## MINUTES OF THE MONTHLY H.O.A.C.G.A. MEETING IN JULY

At 2:00 P.M. July 26, 1987, President Robert Grissom called the monthly meeting of the Heart of America Carnival Glass Association to order. Secretary Glen Fortney read the minutes of the last monthly meeting and they were approved as read. Due to the absence of the Treasurer, no Treasurers Report was given.

President Grissom discussed the problem of trying to get all the local members back to the monthly meetings and also the need for local members help during the Convention.

We are going to have a special August meeting. We are going to meet at 10:00 A.M. Sunday August 23, 1987 at the home of Robert & Rosa Grissom to view and discuss Carnival Glass. Then we will go to the Holiday Inn across from the Sports Complex for brunch (approximately \$10.00 per person) and then we will have our monthly meeting. Further details will be provided later.

President Grissom welcomed Mr. and Mrs. York and also Mr. and Mrs. Williams to the meeting. We hope to see them again soon!

There was discussion as to possibly having our November meeting in the Des Moines, Iowa area. Mr. Williams will be checking on motel rates, etc., in that area.

Many suggestions were made as to how we can promote our Club and encourage more local people to attend our meetings. Some of the suggestions were: Place an ad in the local papers for a 1 year period. Promote a Carnival Glass Display. Have a glass swap and door prize.

After a short break, President Grissom and Harold Fortney gave the Program on Millersburg glass. Many beautiful pieces were shown and discussed, including a green Little Stars bowl, marigold Blackberry Wreath, purple Rays & Ribbons, purple Strawberry compote, purple small Holly Whirl sauce, 2 Perfection tumblers and water pitcher in purple, a green Marilyn tumbler, marigold Diamonds tumbler and two green Cherries tumblers. We thank everyone for bringing their glass. Glen Fortney showed some very nice tumblers he recently purchased from a collection in Montana.

Our next meeting will be August 23, 1987. Remember, we will meet at the home of Robert & Rosa Grissom at 10:00 A.M. and then go to brunch. We hope everyone attends!

Glen Fortney  
Secretary  
H.O.A.C.G.A.

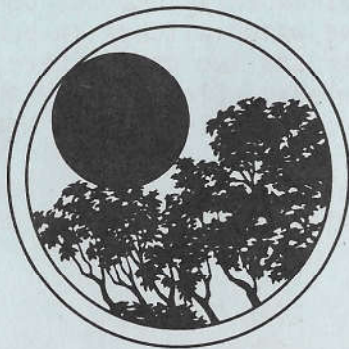

COMMENTS FROM THE EDITOR:

Just wanted all of you to know that due to our Treasurer being on vacation during the whole month of July, those of you who have renewed your membership in July will be getting your Bulletin very soon. Please be patient with us. THANKS

In the June issue of the H.O.A.C.G.A. Bulletin I stated I was doing an update of the Carnival Library. The reason for the update is that several members have written about different books and some of them were out of print. Also some members sent money for the books and it took them several months for any response. I would greatly appreciate it if anyone who advertises in the Carnival Library, would send me an updated list of these books, prices, and their current mailing address and phone number. Please furnish me with this information by the 10th of September 1987, at the address below. If I don't hear from you by then, I will have to delete your add.

I would also like to report that Sylvia Borris had surgery on her foot. She has had some trouble with it, but I am happy to report that she is doing a lot better. She's on the road to recovery now. Hope to see you soon Sylvia!

Michael J. Basey  
Bulletin Secretary

LETTERS FROM OUR MEMBERS.....

Dear Michael:

Regarding the white carnival vase that was pictured and that Leslie Martin inquired about in the July issue of the H.O.A.C.G.A. Bulletin, it is of recent manufacture.

The L. E. Smith Glass Co. made it in several carnival colors, including white, which they called Crystal Luster. Among new carnival collectors, it is referred to as a Corn Vase. If Ms. Martin will look closely on the base of her vase, I'm sure that she will see an embossed S which is the logo of the Smith Glass Co.

Interestingly enough, Imperial apparently "borrowed" this mold from L. E. Smith in the early 1970's and produced it in cobalt blue carnival (called Aurora Jewels) and used their IG logo on it. The mold was obviously returned to L. E. Smith which subsequently used it to produce other carnival colors.

Burney Talley  
Albuquerque, New Mexico

CONVENTION DATES

August 6 - 9, 1987 PACIFIC NORTHWEST CARNIVAL GLASS CONVENTION  
Holiday Inn, Eugene, Oregon, Karen Engle, President, 35292 Oak  
View Dr., Brownsville, Oregon 97327

October 16 - 17, 1987 AIR CAPITAL CARNIVAL GLASS CLUB CONVENTION  
at the Sheraton Airport Inn, Wichita, Kansas

EDUCATIONAL TUMBLER SERIES  
By John & Lucile Britt

IMPERIAL FLUTE TUMBLER

The "Imperial Flute" tumbler is the tall example that is shown above on the right. This one is not listed in Owens' tumbler book. "Flute #3" (Owens' #66) is on the left and is considerably shorter in height. Essentially these two tumblers, both made by the old Imperial Glass Corporation of Belaire, Ohio, could be called by the same name. Each one has the collar base. Both show nine flutes that go around the outside of the tumbler and both contain a sixteen point star on the bottom of their base. There is enough differences between the two tumblers however, that I think we should call them by different names. In the first place, the "Imperial Flute" is a much taller piece of glass being more of a lemonade type tumbler. It stands a full five inches tall while the "Flute #3" is of the standard table size. Secondly, the "Imperial Flute" tumbler is signed with the old German Cross mark IM|PE which is placed on the inside bottom of the base.

RI|AL

No regular "Flute #3" tumbler has ever been found with this old Imperial mark. Thirdly, the "Flute #3" is flared out at the top while the "Imperial Flute" has straight up sides.

Educational Tumbler Series continued

Fourthly, while both tumblers have the collar base and contain the same star design on the bottom, "Imperial Flute" tumblers are somewhat smaller in both these characteristics. Another difference is that while the "Imperial Flute" is found only in marigold, the "Flute #3" is known in marigold, purple, green, and very rarely in blue and aqua colors.

I might add that the Colonial Stretch pattern (Owens' #198) is also made in this same type with the nine flutes, collar base and the sixteen pointed star on the bottom of its base. These are also Imperial tumblers and are usually found in the stretch glass colors of celeste blue, white and the rare red amberina. Imperial Colonial Stretch tumblers are larger and even a little taller than the "Imperial Flute" tumblers that we feature in this article.

The "Imperial Flute" tumbler marks our 115th entry into this tumbler series. Next month we will feature the "Engraved Daisy" tumbler.

JOHN & LUCILE BRITT

PICTORIAL PATTERN PARADE

By John & Lucile Britt

ROSE GARDEN ROSE BOWLS

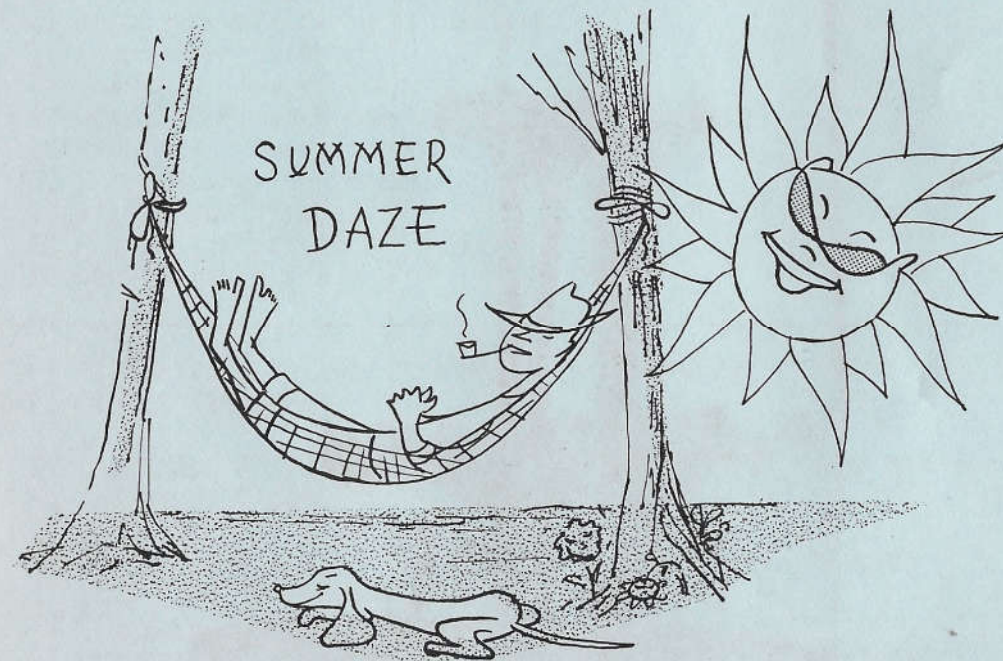

The very pretty "Rose Garden" pattern was made by the Eda Glassworks of Sweden. For many years carnival glass collectors here in the U.S. considered foreign made carnival glass as being either English or Australian. Through extensive research by such researchers and collectors as Ray Notley and Marion Quintin-Baxendale, we have found that carnival glass was produced in many other countries such as Finland, Czechoslovakia, Sweden and Argentina, just to name a few. Most of this foreign made carnival glass was produced in the 1920's and 1930's, which was much later than our American made carnival glass enjoyed its great popularity. Probably the most often seen pattern in carnival glass that was made by the Swedish Eda Glassworks is "Curved Star". It too was once thought to be English. I believe the prettiest and probably the most valuable piece that we have seen in the "Rose Garden" pattern is the milk pitcher in blue. Another very rare piece in this pattern is the butter dish. A very pretty vase has also been reported in this pattern. The only colors made by this company were marigold and blue.

Back to our featured "Rose Garden" pieces that are shown above. The small rose bowl on the left is quite small, being only 2½" tall with a top opening of 4½". The base is 2½" in diameter. The color is a good dark marigold.

Rose Garden Rose Bowls continued

The larger example, shown on the right, stands 3½" high with a base diameter of 3 ¾". This one is in a rather light blue color base glass. Both pieces have a 16 point star-like figure pressed into the bottom of their base. The little marigold "Rose Garden" example is the only piece that we have seen in this shape and color.

JOHN & LUCILE BRITT

CAN ANYONE IDENTIFY THIS?

I purchased this epergne this summer and am having trouble identifying it. It stands 15" tall, has a bronze colored base with 5 cupids engraved in it. The iridescence is beautiful. On the plate, the iridescence is on the top side only, the bottom side is green glass. It was purchased from a lady saying it was her mothers' grandmothers. Any info will be greatly appreciated. Tiffany or Loetz?

MID ATLANTIC CARNIVAL GLASS JAMBOREE

The Mid Atlantic Carnival Glass Jamboree will be held October 16, 17, & 18, 1987. The Ramada Inn, 901 Dual Highway, Hagerstown, Maryland 21740 (301-733-5100) will host the event.

The Jamboree will feature a two-day Burns Auction, starting Friday, Oct. 16 at 7:00 P.M. and continuing Saturday at 10:00 A.M. Glass will also be on display and for sale in rooms. Prizes will be given to the three top displays.

Saturday night will be topped off with a buffet Banquet at 6:30 P.M. The cost will be \$13.00 per person. Reservation must be made by October 1, contact Lee Stonebraker, 1303 Allison Dr., Rockville, Maryland. Phone number 301-762-6604.

A NEW feature this year will be a white elephant auction after the banquet. All attending are invited to bring an item. Items do not have to be Carnival Glass.

Contact the Ramada Inn by October 1 for reservations. Room rates: Single \$40.00, Double \$45.00, Triple \$50.00, plus tax. Contact Lee Stonebraker for banquet reservations or more information.
