry and Dorothy Smith. On Friday President Arthur Smith opened the seminar with a few words about the importance of emphasizing the beauty of the glass rather than the price. Robert Lovell spoke on the "Why" and answered many questions on why this or that happened in carnival. Rovene Heaton recalled the early days of carnival collecting and Robert Vining led a discussion on punch bowls. Following a lunch break, John & Lucile Britt presented an outstanding slide show.

Friday evening 100 guests attended the banquet. Following the introduction of many club presidents and officers, Goerge Loescher spoke on rarities and whiaseies in carnival with the help of Mavis. Florence & Phillip Braham had decorated the banquet room in a valentine motif. On Saturday the huge display room was opened with 33 tables of carnival for sale. Among the items sold was a Farayard bowl. One person reported over \$3000 in sales and many topped the \$1000 mark. Over 300 outside guests visited the show. In the evening Tom Burns auctioned off some fine glass. There were 83 bidding numbers and the sale grossed more than \$20,000. The Jamboree received many compliments and Art Smith remarked "It's time to start thinking about 1986"

ARTHUR I. SMITH, TBCGC President

Editors Note: Art also included the auction results and a local newspaper clipping regarding the Jamboree. The punch set mentioned was shown in color (it is Don Moore's Aqua Opal set).

Carnival Glass Jamboree

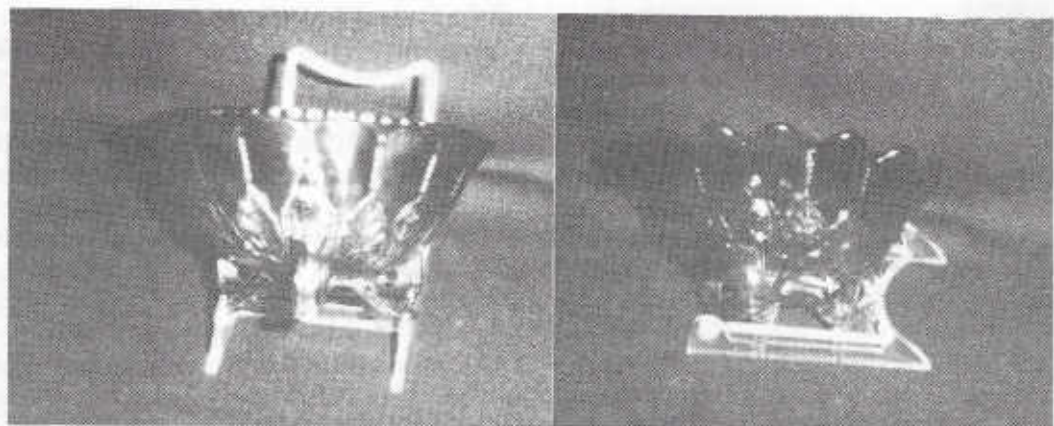

The largest collection of carnival glass ever shown in Florida will be on exhibit today from 11 a.m. to 4 p.m. at the Huntly Inn, Interstate 4 and U.S. 98. The public is invited, and there is no admission charge. All this is part of the Tampa Bay Carnival Glass Club's fourth annual "Lose Your Heart To Carnival Glass Jamboree." Carnival glass was "originally made as an imitation of the more expensive Tiffany Glass, and was origi-

nally sold in china and glass shops, department stores and general stores across America," says Arthur Smith of Lakeland, president of the club. "As the years passed, many 'lesser' or left over pieces were sold by the barrel to wholesale houses for distribution as prizes to circuses, churches, lodges and carnivals, hence its present day name." Shown above is a Northwood Acorn Burrs Punch Set, of which only one is known.

LAKELAND LEDGER

Cir. 65,000

*** RARITIES and SELDOM SEEN ***
by Ivan & Betty Mitchell

LEAF & BEADS NUT BOWLS - Northwood

Shown above are two footed nut bowls and there the similarity comes to a schreeching halt. The bowl on the right is ice green and normally would have been a rosebowl, however the scallops are turned out instead of being turned in and this makes it a nut bowl. It is 7" in diameter and 3.5" high.

The bowl on the left was made from an entirely different mold. Instead of being scalloped as the other bowl, it has a bullet rim edge and no scallop at all. The color of this bowl is amethyst, the diameter is 6.75" and the height is 3.75".

Just why Northwood would make two molds for such similar pieces is a mystery. This is one of the things that makes carnival glass so exciting and enjoyable. At any time you may run into such a situation. These bowls may not be rare but they are certainly seldom seen.

M,IB WISHBONE COLLAR BASE BOWL OR GOOD LUCK PLATE/BOWL

The H.O.A.C.G.A. Club has chosen a carnival glass bell, featuring the portrait of Harry Northwood, as our 1985 souvenir. Northwood's portrait will be a part of the mold work and it will be made from a portrait of Harry Northwood during the time he was heavily engaged in the production of carnival glass. The beautiful Circle Scroll pattern will be used as the pattern for the bell. The color will be in red and the H.O.A.C.G.A. logo and date will be on the inside of the bell. They will also contain the Fenton trademark.

This will be the first of a series we have planned that will honor the makers of our well loved carnival glass. In 1986 we plan on a bell using the portrait of Frank L. Fenton, one of the founders of the Fenton Art Glass Co.. We also plan on following with John Fenton of the Millersburg Glass Company in 1987 and on to Imperial etc..

We think that this souvenir will make a beautiful and very collectable piece of carnival glass and will also honor those responsible for the making of our favorite iridized glass. We hope that you will be as excited about these souvenirs as we are and that you will get your orders in as soon as possible. Members may order as many as you wish but please have your orders in by March 1, as they will be made soon after that and we need to know how many to have made.
