THE H.O.A.C.G.A. MONTHLY MEETING FOR JUNE, 1992

The June, 1992 regular monthly meeting of the Heart of America Carnival Glass Association will be on Sunday, June 28, 1992, at 2:00 P.M. at the Raytown City Hall. The program for this month will be on tumblers. Please bring any tumblers you wish to show and discuss.

The May 24, 1992 meeting was attended by 13 people and 8 different rose bowls were discussed. Lucy Hood won the door prize, which was a mist green whimsy hobnail plate with a ruffled edge. Make plans to attend the June meeting, YOU may be the lucky winner of a nice door prize!

EDUCATIONAL SERIES - BOOK II

A second book "Educational Series - Book II" is now at the printer and will be available at the Convention.

This second book will be on tumblers. It contains information on 177 different tumblers. All of these articles have previously appeared in the Heart of America Carnival Glass Association Newsletters. The articles were written for the Newsletter by John & Lucile Britt. John has reviewed and updated all of the articles within the past few months, so all information will be as current as possible.

We believe this book will be a real asset and a valuable source of information to any Carnival Glass collector. The price of this book is \$17.50, plus \$2.50, if mailed.

Dear H.O.A.C.G.A.:

What a surprise it was to have Mr. Strohm call me on Sunday morning, April 26, 1992, following the H.O.A.C.G.A. Banquet drawing and tell me I had won the Aqua Opalescent Peacocks bowl!

I told him I had never won anything before. But I had forgotten we had won \$50.00 display awards for three years in a row at the Convention. I believe it was 1988, 1989, 1990. Made us feel awful good then too.

We received the Aqua Opalescent Peacocks bowl on Wednesday, April 29. It is a very beautiful bowl with outstanding color and iridescence and arrived in perfect condition.

I want to thank you gain, Mr. Strohm, for the good job of packing and shipping, and a thanks to the person that drew my ticket at the drawing.

I had an appointment at the Mayo Clinic at Rochester, Minnesota on April 15. When we got back home I told my wife to sign the tickets and we would send them in. She did all right, but she had her name on 8 of the 12 before I told her to put my name on half of them, too late, so mine was on four and I won anyway. Ha Ha Dorothy!

We sold 226 pieces of glass on April 13, 1991 at St. Peters, Missouri.

This bowl, along with what we didn't take to sale and bought since the sale, makes the cabinets and hutches look better all the time.

Thanks again and hope to see the nice H.O.A.C.G.A. members next year!

THANK YOU AGAIN,

CHARLES & DOROTHY PROPST  
OSCEOLA, IOWA

**EDUCATIONAL SERIES BOOK II**

**NOW AVAILABLE - ORDER TODAY**

The set of five Commemorative Souvenir Bells are now complete. These bells commemorate the original Glass companies that produced the major portion of the Carnival Glass. Northwood, Fenton, Millersburg, Imperial, and Dugan. Each different bell features a portrait of the glass company founder. The Circle Scroll is used as its' pattern and it also has the Fenton logo.

The 1985 souvenir bell, commemorating the Northwood Glass Co. has the portrait of its' fonder, Harry Northwood. This bell was made in Ruby Red Carnival and is now sold out.

The 1986 bell was made in Lime Green Opalescent with a beautiful Marigold iridescence, commenorating the Fenton Art Glass Co. and has a portrait of its' founder, Frank L. Fenton.

The 1987 bell is Cobalt Blue, which is a rare color for the Millersburg Glass Co. The portrait on the bell is of John W. Fenton, its' founder.

The 1988 bell recognizes the Imperial Glass Co. and its' founder, Edward Muhle-  
man and is a beautiful Marigold. The 1989 bell, the last of the Series, comm-  
emorates the Dugan Glass Co. The portrait is of Thomas E. A. Dugan, its'  
founder. The color of the bell is Fentons Teal Marigold.

We hope you have the complete set of these bells. If you are missing some of the Series or you have not ordered any of the bells yet, you may use the order form below:

The Souvenir Bells are \$35.00 each, plus \$2.50 shipping.

PHOTO #1 UNUSUAL AND RARE FUCHSIA BON BON IN BLUE

This pretty bon bon was found by Richard and Roberta Conley of Silver Spring, Maryland. It is not listed or shown in any of the books that we have seen or read. We wish to thank the Conley's for letting us photograph this piece and add it to our Pictorial Pattern Parade series.

After considerable study of different types of flowers in many books and catalogs and with the Conley's approval, we have decided to call this pattern "Fuchsia". It looks more like that species than any other type of flowers that we are familiar with.

This piece is photographed laying on it's side. The bowl part sets on a short stemmed or footed type base. The Fuchsia bon bon was made in the same shape as Fenton's Wreath of Roses bon bon. It is so near alike that one could actually pass it by as a Wreath of Roses bon bon unless you took a better look. The Wreath of Roses bon bon is shown in color in "Fenton Glass - the First Twenty-Five Years" by William Heacock. It is #268 and is on page 54 of that very fine book on Fenton glass.

While we did not realize it at the time that we first viewed the Conley bon bon we did have a photo of one of these Fuchsia bon bons in marigold. This photo

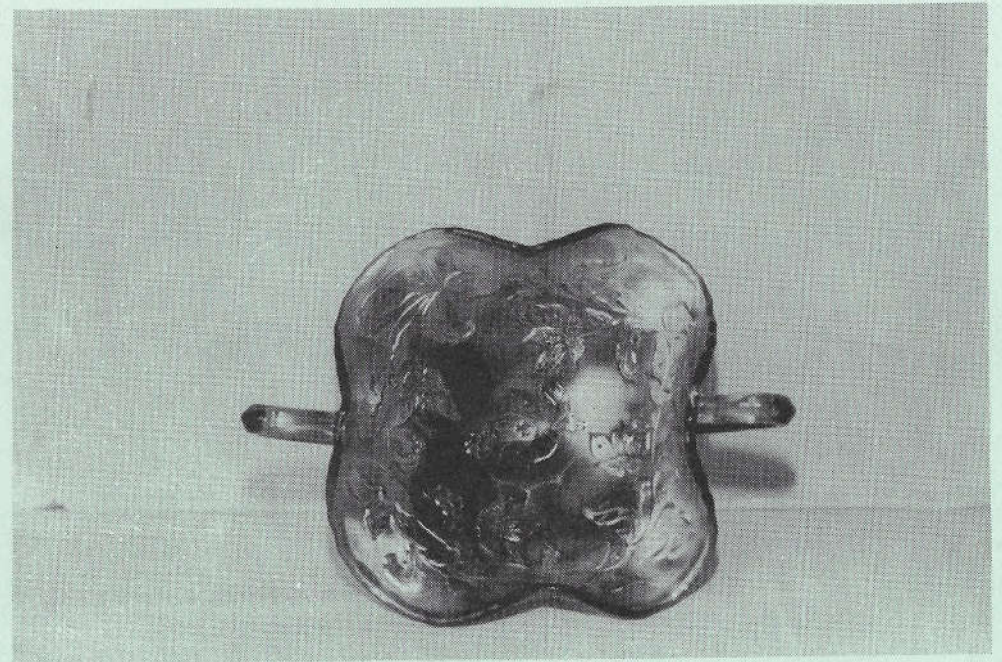

PHOTO #2 UNUSUAL AND RARE FUCHSIA BON BON IN MARIGOLD

was taken perhaps 8 to 10 years ago. It was owned by Sterling Butz, which at that time lived in Allentown, Pennsylvania. We recently tried to get in contact with Mr. Butz regarding this piece, but was unable to do so.

We are showing the marigold example in Photo #2. We are sure that you will agree that it is the same pattern as the blue example. These are the only two pieces that we know about in this pattern. We suspect that there are a few more out there somewhere, however.

Most collectors who have seen this Fuchsia bon bon believe it to have been made by Fenton. Of course, we are not completely sure at the present time, as to the maker. We would like to find out more information on this pattern, if possible. If any of you in the Allentown, Pennsylvania area know where to contact Sterling Butz, we would appreciate hearing from you. He owns, or did own at one time, the marigold example that is shown in this article.

THE FIR CONES TUMBLER

Here is a beautiful Carnival Glass tumbler that is known as Fir Cones. It is one that really took to our liking. We first heard of this tumbler when Dick & Joan Bird of Australia sent us a colored photo of it. They had found it in Australia. We fell in love with the piece from the photo and thought to ourselves - - - here is a tumbler that we would really like to own. About two years later we were able to purchase one of these that had been found in Argentina. In 1992 we were fortunate to purchase another one that was also found in that country.

In our experience of trying to research foreign made Carnival Glass, we have learned that just because a piece or pieces of Carnival Glass were found in a certain country, such as Australia or Argentina, did not necessarily mean that they were made in that country. After considerable reading and research, we found the Fir Cones pattern listed in "Carnival Glass Worldwide" by Marion Quintin-Baxendale. She shows the tumbler along with the water pitcher as #145 in her book. She reports that it was made by the Finland Riihimaki works. She reports that it was also thought to be a Kauklahti model.

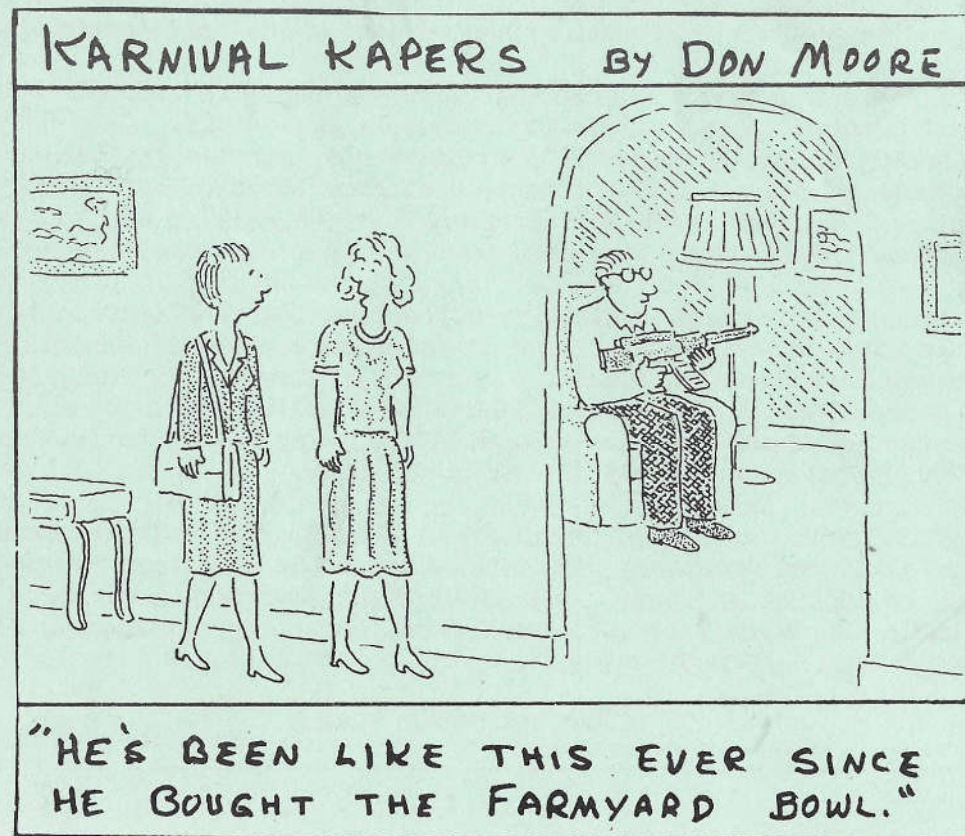

The three tumblers that we know about in this pattern are all in the cobalt

blue color. We suspect that they were also made in marigold, but have not heard of one in that color. The iridescence and color was very nice on the two that we have seen.

The Fir Cones tumbler is considerably smaller than most American made tumblers. They stand only 3 3/8 inches high. The polished base is 2 inches in diameter and is perfectly smooth. The top opening is 2 3/8 inches wide. There are 12 panels placed around the tumbler with a one inch wide band containing fir cone and leaves. This band circles the outside center of the tumbler. The shape, panels and band used with the tumbler are very similar to that found on the Band of Roses tumbler. See the H.O.A.C.G.A. tumbler book for a photo of the Band of Roses tumbler. We consider the Fir Cones tumbler as rare, beautiful and very desirable.

This Fir Cones tumbler marks our 173rd entry into our Educational Tumbler Series. We hope that you have found it interesting and educational.

JOHN & LUCILE BRITT

May 9, 1992: Burns Auction, Richfield (Cleveland), Ohio. The motel put Carnival people all in one area and many had glass for sale in their rooms. We used the Friday night preview to leisurely look over the glass and visit with friends. The visiting included a stop in Rinehart's room on "Room Glass Corridor" to help celebrate Grace's sister Ruth and Byron's birthdays with cake, etc. We won't tell which birthday Byron celebrated. It was nice and added to the festivities.

On Saturday there was some nice glass to be sold and over 90 bid numbers were issued. Talked to one person who was attending his first Burns auction and he took home four good plates. Always nice to see new faces enjoying our hobby. We went to the auction with four pieces on our "wish" list and actually bid on three of them, winning two. The highlight of the sale turned out to be the fantastic smoke colored Poppy Show vase. We reluctantly stopped bidding at \$4,000.00 and let it go to a new home in Pennsylvania.

May 21-24, 1992: Keystone Convention, Brookville, Pennsylvania. This is always a fun Convention and Chairman Denny Keck from nearby Punxsutawney, as usual, did a super job organizing the event. This very cooperative Days Inn has a good restaurant and we had a superior banquet followed by the popular white elephant sale (we laughed until our sides ached). The Hospitality Room had many goodies and was open long and often. We took a cake to help celebrate our 45th Wedding Anniversary which fell during the Convention.

It wasn't all eating and visiting because there were two outstanding educational programs conducted by knowledgeable collectors. Gary Heckenberger presented "Colors in Carnival" and had the seldom seen pieces to illustrate the various colors. Don Hamlet brought some 30 rare, rare pieces for the "Rarities" program which Tom Burns narrated. All we can say is, you should have been there. Both were well done and what a sight to see!

Tom Burns sold some good glass from the Oran Baker collection in the auction and it was well received. Proce examples were marigold Waterlily & Cattails spittoon \$2,250.00 (we thought a bargain), blue 1914 B.P.O.E. Parkersburg Elk Bell \$2,000.00, amethyst Millersburg Rosalind plate \$2,000.00, marigold squatty Tree Trunk funeral vase \$3,400.00, purple Loganberry whimsey vase \$2,200.00 and a card of 48 buttons at \$270.00.

This Convention is always on our "must attend" list. It is about right in size, at a good location, with enjoyable people and there is always some good glass to look at and buy. This years display winners were Bob & Donna Court on their "Strawberry Patch", Don & Becky Hamlet on a large colorful ice green group & Leon & Barb Spangler on a "Big Bunch of Plates".

CHUCK AND MARGE KREMER

Our April meeting was an enjoyable afternoon hosted by Ruby Pitt. We had a good turnout of members, several traveling from out-of-town locations. Also in attendance was one guest, Gary Lickver, from San Marcos, California, a member of several Carnival Glass clubs who happened to be visiting the Tampa Bay area. Several members brought glass for show & tell - some miniatures, some recent purchases. I especially liked the electric blue iridescence on the Grape & Cable piece. Ginger and I brought our 2 miniature Buzz-Saw cruets for show: one with green iridescence, and one clear, non-iridised. Both are identical from the stopper to the pontil mark, except that the clear one is not marked with "Near Cut". We've been trying to find out any information on the clear one - is it older or newer than the Carnival piece, and what is its value? We found the larger Buzz-Saw in clear too (at a different time and place from the small one). If anyone has any information on these, please contact us.

At the April business meeting, we discussed several locations for next year's Jamboree, and selected a St. Petersburg hotel - more details follow. We also discussed the possibility of incorporating the Club for various reasons, and decided to proceed with investigating this to see what it will take. We closed out the meeting with a lively white elephant auction, the proceeds helping to increase our treasury. Thanks to our hostess, Ruby Pitt for her hospitality; the food was delicious. And thanks to all who attended, hope to see you next month.

JAMBOREE PLANS:

Plans for next year's Jamboree are underway. Several suggestions for a new site were investigated and the results were discussed at our April meeting. Final decision was to finalize plans with the newly renovated Howard Johnson's in the St. Petersburg "BayWay" area, based on their excellent room rates and convention facilities. The room rare is \$46.00 (double or single) which is excellent for Florida in February. The hotels restaurant has received good reviews from local newspaper food critics, is rated one of the top 10 in the area, and is open for breakfast, lunch and dinner. The hostile lounge is geared towards an older crowd and has daily happy hour specials with free hors d'oeuvres. With 172 rooms, its large enough to accomodate us as a group and block off an area of rooms - however February is a busy month, so make your plans to attend in advance so you can join the group. (Note: All rooms have interior hallway entrances.) It has easy access to I-275, airport shuttle service for a nominal fee, and St. Pete beach, Fort DeSoto Park and Downtown St. Pete are just a short drive away. The hotel has hosted several collectors groups this past year, so not only do they have the facilities, they also have the experience to make this an enjoyable and well-run event. More details will be distributed to you as our plans are finalized.

=====

We met in Long Beach on May 17 with 36 members and guests in attendance. President Frank Rentz presided over the business portion in which a new slate of officers were elected to serve the next two years.

Judy Maxwell, Redlands, California, is the new President, Fred Roque of Bloomington, California is Vice-President, Billie Blough of Fountain Valley, California is the Secretary and Betty Robertson of Camarillo, California is to be Treasurer. Ann Staley is the new Newsletter Editor. She has a volunteer position, and along with outgoing officers, was extended warm thanks for dutiful attention to tasks at hand.

Evelyn Vander Horck gave a report on attending the Heart of America Convention last month, along with the largest contingent of California members seen there for some years.

Mollie Keith reported that the Northern California Convention will open June 18, 1992 for three days in Modesto. San Diego Newsletter Editor Cathy Roque is to be their luncheon speaker.

At the conclusion of business, I must say, the largest assemblage of various shades of blue glass any of us had ever seen, provided a most informative and educational discussion. At least 75 selections, with not more than a couple of duplicate patterns, made a beautiful display for comparison study. Ed Stalder, Robbie Robertson, Gary Lickver, Don Clark, Cathy Roque, Gail Westphall, Judy Maxwell, Kim Landry, Evelyn Vander Horck and yours truly found enough there to expound on for more than an hour!

The BLUE REALM was all there! Fenton ice blue, persian blue (3 of 4 known patterns) celeste, the varying degrees of cobalt, aqua, and what was referred to as a sapphire Two Flowers bowl, Northwood ice blue, aqua opal, cobalt, sapphire, teal, and reninger. Six different blue Millersburg pieces were admired. A couple of lovely blue Dugan bowls and some Imperial blue were also included. Ed showed us a gorgeous ice blue Fostoria Acorn compote, which most had not seen.

Meeting adjourned at 4:00 P.M., with everyone feeling more knowledgeable about "THE BLUES".
