### MINUTES OF THE MONTHLY H.O.A.C.G.A. MEETING IN NOVEMBER

We all met at 1:00 P.M. November 23, 1986 at the Roadway Inn, 1-435 and Metcalf for a super luncheon buffet. The food was great and the fellowship was enjoyed by all. We wish to thank Viola Shikles for the excellent job she did of making all the arrangements.

The November monthly meeting of the Heart of America Carnival Glass Association was called to order at 2:00 P.M. November 23, 1986 by President Robert Grissom.

Secretary Glen Fortney read the minutes of the last monthly meeting and they were approved as read.

Treasurer Berniece Bell gave the Treasurers' Report. It was approved as read and placed on file for audit.

President Grissom reviewed the new dues policy for those joining after January 1, and also the increased dues starting next year for foreign members, except Canada; which will be \$35.00.

President Grissom reported that Don Moore will be our Banquet Speaker next year and that Glen Fortneys' son Steve, will be videotaping all the Programs and Banquet Speech for us. These taped programs and speeches could be offered to other Clubs, at a fee; for their programs also.

Vice-President Nadine Paulsen is preparing a letter of introduction to our Club to be sent to any carnival glass collectors that do not belong to our Club. If anyone knows any collector that does not belong to our Club, please contact Nadine Paulsen.

President Grissom opened discussion on the possibility of meeting with the Wichita Club for an over-night weekend meeting, and maybe later on meeting with the Des Moines area collectors for another over-night weekend meeting. There was much discussion on this and many members felt it was a good idea. More information on this will be made available at a later date.

We were very happy to have Marge and Cooley Miller, Josephine Katowitz and also Jackie Fortney with us at our meeting. We hope everyone comes to our January meeting, as the Program will be "White Carnival Glass". Hopefully that will be the only thing white that day. Remember, there is no meeting in December, due to the holiday season.

President Grissom gave a report on the many surprises and prices at the recent Burbank, Ohio auction.

(H.O.A.C.G.A. November minutes continued)

Glen Fortney reported that we have received 6 new members by placing applications for membership in Don Moore's new book.

President Grissom reported that the lamp shade has been made for us out of the broken pieces of the green opalescent hobnail spittoon Room Display Awards. This will be auctioned off at the 1987 Convention.

The meeting was then adjourned at which time we viewed and discussed the beautiful glass brought to the meeting. Among the pieces shown were a blue Thistle banana boat, 2 marigold Poinsettia pitchers, a super marigold Stag & Holly rosebowl, green and blue Pinecone plates, amethyst Open Rose bowl, and some Millersburg Holly pieces. This was very interesting and we thank all of those who brought glass to make our meeting more enjoyable.

Our next monthly meeting will be on January 25, 1987, at 2:00 P.M., at the Raytown City Hall. Everyone please plan to attend. Hope to see you all then.

=====  
The Board of Directors of the Heart of America Carnival Glass Association; President Robert Grissom, Vice-President Nadine Paulsen, Treasurer Berneice Bell, Secretary Glen Fortney, and Bulletin Secretary Michael Basey, would like to extend to ALL members of H.O.A.C.G.A. our very best and warmest wishes for the Holiday Season and may the New Year bring happiness, peace, and prosperity to you all.

From all of us in Kansas City to all of you, we wish you a  
VERY MERRY CHRISTMAS AND A HAPPY NEW YEAR!!!

 **HOLIDAY GREETINGS**

FROM THE EDITOR.....

In the October issue of the Bulletin, I listed a new member as Mr. and Mrs. James Stonek of Omaha, Nebraska. Their name should have read Mr. and Mrs. James Stanek, Omaha, Nebraska.

I would like to apologize for this mistake and to thank the Stanek's for bringing this to my attention. This way I can also correct my records.

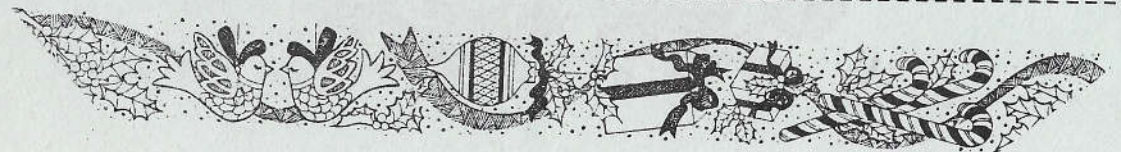

I would also like to take this opportunity to wish you all a very Merry Christmas and a joyful and healthy New Year!

Michael J. Basey  
Bulletin Secretary  
HEART OF AMERICA CARNIVAL GLASS ASSOC.

=====  
We wish to welcome the following new members to the Heart of America Carnival Glass Association:

Harold & Clare Black, Highland Park, Illinois  
Raymond & Beverly Jackson, Franklin, New York  
Darrel G. Shumake, Columbus, Kansas  
Bill Woodward, Newport, Alabama  
John & Adrienne Sousa, Doly City, California  
W. Gordon & Yvonne Haun, Battle Ground, Washington  
Roger Gladson, Glendale, Wisconsin  
Richard Quinn, Rock Spring, Georgia  
Dennis L. Harp, Howell, Michigan  
Frank J. Rentz, Los Angeles, California  
Tom Bumpass, Longview, Texas  
Earl Snelgrove, Pembroke, Ontario, Canada  
Richard & Sue Gloe, Lincoln, Nebraska  
Ray & Janice Jacob, Pennsylvania

We welcome these people to our Club and wish them much success in their search for Carnival Glass.

M E M B E R S H I P D U E S

The H.O.A.C.G.A. membership dues are being changed from \$20.00 to \$10.00 for the remainder of the 1986-87 membership year only (June 1, 1986 - May 31, 1987), effective January 1, 1987. The \$10.00 membership will not include any monthly Bulletins prior to January 1, 1987.

The practice is to send all back issues of the monthly Bulletin, if available; to those new and renewal members. It is very difficult to have enough copies of each months' Bulletin on hand in order to send to those new and renewing members, especially after several months have passed.

Therefore, it was decided to reduce the membership dues for the remainder of the membership year with the stipulation that no back monthly Bulletins past January 1, 1987 will be sent.

Also, effective June 1, 1987 dues of those overseas (foreign) collectors are changed from \$20.00 to \$35.00 per year. This change in dues does not effect the Canadian collectors. This change is necessary because of the Bulletin mailing cost..

The Bulletins are mailed A/O Air Mail Printed Matter and the average cost of mailing each overseas Bulletin is \$2.00 each. We hope this membership increase does not cause those overseas collectors to not renew, as we enjoy the association and exchange of Carnival Glass information.

Robert Grissom  
President  
HEART OF AMERICA CARNIVAL GLASS ASSOC.

LETTERS FROM OUR MEMBERS.....

Dear Mr. Basey:

We are relative newcomers to the ever increasing number of those who collect Carnival Glass, as we have only been actively collecting for the last 5 years. Only just recently did we find out about H.O.A.C.G.A. when we attended an auction last May in Holdrege, Nebraska. We met some very nice people, Art and Dorothy Snell, from Englewood, Colorado, who told us about the organization, recommended it very highly and sent us copies of the Bulletin. We are pleased to have become members and I must admit, I eagerly look forward to each new issue of the Bulletin. It is very informative and we are both learning a lot more about Carnival Glass with the educational articles featured. I also enjoy articles by the other members on how they got started collecting this beautiful glassware.

My first piece was one given to me by my Mother after I had expressed over and over through the years how much I loved the Carnival Glass that she had in her collection of antique glassware. It was a beautiful Northwood piece, a marigold compote in the Panel & Thumbprint pattern. While this is certainly not a rarity as Carnival Glass goes, it still remains one of my most favorite pieces. My second piece was one purchased by my husband as a Christmas gift - a beautiful blue Butterfly & Berry spooner. From that time on we were both caught up in the delights of collecting Carnival Glass. Now, when time and money permit, we travel to auctions or shows in our efforts to add different patterns to our collection.

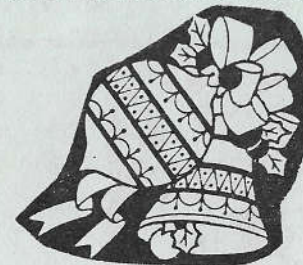

Thank you very much and we look forward to our association with the Heart of America Carnival Glass Association in the future!

Sincerely,

Joanne Stanek  
Omaha, Nebraska

(Editors note - We welcome the Staneks' to H.O.A.C.G.A. and thank them for writing to us and we wish them the very best in their search for Carnival Glass!)

LETTERS FROM OUR MEMBERS.....

Dear Mr. Basey:

I just wanted to say that we bought the video tape advertised in the October issue of H.O.A.C.G.A. and I just wanted to say that we are very pleased with it. The tape is well made and of good quality and I highly recommend it to all collectors, especially beginners.

I found Mr. Moore's presentation very informative. All I can say is that Mr. Moore is truly a gifted speaker and I could listen to him forever.

I hope other collectors will buy this tape and I hope others can be made because my wife and I feel video can play an important part in collecting.

If any member has never heard Mr. Moore's presentation, I would say this is the tape to buy. It's shot on professional 3M tape and it was copied on professional VCR's which is very surprising.

I personally want to thank the Shuperts and Donald Moore for making this tape possible.

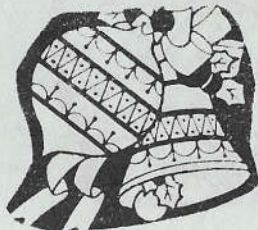

Patrick Kroll  
Chicago, Illinois

Dear Mr. Basey:

Just a note to tell you I think the Bulletin is excellent. I enjoy it very much, especially the articles by John & Lucile Britt. I have learned a lot from the Bulletin.

On mailing glass overseas, I suggest each person who is going to mail overseas to check with the Post Office, as each country has different regulations. I work at the Post Office and there is no way a clerk can remember the regulations of each country.

MORE LETTERS FROM OUR MEMBERS.....

Dear Glen:

Sorry I haven't been able to be any more active in H.O.A.C.G.A. than I have been this past year. With two little ones, one 5 and the other is 1, I don't have much spare time. I enjoy the meeting letters, they keep me in touch.

Isn't Mike doing a wonderful job? I knew he would. The colored pages are a great idea. Who knows, maybe photos in color next.

I miss all my carnival friends. Please pass on to the Board that if I can be any help to please call. I won't say no.

Tell your wife Jackie GOOD WORK TOO!!! I know what the spouse of the H.O.A.C.G.A. Secretary puts up with!

Sincerely,

Diane Treff

Dear Michael:

We appreciate the effort you are putting into the Bulletin. Each month we ask "what color comes next month?"

The organization, content and promptness are all indicative of a first-class publication. THANKS!

EDUCATIONAL TUMBLER SERIES

By John & Lucile Britt

PACIFICA - - A RARE U. S. GLASS TUMBLER

In 1982, two of these rare "Pacifica" tumblers were found by Wesley and Betty Strain of Ferguson, Missouri. This pattern is unlisted in any of the carnival glass books. The pattern was found however, in William Heacock's fine Victorian Colored Glass book #5 "U.S. Glass From A to Z" on page 162. This material was taken from old U. S. Glass catalogs, so we know it is definitely a U. S. Glass pattern. The pattern is listed only as U. S. Glass No. 6425. Starting in 1982, we searched all of the pattern glass books that we could find in order to locate the name for this pattern, but we were not able to find it anywhere. Since "Pattern No. 6425" did not make a very good name for this tumbler, we took the liberty of calling it "Pacifica".

(Pacifica tumbler continued)

(This second photo shows the opposite side of the tumbler)  
The "Pacifica" tumblers are in light marigold and are extremely rare. The two pictures in this article show both sides of the tumbler. In September of 1982, we covered this pattern in the H.O.A.C.G.A. "Pictorial Pattern Parade" as a rare find. Since that time, to the best of our knowledge, no others have ever been reported. The two known tumblers in this pattern are in the Whitley and Perry collections.

This very rare U. S. Glass pattern is the 107th tumbler that we have covered in this series. Next month we will describe two Fenton Orange Tree patterns - - one known as "Orange Tree Orchard" and the other as "Orange Tree Variet". We are going to feature both of these tumblers at the same time in order to show them to you side by side and describe the differences between the two patterns.

JOHN AND LUCILE BRITT

NORTHWOOD'S FLUTE SHERBERTS

The "N's Flute" sherberts make an interesting and very pretty collection because they come in such a variety of colors. Our favorites are shown above in blue opaque, vaseline and olive green. The blue opaque color, shown on the left, looks somewhat like blue milk glass with super iridescence. I have seen only a very few of these sherberts in that color. The vaseline example is in the center. Like the vaseline Northwood bushel basket, it is very rare. In fact, even though I know others do exist, this is the only vaseline "Northwood's Flute" sherbert that we have ever seen. On the right is the one in olive green or sometimes called russet color. This color is rather hard to locate. You see the sherbert in marigold quite often. Other colors found in this piece are green, celeste blue and amethyst. We also have one in celeste blue that is decorated with gold trim. It is quite possible that other colors exist in these sherberts including dark purple, pastel green and cobalt blue, but we have not seen any of them in those colors.

These little sherberts are  $3\frac{1}{2}$ " tall with a top opening of almost 4". The base has a diameter of  $2\frac{3}{4}$ ". The inside is perfectly smooth with an underlined "N" in the center. The trademark on this piece does not contain the circle around the "N". The outside of the sherbert contains nine panels that extend from about  $\frac{1}{2}$ " from the top on down the stem and out to the outside edge of the base. Northwood also made a much smaller piece in this pattern that is called a salt dip or nut cup. They too are very cute little pieces and make super additions to any miniature collection.

THE DIAMOND POINT ROSE BOWL

This very unusual rosebowl was one of the highlights of the 1986 A.C.G.A. Convention auction last summer. It is the only one of these that has ever been reported, to the best of my knowledge. For sure it is the only one that we have ever seen. It is quite similar in making to that of the Diamond Point basket, which is also very rare.

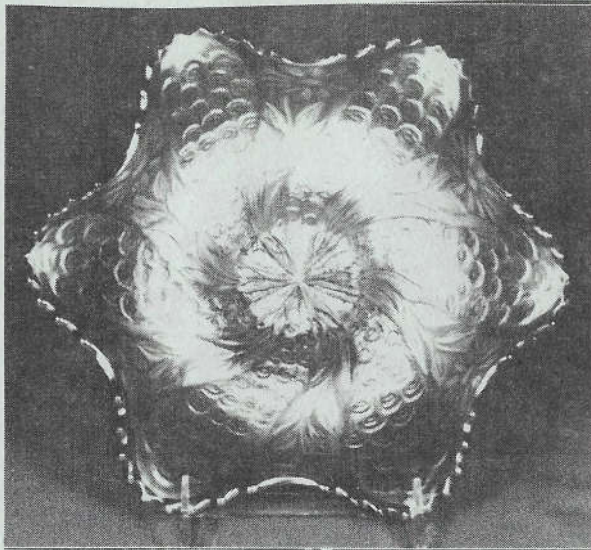

This rosebowl is  $3\frac{1}{2}$ " tall with a top opening of only  $2\frac{1}{2}$ ". The base is  $2\frac{3}{4}$ " wide and contains a 32 point rayed star on the underside. It has seven rows of diamonds that circle the bowl. Each of these diamonds contain nine tiny diamond points. The color is marigold with fine iridescence. At the present time we are unable to identify the maker. Perhaps some day we will find the answer as to what company made this piece and where. We can be sure however, that it is indeed rare and that it would make a fine addition to any rosebowl collection.

It sold for \$500.00 at the A.C.G.A. Convention auction last summer. Unfortunately, this very fine rosebowl was not found early enough to be included in the H.O.A.C.G.A. Notebook fillers on Rosebowls, but it was a part of the I.C.G.A. Convention's beautiful rosebowl display last summer.

# Carnival Cameos

BY DONALD MOORE

PEACOCK TAIL AND DAISY

This rare Westmoreland pattern is shown only in Mrs. Presznick's Book III, plate 155. The one shown is the first marigold bowl to turn up and only the third that is known in any color. It sold privately in August 1986 for \$800.00. An amethyst bowl is in the Fenton Museum and the Loeschers' in Beloit, Wisconsin own the third piece which is on super rare iridized blue milk glass.

The Westmoreland Co. owned this old mold when they went out of business two or three years ago. I have no information as to who now owns this mold. This Peacock Tail & Daisy pattern plunger was one of five different patterns that were used with the same bottom portion of the mold. Gary Levy worked at Westmoreland for a short time prior to their demise and told me of finding these five pattern plungers. The other four were Daisy Wreath, Scales, Carolina Dogwood and Smooth Rays. It would be interesting to know who bought these molds when they were sold. A number of the Westmoreland molds went to Summit Art Glass, Viking & Peletier but I have no specific information as to these five plungers.

(Peacock Tail & Daisy continued)

Before going out of business, Westmoreland reproduced a very few pieces of the Peacock Tail & Daisy for the Levay Glass Co. They were in pastel amethyst opal. Some were iridized and a few were not. Only 25 plates, 27 "double crimped" bowls and 19 "double crimped" baskets were iridized. At the same time a few pieces were also made in the same color and shape in the Daisy Wreath pattern. A few red Carnival bowls with six ruffles were made at the same time in both the Peacock Tail & Daisy as well as the Carolina Dogwood. Levay called these "Ruby Mother of Pearl". All of the pieces carry the Westmoreland logo.

To complete the picture it must be pointed out that in 1977 Fenton had a new mold made for the Carolina Dogwood bowl and offered it in both red and purple in a six ruffle bowl. These pieces have a somewhat different edge than those from the old Westmoreland mold and, of course, they carry the Fenton logo.

RARITIES AND SELDOM SEEN  
By Ivan & Betty Mitchell

Green LOTUS AND GRAPE plate - Fenton

Here is a plate that nearly always brings top dollar. In the photo is this piece in green. We also have one in blue. The blue is priced at \$500.00 and the green pictured is \$600.00, probably worth more now.

It is strange that on most pieces the bowls are low in price but extra high in plates. This green plate, as mentioned above, is \$600.00. The bowl is about \$60.00.

This comes in colors of marigold, amethyst, blue, green, white and red. Shapes are low bowls, bon bons, and rare plates. I have seen the plates in green and blue only. This bowl is rare and is a very beautiful piece. This piece is fluted on the outside edge and is very flat, as is also the bowl. Although the only bowls I have seen are ruffled and fluted.

NEWS FROM THE AIR CAPITAL CARNIVAL GLASS CLUB

We had a small turn-out for our November meeting, but what a beautiful day for those who did get out and attend!

Mark your calendar now and plan on being with us for our 1987 Convention, which will be held October 16, 17, and 18, 1987, at the Sheraton Inn West, Wichita, Kansas.

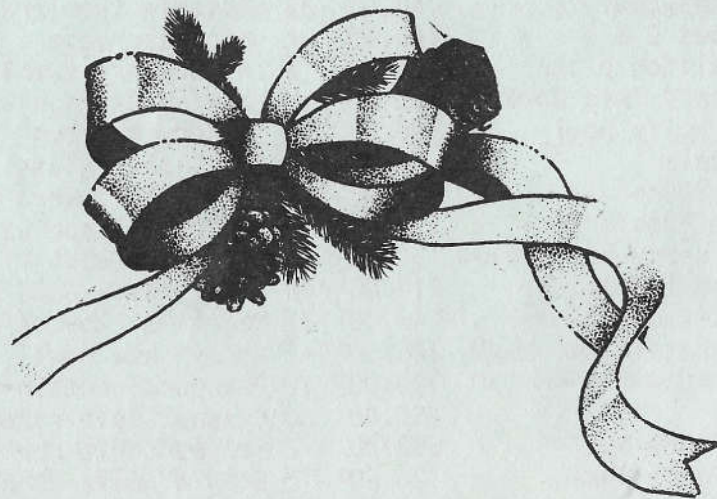

We would like for all of you to come to our December meeting, which will be held December 14, 1986. This is one of our biggest and most important meetings, as this is a covered dish meal meeting and also the election of officers.

President Spangler appointed a nominating committee of three members, Nola Guthrie, Chairperson, Walter Adrian and Winnie Brim. We are counting on them to bring us a good slate of officer candidates for 1987.

I would like to ask anyone who could, to furnish the Secretary with some news items. We all have a little interesting story to tell about our collecting. It does not have to be long, just one of those interesting stories we all have. They are all interesting and we would like to share it with everyone through our newsletters.

Donald E. Kime,  
Secretary  
AIR CAPITAL CARNIVAL GLASS CLUB

NEWS FROM THE TEXAS CARNIVAL GLASS CLUB

The Texas Carnival Glass Club changed the regular meeting date for November so members could take advantage of the First Monday Trade Days and Flea Market in Canton, Texas.

With the La Quinta Motor Inn in Tyler as a meeting place, people started gathering on Friday, October 31. For those who arrived early, Roy and Helen Bagby had Open House on Friday night so members could view their beautiful collection of Carnival Glass. Everyone left the motel early Saturday to drive the 35 miles to Canton for a day of shopping. There were a number of dealers with Carnival Glass for sale, but most prices were found to be high. However, several nice pieces were bought.

Bob and Joyce Etheredge had arranged for dinner at a restaurant close to the motel and then entertainment in their home after dinner.

On Sunday morning 34 members enjoyed a buffet breakfast preceding the Business Meeting which was presided over by President Arlen Merritt. Plans were made for the Eighth Anniversary meeting to be held in Houston in February 1987. A date will be set that will not conflict with the Lose Your Heart to Carnival Convention in Tampa, Florida.

Don Staley will make arrangements for a motel and secure a speaker for the Banquet. Tom Burns will provide glass for an Auction.

An invitation is extended to everyone and you need not be a member to attend. Details will be announced at a later date.

Secretary  
TEXAS CARNIVAL GLASS CLUB

NEWS FROM THE KEYSTONE CARNIVAL GLASS CLUB

Now that winter is here, why not start palnning a spring vacation to Camp Hill, Pennsylvania.

May 13, 14, and 15, 1987 the Keystone Carnival Glass Club will host our 4th Annual Convention at the Penn Harris Inn and Convention Center.

The festivities will consist of early registration and room visitation on Wednesday, a Tom Burns Auction on Thursday afternoon, a white elephant sale, a guest speaker and banquet on Friday, ending with breakfast on Saturday morning. There is always lots of great glass for sale in the rooms along with many very nice displays.

Reservations can be made directly to:

THE NEW ENGLAND CARNIVAL GLASS CONVENTION

It was standing room only at the New England Carnival Glas Convention, September 12. All reserved rooms were SOLD OUT!!

On the starting line-up Friday night, the Burns Auction was well attended. Members and guests had an opportunity to add to their collections. Some record prices were realized.

The Saturday show and sale boasted 25 tables of beautiful glass. Fantastic sales were reported.

A prize-winning Ice Cream Bowl display, coordinated by Eleanor Hart, carried out the Birthday theme.

The hospitality room was well stocked with goodies--from punch to nuts. All served attractively on you guessed it----CARNIVAL GLASS.

Saturday night welcomed seventy-six happy people toasting our sixth Birthday celebration. Colorful centerpieces and balloons set the festive mood.

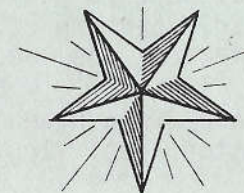

Rounding out the program, an inspiring candle lighting ceremony honoring past presidents and charter members. Tom Burns was emcee.

On center stage Helen Greguire "put the icing on the cake" and stole the show with her unique display and discussion of Carnival lighting. Members contributed lamps and shades to the Show and Tell, adding a personal touch. A Great Learning experience!

A special thanks was given to Pat and Ward Atwater of Breslau, Ontario, Canada. They have the distinguished honor of 100% perfect attendance to all our Conventions. (We must be doing something right).

I would personally like to thank each and everyone for coming, and making the Convention such an overwhelming success!

THE ELDON WATSON AUCTION

Richfield, Ohio was chosen by Tom Burns for the last Ohio auction of the year. It has proven a good site before and this time was no exception. The Watsons had collected some beautiful and rare Carnival over a twenty year period. When the brochure came out we knew it would bring a large crowd. Over 400 pieces with several rarities...such as the unlettered Courthouse, a blue Waterlily & Cattails tumbler, and a marigold custard Rose Show plate. It was worth the trip just to see them.

Auction was November 7 and 8 and as we often do, we went a day earlier for extra visiting, which we enjoyed very much; feeling it our last Ohio trip until next year. We met the Radcliffs and Heeleys at the Amith restaurant called "The Barn" at or near Wooster, Ohio. We almost like that part as well as the auction...however we can do both and don't have to choose. We met several relatives and loads of Carnival friends at early preview time. The Carnival truly was exceptional. As predicted, a large crowd was there. Well over 100 bidding numbers given out.

We feel prices held up wonderful considering so many auctions in 1986. Carnival seems to stay highly collectible year after year. Rooms at the motel too had beautiful Carnival for sale. No doubt many items were sold privately.

A surprise to have the Waterlily tumbler sell for the highest at \$2,700.00. It appears to be the only blue one known. Did hear one was in a museum somewhere but would never be for sale. This little rarity went to Mass. The Rose Show plate sold for \$2,500.00 and went to Minnesota. The Courthouse sold for \$1,100.00. Didn't notice who got it. So many good prices all along. The Hollyhock lamp at \$2,000.00. We didn't stay for the entire sale as it appeared a storm was approaching, so we left at number 346. Sure enough, we had rains almost all the way and dark quite awhile before getting home. We did hear sale grossed about \$90,000.00 so feel the owners and Tom Burns should be pleased.

We were saddened to hear that Carlton Schleede of New York was seriously ill. Dick and Phyllis Ott passed a card around for everyone to sign. We hope it cheered them up to know we all were remembering them with lots of best wishes. Carlton was President of A.C.G.A. some years back and he and his wife are one of the nicest Carnival couples. Just to hear of any Carnival friends having problems always grieves us. A card to the Schleedes from their friends would help the shut in days easier to endure. Address: Carlton Schleede, 975 Gallup Road, Spencerport, New York 14559. We will be staying close to home for the winter. Can hardly wait for spring to come.

### H.O.A.C.G.A. SOUVENIR BELL

In 1985, it was decided to make a series of 4 Souvenir Bells. Each different bell would feature a portrait of a Famous Maker of Carnival Glass. The beautiful Circle Scroll Pattern would be used as the basic pattern on each of the bells. The bells would also include the Fenton logo.

The first bell, 1985 Souvenir, has a portrait of Harry Northwood. The bell is Ruby Red Carnival. VERY FEW ARE STILL AVAILABLE.

The second bell, 1986 Souvenir, has a portrait of Frank L. Fenton, the principal founder of the Fenton Art Glass Company. This bell is made in the beautiful Lime Green Opalescent with a Marigold overspray. This bell is made in a limited quantity, approximately 350.

The 1987 bell will feature John Fenton, founder of Millersburg Glass Company. The 1988 bell will be of a prominent person of the Imperial Glass Company.

It is our belief that this series of souvenir bells will make a beautiful and collectible set of Carnival Glass Bells while honoring those responsible for the making of our favorite glass. We hope you will enjoy this series of bells.

The 1985 or 1986 Bells are \$35.00 each, plus \$2.50 shipping. *John E. Britt*
