## MINUTES OF THE 1985 ANNUAL MEETING OF THE HEART OF AMERICA CARNIVAL GLASS ASSOCIATION

At 1:45 PM on April 26, 1985, President Cooley Miller welcomed all members to the 1985 convention. After greetings and a few announcements, the President called the annual meeting to order at 2:00 PM.

Diana Treff read the minutes of the 1984 Annual meeting. The minutes were approved as read. Treasurer Karen Engel gave the Fiscal Year Treasurers Report. For the period 6-1-84 to 3-31-84 total receipts were \$22,315.54, total disbursements \$12,903.16 for a net increase in the fund balance of \$9412.38. The total fund balance is \$28,848.37. The Treasurers report was accepted as read.

Souvenir Chairman John Britt gave a report on the 1985 souvenir. Lucile Britt read a letter from Elizabeth Northwood Robb expressing her gratitude to the club for sending her one of the 1985 Bell Souvenirs. Mrs. Robb is Harry Northwood's granddaughter and furnished the portrait for our bell. Notebook Chairman Robert Grisson gave a report on the Rose Bowl Inserts.

President Miller opened discussion as to the location of the 1985 convention. Most members present felt that the staff and management were certainly very cooperative. It was mentioned that the hotel was not close to many resturants, that the hotel's only source of entertainment for young children was the outdoor pool and April isn't warm enough for outdoor swimming.

President Miller introduced all present board members and each made a brief statement.

Herbert Treff reported on his findings on mailing the Bulletin at a not-for-profit rate. He also reported on hiring a firm to print and post the Bulletin. There was marked discussion on both topics.

Herbert Treff, nominating committee chairman, was called upon to begin the nominations for new Board members. He presented the following slate: President: (blank), Vice-President: Nadine Paulsen, Secretary: Glenn Fortney, Treasurer: Karen Engel, Bulletin Secretary: Marge Miller.

After the presentation of the slate, Nominating Chairman Herbert Treff opened the floor to nominations for president, those nominated were Diana Treff, Cooley Miller and Robert Grissom. Diana Treff and Cooley Miller both declined, Robert Grissom Accepted. All other nominees for the other four Board positions declined. Therefore, the 1985-86 board members are as follows:

PRESIDENT - ROBERT GRISSOM - RAYTOWN, MO VICE-PRESIDENT - NADINE PAULSON - OLATHE, KS SECRETARY - GLEN FORTNEY - BUCKNER, MO TREASURER - KAREN ENGEL - BROWNSVILLE, OR BULLETIN SECRETARY - MARGE MILLER - KANSAS CITY, MO

With no further business the meeting was adjourned until May 26, 1985. The next meeting to be at the KCI Holiday Inn, meeting to begin at 2:00 PM.

DIANA TREFF, VICE-PRESIDENT

## \*\*\* "A NOTE OF THANKS" \*\*\*

The convention is over and we are somewhat relieved!! It's always fun but a lot of work. Wilf & Ruth Nash helped me a great deal Wednesday night, Ruth wrapped all the give away gifts and Wilf delivered a lot of the miniature room arrangements. Then on Friday, Eleanor Rodenhouse and Floyde & Cecil Whitley lent their helping hands with the 24 table centerpieces we made for the banquet. After the business meeting Winnie Brim came up to help and put the finishing touches on the centerpieces. I couldn't have gotten it done without their help. THANKS A MILLION!!

MARGE MILLER

CEDAR RAPIDS ICGA CONVENTION. JUNE 19-22

Besides an auction in which many outstanding plates, advertising pieces and other rare items will be sold, Don Moore's banquet presentation on "Rare, Unusual and One of a Kind", Smokey & Betty Cloud's educational seminar on small plates and a "Show-and-Tell" time in which collectors may bring items to be identified and commented on, many of the rarest and most beautiful water sets will be displayed in one central location. The International Carnival Glass Convention will be held at the Holiday Inn Holidome in Cedar Rapids, IA from June 19-22.

The convention chairpersons, Larry Keig, 301 Union Street, Fayette, IA 52142 (319-425-4467) and Barb & Don Chaimberlain, 54 Kennedy Street, Winthrop, IA (319-935-3925), the Board of Directors and officers take this opportunity to invite all HDACGA members and others who belong to no clubs, as well as members of all other clubs, to attend. Reservations are best made by writing the Holiday Inn, 2401 Williams Blvd., Cedar Rapids, IA 52404.

\*\*\*\*\*\*\*\*\*

Thanks to all of you, near and far, for your support while I served on the Board of the HOACGA. It has been a real pleasure. I hope to again, someday, get the chance to run for office. Please support your new Board members this year, especially during the first few months of transition. My Best Wishes to Bob, Karen, Nadine, Glen and Marge.

## PICTORIAL PATTERN PARADE by John & Lucile Britt

MILLERSBURG DEEP GRAPE ROSEBOWL

The "Deep Grape" rose bowl shown above on the left is the first one ever reported in that shape to the best of our knowledge. This Millersburg piece showed up for sale at the Tampa Bay Club Jamboree in Lakeland, FL this February. It was found in the state of Ohio.

It is in green base glass with a glossy radiant iridescence. The piece stands 7 1/8" tall with a top opening of only 3 3/4". We believe this piece to be a super Millersburg rarity. It is pictured beside the square shape "Deep Grape" compote in marigold. This compote was also made in the flared out round shape.

This Millersburg pattern was produced in green, marigold, amethyst and blue. The blue example we have seen was in the round shape. This is also very beautiful and extremely rare.

PONY BOWL IN AQUA MAKER UNKNOWN FOR SURE, ATTRIBUTED TO DUGAN

It would be nice to say that this was a Dugan piece and let it go at that. However, I am a firm believer that this is a Northwood piece for the following reasons. First it has the "Greek Key" which in itself is not conclusive, the Nu-Art plates also have this.

Let us also look at the colors of marigold, amethyst, aqua (shown above), ice oreen and ice blue (I once owned an ice blue one). I do not know of any company except Northwood that made the true ice blue and true ice green. All other companies made a darker shade. I do believe this is conclusive evidence that this is Northwood. This is my belief, and I am sure you have yours. It could well be that Northwood farmed out this pattern to Dugan during busy times.

This bowl has the pony's head in silver. Color around the head extending to the Greek Key is a rust color. On the outside of the Greek Key and extending to the edge of the bowl the color is aqua and of course, the base is aqua.

These are rare and will sell in the ballpark of \$350-400. It is the only aqua piece I have ever seen, although there are probably some more out there someplace. It is a very beautiful bowl and very hard to come by. These Pony bowls are all collar based and none are footed.

## \*\* REMEMBERING FERN \*\*

We were deeply saddened to hear about Fern Waldsmiths passing on April 6th. We had been concerned over her illness for several months yet to have her go seemed such a shock. As we look back to the early days of Carnival, we recall she and Louie were always there. Many pleasant memories come to mind as we look back over the years and sad thoughts to look ahead and know there will always be a vacancy. Each Carnival friend has their own special spot in our hearts - it hurts to give one up every time.

A fond farewell, Fern. Our hearts go out to Louie as he faces the lonely days ahead. A remembrance card or note to him would help so much to brighten the dark days on a loss so hard to bear.

## >>> AN ESTATE AUCTION (((

While an estate auction will have lots of collectables, they will also usually have some carnival. One was advertised in the Antique Trader at Circleville, Ohio for April 17-18th stating over 200 pieces of carnival. We decided to check it out and so did a large number of our Carnival group including Joe Corrothers. Joe has found more rare carnival lately. He showed a marigold Gay Nineties tumbler, a plain Millersburg lamp in green, and a green Mitered Ovals vase. He surely has a nose for carnival as he sure does sniff out some rare pieces all the time.

The glassware was sold on Thursday and prices held up very well even though there was nothing special. A blue Fanciful plate brought \$275, green Good Luck bowl 190, marigold Grape & Cable perfume 250, blue Peacock @ Fountain waterset 420. We left early for home. It was quite nice to see so many of our friends and that made the trip worthwile.

GRACE & BYRON RINEHART, Charleston, WV

## EDUCATIONAL TUMBLER SERIES

by John & Lucile Britt

## DIAMOND LACE TUMBLERS in Purple, Marigold and Lavender

The popular "Diamond Lace" tumblers and water sets were produced in volume in purple. It is not any wonder that this water set was so very popular back in its production days, because it has such great beauty, super color and outstanding iridescence. This is one of the water sets where marigold pieces are considered "rare" while those in purple are plentiful. I have seen very few marigold "Diamond Lace" tumblers and only one in lavender. I have never had the priviledge of viewing a marigold water pitcher in this pattern even though I have heard rumors that several did exist. I have searched in vain for years to find a green "Diamond Lace" tumbler. Since I have seen a few pieces of the berry set in green, I have always thought that a tumbler would show up someday. None has been reported to the best of my knowledge.

I have always been convinced that "Diamond Lace" was made and iridised by Imperial. However, to this date, I have never been able to find any literature in old Imperial catalogs to actually prove they made this pattern. Some claim this to be a Heisey pattern, including the Kamm books. Collectors in the Indiana, PA area say they have good reason to believe that it was made by Dugan. Since "Diamond Lace" was such a mass produced water set and was made almost entirely in purple, while other Imperial pattern water sets were chiefly made in marigold and are scarce to rare in purple and with some sets actually not being made in purple at all, is reason enough to give a lot of thought to the maker of this pattern. Until someone can prove that it was made by another factory, I strongly lean to Imperial as the producer.

This is article \$88 in this series. Next month we will cover "Jewelled Heart", a Dugan/Diamond pattern.

## Carnival Cameos BY DONALD MOORE

## COSMOS & CANE / HEADRESS

This rosebowl raises some interesting questions. Cosmos & Cane is a U.S. Glass Company pattern while Headress (the interior pattern) is known to have been used extensively by the Ada Glass Company in Sweden. We know that glass companies here in the U.S. pirated each others patterns. Until recently, however, we didn't realize this was sometimes done by companies located in different countries. We now know that Sowerby in England copied Imperial s Scroll Embossed pattern. Evidence now points to the fact that the Riihimaki Glassworks of Finland may have copied the Four Flower, Tiger Lily and Drapery patterns. There is no reason to believe the Ada Glass Company may not have done the same thing with this Cosmos & Cane pattern. However, in this case, I feel the reverse may be true and U.S. Glass may have copied Ada's Headdress.

My reasoning for this is the fact I have seen several 7 1/2" Cosmos & Cane bowls with the Headdress interior that I am sure came from the same mold as these rosebowls and they have been found in both marigold and white. These are typical U.S. Glass Company colors for their Cosmos & Cane. As far as I know, the Ada Company produced no white. I have learned of three of these rosebowls, all are marigold. One of these sold for \$150 at the Spierling auction in 1982.

## \*\*\* NEWS FROM AIR CAPITOL \*\*\*

Our Secretary, Zona Paul, has been hospitalized with a serious heart attack. We hope she has a speedy recovery.

Rolan Kuhn gave the educational program on carnival glass made in Europe. He brought several pieces to show several different patterns. Seeing several pieces of it in different colors and patterns makes one appreciate the European glass more. I sometimes think we collectors sort of shove it into the back of the shelf or cabinet. We are all excited about our upcoming meeting in May. We will be traveling to Booker, Texas where Alnora & Dan Snell will be our hosts.

We are very impressed with the Heart Of America Carnival Glass Assoc. The newsletter is very informative and a pleasure to read. Some of the articles make me feel like I am in someone's kitchen, drinking coffee and talking about carnival glass. We would like very much to attend the convention this year but our schedule prevents it. Keep up the good work.
