MINUTES OF THE H.O.A.C.G.A. MONTHLY MEETING, JULY, 1991

The July, 1991 meeting of the Heart of America Carnival Glass Association was called to order at 2:00 P.M., July 28, 1991 at the Raytown City Hall by President Robert Grissom. The minutes of the June, 1991 meeting were read by Secretary Vicki Merritt and were approved as read. Our Treasurer, Doug Peters, was unable to attend, so no Treasurers Report was given.

John & Lucile Britt attended the meeting and gave us a report on the I.C.G.A. Convention in St. Louis, Missouri. Eleanor Mochel reported that the room displays were very nice. Also attending the meeting were Joe and Shirley Williams of Prairie City, Iowa.

The room rates for the motel at next years Convention will remain at \$57.00. President Grissom asked for suggestions on programs for the next Convention.

There are approximately 50 red Peacock & Dahlia plates left and approximately 20 of the Rosaline mugs left. If you haven't ordered yours, there is still time.

We took a short break for refreshments provided by Mike & Lucy Hood.

President Grissom gave the program on flowered pieces. Many beautiful pieces of glass were brought in a wide variety of patterns. The next meeting will be August 25th, 1991 at the Raytown City Hall. The program will be on animal patterns.

The meeting was then adjourned.

While at the A.C.G.A. Convention, we heard of Rosa Grissoms' death. We remember she and Bob were at our Convention only last year. Also heard about Louie Waldsmith of Vandalia, Ohio passing away. He and wife Fern were regulars at all the Conventions a few years ago. Fern died and Louie spent winters in Arizona then back to Ohio for summer.

We had just heard recently about Kitty Vining, so soon after giving up husband Bob last October. Such a lovely southern couple. It makes our hearts ache to think they are gone. We cherish their friendship and will miss each one forever.

ANOTHER DEAR FRIEND AND COLLECTOR HAS PASSED AWAY...

In June, Bob McDonald, H.O.A.C.G.A. member as well as family friend, lost his battle with cancer.

Doug and I remember conversations with Bob about his glass and many vases.

We want to express our sorrow and sympathy to his wife Judy. We have truly lost a friend as well as a dedicated member of H.O.A.C.G.A.

THE BEADED PANELS AND GRAPES TUMBLER

Here is a tumbler that is very similar to the Muscadine tumbler that was recently featured in this series. This tumbler is somewhat shorter than the Muscadine, standing $4\frac{1}{2}$ inches tall. It is $2\frac{3}{4}$ inches across the top and with a base diameter of 2 inches. The underside of the base is plain. On the outside surface of the tumbler are 3 panels featuring bunches of grapes and leaves and 3 panels that are bordered with beads. Near the top is a band of grapes and leaves that circles the tumbler. On the Muscadine tumbler, this upper band contains a series of diamonds and squares. With the exception of the height of the tumblers, this upper band is the main difference between these two tumblers.

This is a very pretty tumbler that has a good marigold color and very nice iridescence. We consider it quite rare, this being the only one that we have seen. Several examples have been reported in tumbler collections in Australia, however; which probably came into that country from India. It is quite likely that this tumbler was made in Czechoslovakia or some other country in that area. Regardless of where it was made, it would make a very nice addition to any tumbler collection.

The Beaded Panels and Grapes tumbler is our 163rd entry into this Educational Tumbler Series. Next month we will cover another pattern that we hope you will find interesting and educational.

THE MILLERSBURG TRACERY BON BON

This delicate pattern of open blossoms and beads is a departure from many of the designed that we have come to associate with the Millersburg Glass Company. This pattern was made only in the bon bon and of a rather large size. The one shown above is in the square shape and is 6 3/4 inches wide. This one is 3 inches high, but they will vary slightly in height. Some of these Tracery bonbons can be found in a round oval shape. These examples are 7 1/2 inches long and 5 1/2 inches wide. The collar base is 3 inches in diameter and the bottom of the base is completely filled with raised rays of uniform length. The outside of the bon bon carries no pattern and there are two mold lines that run the length of the handles.

The colors that we have seen used on this pattern are green and amethyst. We have found that the amethyst example is the harder of the two colors to find. While we would not rule out that this pattern was made in marigold, we have never seen one in that color. If they do exist in marigold they would be very rare. We consider any of these Millersburg Tracery bon bons as very desirable and it is only seldom that one will show up for sale.

=====

June 25 - 26, 1991: American Carnival Glass Association Convention, Parkersburg, West Virginia. A very nice location for a Convention and its proximity to the Fenton glass factory was a plus. Fenton was making a special red Carnival basket when the Convention goers toured the plant and later offered the basket for sale at the Convention. Again Tom Burns had some very good glass (from the Buster DeWitt collection) for the Convention auction. Prices reflected the quality of the glass. The marigold/custard Hearts & Flowers compote selling at \$3,700.00, the green Town Pump at \$3,350.00 and the amethyst square Farmyard bowl at \$3,250.00 were among the top items. Heard one of our veteran collectors say they saw more good glass in the rooms than they had seen at a Convention in a long time so there was plenty of opportunities to add good items to a collection.

July 6, 1991: We headed south after the A.C.G.A. Convention for Dolly's territory so had to settle for mail bids at Tom's Bath, New York sale.

July 13 - 14, 1991: Had to make a choice between Tom's Hudson, Ohio sale on Saturday and Centerville, Michigan antique show on Sunday. Went to Michigan. Centerville is always well picked over on Saturday set-up day but there was a lot of Carnival on display Sunday although not in the "can't live without" category. Saw several of our collector friends but didn't see too many with packages. Heard the attendance at Hudson was off but still some good prices with the green Peter Rabbit plate bringing \$3,200.00.

July 23 - 27, 1991: International Carnival Glass Association Convention, St. Louis, Missouri. Record attendance, lots of glass for sale in rooms, beautiful displays, heat wave broke just in time and in general a good Convention. Auction chairman Bob Lovell presented a super set of glass from Mr. and Mrs. Van De Perre for the Convention auction. The auction itself was a study in contrasts. At the start of the auction the room was so cold it was uncomfortable and the bidding just as cold. The auctioneer had to work to get the crowd bidding in the early stages. Later the room warmed up as did the bidding. There was even a contrast in the style of the two auctioneers.

It seemed to us the prices were up and down like a yo-yo. Most were very good with excellent top prices, but some were just plain ordinary for the quality of glass being sold.

Among the top items were the 3 in 1 edge Farmyard bowl at \$6,000.00 and the emerald green Rose Show plate at \$7,500.00. We went home happy with the white Cosmos and Cane table set.

AMERICAN CARNIVAL GLASS CONVENTION IN PARKERSBURG, WEST VIRGINIA

Roland and I were able to attend the American Carnival Glass Club Convention June 26-28, 1991, in Parkersburg, West Virginia. This was my first American Convention, so was anxious to attend. We left temperatures in Wichita of 100° and found it warm most of the way. The temperature was warm in West Virginia, but the humidity was not so high and it seemed much cooler to us.

I don't know how many of you have ever gone through the Pittsburgh airport, but that is an experience in itself. The people are wall to wall all the time. As we were waiting for our connection, in the mass of people, who should walk by but Foster Brooks. Looks just like he does on television. Our two-hour lay over went fairly fast as the people were interesting to watch.

As you may remember some years ago me telling of my trip to North Carolina to get the Wishbone bowl. The little crackerbox of an airplane I rode to get to my destination. Well, as we were taken on a bus out of Pittsburg to get to our plane on in to Parkersburg, what do we see but the little crackerbox again we were to take. It holds 36 people and we were jammed in like sardines. You have heard the ad on television that says "aren't you glad you used Dial", what an appropriate saying for those of us who were on that flight. This plane however, they had tightened up the bolts and screws and it did not rattle and bang quite as before. We made our trip in fine shape and had lots of fun.

Got to the motel a little late and the motel had given our room away, so we had to go just down the hill and found a place for the night. The next morning after a little hassel with the motel people, we were able to get a room with the rest of the group for the rest of the Convention. Lots of beautiful glass in the rooms for sale and to look at in the window displays. Grace Rinehart and her crew had a great Hospitality Room set up so we all gained a few pounds there. The trip to the Fenton factory was worth the whole trip. Much has been said about the factory and Museum so will not go into all of that again, but it is a must for anyone in that part of the country to go through the factory and gift shop. Mr. Fenton was at the factory and had been there for hours to see that things were going as they should. We saw lots of different glass being made and a special run of red baskets just for the Convention. They made a special type of handle to put on them so they were very special. The Fenton factory gift shop is great to brouse in. In fact, we made another trip to the shop to do some more looking and of course just had to bring home a little something from the gift shop. It is a great place to go.

Wednesday evening, at the welcome program, we were honored to hear Mr. Fenton as a guest speaker. That evening Tom had arranged to get the glass set up

AMERICAN CARNIVAL GLASS CONVENTION
continued...

so we could all have a sneak preview. Thursday we all gathered for the auction. Some super pieces of glass were being auctioned off. There were approximately 140 bidding numbers out. After the auction the Hospitality Room was open where we enjoyed all the good food, ice cream and visiting. At 7:30 P.M. Fred and Norene Andrietti were guest speakers on Fostoria Brocade. A variety of educational programs at these Conventions is always a crowd pleaser. Friday found the group attending the 10:00 A.M. Business Meeting. Afterward lots of free time, for last minute purchases until the Banquet at 6:30 P.M. We heard Dr. James Measell, Banquet Speaker, co-author of the new Northwood book. A very interesting talk on the entire life of Harry Northwood. His coming to America as an immigrant, returning to his native land and then returning back to America where he dies in 1918. Many interesting slide were presented by Dr. Measell. Not only did Harry Northwood make beautiful glass, but was an artist as well and painted a number of paintings both in oil and water color.

We saw lots of folks we seldom get to see and made the trip very enjoyable. Several folks were from Canada and some from Australia. We sat at the Banquet table with Stewart and Dorothy Coppin of Canada. Very interesting folks and we enjoyed it all.

The area around Williamstown and Parkersburg is beautiful country. The hills are covered with trees as thick as they can grow. The temperature was great while we were there so made a perfect trip for us.

We were not able to attend the last morning farewell breakfast as our plane left early. We had rented a car so we drove around the country on our free time and saw some of the shops. All of the shops back there have lots of Carnival, so made it real interesting to visit each one.

THE A. C. G. A. CONVENTION

We were glad to have the A.G.C.A. Convention at Parkersburg, West Virginia June 26-29, 1991, about 100 miles from us. We went a day early though to get settled and ready for the Fenton tour on Wednesday. Also Hospitality Room supplies to get in. Sure had a great response from over 50 members on bringing goodies and helping to serve etc. We even had ice cream twice.

We enjoyed a Fenton tour and the Museum. All free to Club members. Special thanks to all the Fentons for a time to remember. Mr. Frank Fenton also gave a wonderful talk on Wednesday night, bringing several rare Fenton pieces to show and talk about. He answered many questions too on glassware.

The auction brought everyone together on Thursday. Some beautiful Carnival found new homes. Highest item was a rare Hearts & Flowers marigold on custard compote at \$3,700.00. Do not know who has that treasure.

Lots of pretty displays. How members come up year after year with such clever ideas is fantastic. The theme this year was "Carnival Days". Eddie and Lori Radcliff won 1st with a big display titled "West Virginia State Fair, The Robert Brooks of Canada won 2nd; we were 3rd; Bob and Donna Courts of Ohio were 4th. Harold Cox of Indiana and John Rogers of North Carolina tied for 5th. So sorry we never had the opportunity to go visiting much so missed some winners. Sure appreciate each one who does this as it does take much time and thought. Wish all could have a big trophy.

Fred and Norene Andrietti brought a fabulous collection of their Fostoria Brocade. Talked and showed each piece. Just great. We all will look at it in a different way from now on. It's much scarcer to find than Carnival.

Business meeting went well. Christ and Ethel Harnish inducted into the Carnival Glass Hall of Fame. Also Sherman Hand. Next year others will go in. Dave Ackerman doing a splendid job on this. It's quite a lot of work.

Banquet was nice. Whimsey auction was good. Several vases by Louise Piper were sold. Also some paintings, quilts and afghans. After dinner speaker was Dr. James Measell who has researched deeply into Northwoods history, showing slides, etc. Very educational.

Next years Convention is to be at Lexington, Kentucky. A tour of horse farms is planned. Sounds like a great idea.

We can home on Saturday to 95° and bone dry. Now to get ready for the I.C.G.A. 25th at St. Louis.

FENTON CARNIVAL GLASS EXTRAVAGANZA WEEK-END
OUR 10TH ANNIVERSARY

DEAR CARNIVAL GLASS FRIENDS:

We would like to invite you to attend our 10th Annual Convention. The dates are October 17-20, 1991. We will be having it at the same motel as in the past 9 years, 5400 W. Kellogg, Wichita, Kansas, the Holiday Inn.

For those early birds arriving on Thursday, we will be furnishing you free, a sit down meal at the motel. This will be around 6:00 P.M. on Thursday evening.

We ask that you pre-register. This saves us a lot of time and work at the last minute.

We will have awards for 1st, 2nd and 3rd place winners for room displays again this year.

We have rooms blocked on the first and second floor, but remember there are only so many rooms on the first floor, so first come, first served. You will be dealing directly with the motel and we have a special 800 number for you to use. The number is 1-800-255-6484. Please tell them how many tables you will need when you make your reservations.

We are honored this year to have Mr. Frank Fenton as our banquet speaker. For our Friday afternoon educational program, we will be having a display of as many Fenton patterns as we can come up with. Our narrator for this program will be Mr. Richard Cinclair from Texas.

Mr. Jim Seeck will be furnishing us with the auction glass on Saturday.

Breakfast Sunday morning, F R E E .
