### VITAL INFORMATION TO OUR MEMBERSHIP:

1. WE NEED YOU Starting in July, a door prize of Carnival Glass will be given to one lucky person in attendance at each monthly meeting. We hope this will encourage more members to attend. If you would enjoy a couple of hours once a month with fellow collectors, come to the next meeting. It will be worth your time and effort to attend. Bring something for Show & Tell, or your new purchases.

The Program in July will be on rose bowls, so bring any rose bowls you may have and join us at the Raytown City Hall at 2:00 P.M., on July 22, 1990 for a nice time. Out-of-town members, please call any Club officer for directions to the Raytown City Hall. MEMBERS, WE NEED YOU!

### THE BOARD

- 2. COST INCREASE Any checks received July 15, 1990 or thereafter should reflect the new prices for the Club items for sale. We are sorry to have to increase prices, but the cost of all printing and also producing the Note-Book Sections has increased, making it necessary if we are to maintain a financially sound association. All of the items are still a bargain at the new prices.
- 3. FUTURE UPDATE OF THE NOTEBOOK SECTIONS We are asking all members to send in pictures to President Grissom of pieces that have patterns not presently pictured in the Sections that have been done up to this time. Also, if you know of any corrections that should be made, we are also interested in receiving those.

When enough pictures or corrections in a Section are received to fill a sheet, an update sheet on that Section will then be done. Check your unusual pieces and see if they are in the Notebook. If not, take a picture of them and send it in so all members may know of the piece.

Thank you for your continued effort in making our Notebook complete.

4. RED TABLE FAVOR MUGS We have a few of the Red Table Favor Mugs that were made for this years' Convention. The red is a very nice red, so if you are collecting all the mugs you will not want to miss this one. They are \$12.50 each plus \$1.50 shipping and handling. See listing under Souvenirs for Sale.

### EDUCATIONAL TUMBLER SERIES

By John & Lucile Britt

PASTEL PANELS TUMBLERS

While this is certainly not an elaborate pattern, the effect of the many narrow panels on lovely pastel shades and the rainbow-type iridescence make this a most desirable tumbler for any collection of Carnival Glass.

The tumblers shown are called lemonade glasses. They range from  $4\frac{1}{2}$ " to  $4\ 3/4$ " high and flare out at the top to a full 3". The panel portion extends straight down to only 2" wide at the base. There is no pattern of any kind on the under side. Eighteen narrow panels surround the tumbler. The colors found are pastel shades of Celeste Blue and Florentine Green. A few have been reported in a darker shade of blue called Sapphire Blue. The surface is of the stretch glass type. The pattern was made by the Fenton Art Glass Company of Williamstown, West Virginia.

You would not have much trouble finding one of these tumblers for your collection and they are usually priced very reasonable. They will add color and variety to any Carnival Glass collection, and should be a "must" for the tumbler collector.

This pastel stretch glass type tumbler is number 150 in our Educational Tumbler Series. Next month we will feature the Inverted Coin Dot tumblers.

## PICTORIAL PATTERN PARADE By John & Lucile Britt

THE RIBBED PANELS MUSTARD DISH

Due to the tiny size of this piece, we believe it was probably made to contain mustard. It is actually too small for use as a jelly or mayonnaise container. The little bowl part is in a very nice marigold Carnival Glass. It is ruffled at the top, which the photo shows very well. Many ribbed panels extend from the top down to the very bottom. The base is flat and was factory ground and polished. Near the center of the bowl, a glass flange extends out from the bowl. This flange rests on part of the round metal structure and holds the glass about  $\frac{1}{4}$  inch above the table level. The metal container is of pewter type and is made to hold a tiny spoon. You can see the top of the spoon in the center of the photo. The top of the bowl is 3" wide at the widest part of the ruffles. The base is only about 1" in diameter. The artistic metal container is  $3\frac{1}{2}$ " high and  $4\frac{1}{4}$ " wide at the widest point.

Photo #2 (next page) shows this cute little piece along side two Imperial Flute toothpick holders. This will give you a better idea of its actual size. This is the only one of these that we know about, but we are sure there are others out there somewhere.

PICTORIAL PATTERN PARADE continued...

### RIBBED PANELS MUSTARD DISH WITH IMPERIAL FLUTE TOOTHPICKS IN PURPLE & GREEN

At this time, we do not know where it was made, but would guess that it is a product of one of the European countries. Regardless of where it was made, it is certainly a delightful addition to our Carnival Glass collection.

This unusual and interesting little piece of Carnival Glass marks our 138th entry into our Pictorial Pattern Parade.

JOHN & LUCILE BRITT

The above photo shows a previously unlisted "chop plate" by the Millersburg Glass Company. My wife, Carol, and I happened onto it at a flea market, recommended by John & Lucile Britt, while vacationing in Florida.

The pattern is "Trefoil Fine Cut", which is a reverse pattern found on the Many Stars and Bernheimer bowls. The only noticeable difference in this chop plate and the Many Stars bowl is the obverse diamond pattern is replicated through to the top surface of the plate. As you can see, the marigold iridescence is quite lovely and is on both the top and bottom surfaces. We had this chop plate at the H.O.A.C.G.A. Convention and Mr. Fenton referred to the iridization being applied as a "lustre" process, hope that's the correct terminology, Frank. This chop plate would have to be considered as rare, as none have previously been reported, but as often time happens, once this article appears, other plates may also begin to appear. Since we are the first to come forward with such an example, we have dubbed this as "Absentee Minnie" Stars. (Sorry Mickey).

This find should also provide encouragement to the other collectors who may think that there are no more "good finds" in Carnival Glass. Just today I found a beautiful Colonial Lady vase in marigold. I would encourage all collectors to give due consideration to all flea markets as a potential "hiding" place for many Carnival Glass treasures such as the aforementioned.

### IT CAN STILL HAPPEN

On a sunny Tuesday in May, I decided to give in to my Carnival fever and take off work. I drove over to Mobile, Alabama, about an hours drive from my house in Pensacola, Florida, on a Carnival hunting excursion.

I searched my normal hunting grounds and came up with exactly nothing. Boy, was I disappointed! I was beginning to feel the Florida heat and my conscience could not justify an hours drive and taking off work to come up empty handed! So, upon leaving the picked antique mall, I noticed a new antique shop had opened next door. I decided to check it out, after all, I had the rest of the day to hunt other areas.

Immediately after entering the building, I saw it; from across the room, siting on an open phone book on the edge of a table, waiting to fall on the floor, was an unpriced cobalt blue Carnival Glass plate. In two split seconds I crossed the room and put the plate under my arm, desperately trying to regain my breath, and slow my heart beat to normal. Not wanting the owner to see my excitement, I calmly asked the price of the plate in my arms. He replied, "I handle a lot of Carnival Glass, and that is the best piece I have ever had, I was going to put \$60.00 on it, but if you want it for \$40.00, you can have it." With both hands shaking, I immediately wrote a check for my cobalt blue Rose Show plate with gorgeous electric iridescence!!!!! I thought I would have to crawl out of the shop! I also left my name and number in hopes that he would run into some more "good pieces".

Needless to say, I stared at it all the way home, and went immediately to my good friends, the Youngs, to show it off. They really were almost as excited as I was! Of course, the blue Rose Show plate is the centerpiece, although the only Rose Show, of my collection!

I guess the moral certainly isn't to take off work to hunt Carnival, but rather good Carnival buys can still be made. The person I bought the plate from bought it in an estate sale in the attic of an old Mobile home. He made money at \$40.00, and when I am a hundred I'm sure I might make a little bit on it. So, Good Luck to all the H.O.A.C.G.A. members.

### TAMPA BAY CARNIVAL GLASS CLUB NEWS

Members attending were small in number (8), but a few important items were dispatched in an expeditious and business-like manner! First, Naomi Calkins reported that after her hopes of finding a suitable raffle prize were brought to new heights, they were "crushed when she had the opportunity to inspect the Ski-Star peach opalescent bowl....it had a few "nicks" in it and was not suitable as a raffle prize. That seems to happen more often than not these days with Carnival Glass, doesn't it? One can't be too careful when buying at flea markets, shows, garage sales, etc. I have even run into a person who told me that her husband knew how to take out nicks by grinding and had a way of "fixing it up" so that you wouldn't know it was ground. What "fixing it up" meant, I would like to know, as I am sure we all would. At any rate, Bill Tendl recommended that we all be on the look out for a new raffle prize on the premise that time is fleeting by. So, anyone out there that may be aware of a good deal that they can pass on to the Club will indeed be appreciated.. please let Naomi know.

The banner for TBCGC has been finished and is in the safekeeping of Maria Vafiadis at this time. Maria was successful in getting us "a good deal on it". remember, it is a memorial in the name of Alan Winslow of Zephr Hills, a dedicated member, donated to the Club in his memory by his gracious wife, Libby!

Bill Tendl suggested that we may be able to make a VCR tape/film suitable for use by the Club as a publicity vehicle in future jamboree advertising, membership drives, etc.

Our next meeting will be on June 24, 1990 at the home of Blanche and J. J. Williams, Eustis, Florida.

J. J. WILLIAMS

### H.O.A.C.G.A. SOUVENIR BELL SERIES

The set of five Commemorative Souvenir Bells are now complete. These bells commenorate the original Glass companies that produced the major portion of the Carnival Glass. Northwood, Fenton, Millersburg, Imperial, and Dugan. Each different bell features a portrait of the glass company founder. The Circle Scroll is used as its' pattern and it also has the Fenton logo.

The 1985 souvenir bell, commemorating the <u>Northwood Glass Co</u>. has the portrait of its' fonder, <u>Harry Northwood</u>. This bell was made in Ruby Red Carnival and is now sold out.

The 1986 bell was made in Lime Green Opalescent with a beautiful Marigold iridescence, commenorating the <u>Fenton Art Glass Co</u>. and has a portrait of its' founder, Frank L. Fenton.

The 1987 bell is Cobalt Blue, which is a rare color for the Millersburg Glass Co. The portrait on the bell is of John W. Fenton, its' founder.

The 1988 bell recognizes the <u>Imperial Glass Co.</u> and its' founder, <u>Edward Muhleman</u> and is a beautiful Marigold. The 1989 bell, the last of the Series, commemorates the <u>Dugan Glass Co.</u> The portrait is of <u>Thomas E. A. Dugan</u>, its' founder. The color of the bell is Fentons Teal Marigold.

We hope you have the complete set of these bells. If you are missing some of the Series or you have not ordered any of the bells yet, you may use the order form below:

The Souvenir Bells are \$35.00 each, plus \$2.50 shipping.
