TREASURER.....Doug Peters
3514 S.W. Jackson Street
Blue Springs, Missouri 64015
PHONE: 1-816-224-5162

SECRETARY.....Ed Kramer
4305 W. 78th Street
Prairie Village, Kansas 66208
PHONE: 1-913-642-3587

BULLETIN SECRETARY.....Jackie Fortney
Post Office Box 303
Backner, Missouri 64016
PHONE: 1-816-249-5208

The Bulletin is published the 15th of each month. Membership year is from June 1 to May 31, per couple or single. DUES ARE \$25.00 U.S. & CANADA, \$40.00 FOREIGN. All monetary figures are quoted in U.S. dollars.

Please send all items for the Bulletin, i.e. glass for sale, glass wanted, articles, information, etc., to the Bulletin Secretary, whose address appears above. Please have all Bulletin material sent to us so that we receive it by the 28th day of each month.

Please send checks for dues and books, souvenirs and other items, and any address changes to the Treasurer whose address appears above.

We thank you so much for your cooperation in these matters.

FROM THE BULLETIN SECRETARY:

First of all, Glen, Harold and I and all of the Board of Directors of the Heart of America Carnival Glass Association wish each and every one of our members a very Merry Christmas and a most prosperous New Year!

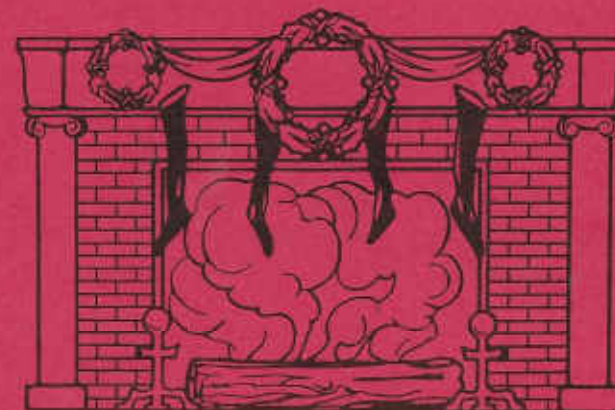

I would like to reemphasize to all the membership to send all Bulletin materials to me and not to other Club officers. If you send your material to other Club officers, this could delay publication in that months' Bulletin. However, I would like to sincerely thank everyone for sending in your for sales, wants, articles, information, etc. to us. Again, without your support we wouldn't have a newsletter. Thanks so much for your support.

If you have some last minute shopping to do for Christmas, you might consider shopping for your Carnival Glass friends and family through the Bulletin. H.O.A.C.G.A. offers many books on Carnival Glass, video tapes on Carnival Glass seminars, beautiful Club Souvenirs and Table Favor Mugs, and also very nice plate holders for sale. Any of these make excellent gifts for any Carnival Glass collector.

On a sadder note, we have learned that Jim Barker passed away on November 13, 1992 in a St. Joseph, Missouri hospital, after a 3 year battle with cancer. He was 70 years old on November 13. Our deepest sympathies, prayers and thoughts go out to the family.

Again, we wish you all the happiest Holiday Season ever!

JACKIE FORTNEY
BULLETIN SECRETARY,
H.O.A.C.G.A.

The regular H.O.A.C.G.A. monthly meeting for November, 1992 was held in Des Moines, Iowa. It was at the Best Western Motel next to the Vets Auditorium. The weather was chilly, but nice. Several people arrived on Friday, November 13 and attended the Walt Johnson Collectors Extravaganza Antique Show. Saturday November, 14 saw more people arrive and the Walt Johnson Show and antiques in West Des Moines filled the day.

A very nice Hospitality Room was provided by Joe and Shirley Williams and a lot of visiting took place along with some glass sales. The motel had a beautiful view of the Capitol Building and the river.

At 6:30 P.M. on Saturday we had a delicious buffet dinner at the motel in the Granada meeting room. Twenty-five people attended. After dinner and a brief business meeting, Tom Mordini led the discussion of the 13 unusual pieces brought by everyone. The pieces included the following:

- White Grape & Cable bowl, spatula footed
- Northwood green Grape & Cable plate, Basketweave ext.
- White Northwood Three Fruits stippled bowl, collar based
- Millersburg Bulls Eye & Loops vase in green
- Smoke large Zipper Loop lamp
- (N) Three Fruits marigold plate, Plain ext.
- Amethyst Christmas Compote
- Silver & glass epergne with 7 clear lillies with marigold petals
- Lime green (N) Grape & Cable bowl, Ribbed ext.
- (N) Embroidered Mums P.C.E. bowl in sapphire blue
- Marigold Lustre Rose fernery
- Amber Lustre Rose centerpiece bowl (flattened fernery)
- Cosmos & Cane sugar & creamer in honey amber (U.S. Glass)

Sharon Mordini won the door prize, a blue Souvenir Bell.

We thank the Williams' for their hospitality, Tom Mordini for leading the discussion, those who brought their glass, and all who attended making this an enjoyable outing for the Club.

Sunday saw everyone leaving before and after breakfast. It was a deer hunting weekend so we all had to watch for surprises from the roadside. Due to the Holiday Season, there will be no meeting for December, 1992.

ED KRAMER
SECRETARY,
H.O.A.C.G.A.

This month we will cover part three of the large Collier auction held at St. Louis, Missouri on February 6 & 7, 1976. This is the last part of this auction. For part 1 & 2, see the October & November issues of the H.O.A.C.G.A. Bulletin.

The Collier auction was one of the large Carnival Glass auctions of the 1970's. It was a super collection and was considered as one of the largest at that time.

This marks our 47th entry into this series. We hope that you have found it interesting.

JOHN & LUCILE BRITT

PICTORIAL PATTERN PARADE

By John & Lucile Britt

RARE WISTERIA VASE IN GREEN

This beautiful Northwood Wisteria vase is 10½ inches in height. It measures 5 inches across the top and 4½ inches in diameter at the base. The color is green with outstanding blue and purple iridescence on both the interior and exterior. There is a blank space on the vase where the handle was to be applied. In other words the vase was made from the water pitcher mold with the handle never applied.

We don't believe we have enough adjectives in our vocabulary to describe this beautiful piece of Carnival Glass, but we will start out by saying that it is very unusual. The main reason for it being so unusual is because the color is in green. Wisteria pieces have never turned up before in any color other than the pastel colors of white, ice blue and ice green. We have owned the Wisteria tumblers in all three pastel colors and the tankard in white and have also seen a few of the pitchers in ice blue, but to see a piece of the Wisteria pattern in green is almost unbelievable. It is also very unusual to see a vase in any pattern that was made from the water pitcher mold.

Secondly, the piece is extremely rare. Certainly it is one of the rarest pieces known in Carnival Glass. It is quite likely a one of a kind piece. Only time

continued...

will tell if another vase like this exists. No other Wisteria vases have ever been reported in any color. We might mention that we have seen a blue Panalled Dandelion vase that was made in this same manner. We have also seen one in the Floral & Grape pattern. These also are very rare.

The featured green Wisteria vase is also very beautiful. All who have ever seen this piece report it to be of super color and iridescence. We also must mention it's desirability. We are sure that every Carnival Glass collector around would like to own and enjoy this lovely piece.

This Wisteria vase was purchased by Orval and Thelma Plotts of Freeport, Ohio at a small auction in that area. Dick and Emma Tilton have taken us to the Plott's home several times over the years to view their very fine collection. In visiting with the Plotts, he told us that he once passed up an ice blue Wisteria tumbler for only \$10.00. We always have fun kidding him about that occasion. We believe he learned a lot from that experience, however, because this time he didn't pass up the Wisteria!

JOHN & LUCILE BRITT

By John & Lucile Britt

THE RAINBOW CHAMPAGNE TUMBLER

This cute little tumbler was made by the old McKee Glass Company. Rainbow was their original name for this pattern. McKee made very little iridised glass, this being the only tumbler that we know of in this pattern. A few other McKee patterns where iridescent pieces are known to exist are Aztec, Martec, Majestic, Sunbeam, Heart Band, Cuba, O'Hara and Puritan. We are sure that there are others, but these McKee patterns are some that we own or have owned over the years. A number of these pieces are signed with the PRESCUT trade mark. PRESCUT is the popular trademark of the McKee Glass Company.

The featured Rainbow champagne tumbler is shown in "The Complete Book of McKee Glass" by Sandra McPhee Stout. This is a very informative book on the history and the many patterns of McKee glass. We highly recommend it.

The Rainbow champagne glass is only 3 3/8 inches tall with a top opening of 2 1/2 inches. The base diameter is 1 3/4 inches. The base contains a twenty four point star that is pressed into the underside. The outer 1/8 inch edge of the base has been factory polished. Four side panels of a cane type design extends upward two inches from the bottom. Each of the columns are separated by a 1/2 inch wide smooth concave panel that goes upward slightly higher than the cane panels. The upper 1 3/8 inch band that goes around the top is plain

EDUCATIONAL TUMBLER SERIES

continued...

and is of a fine marigold color with nice iridescence. This top band contains the words "Souvenir of Columbus, Ohio" which has been stenciled upon it.

This small champagne tumbler is not only unusual and a rare piece of Carnival Glass, but it also fits in very well in any miniature collection.

This is #179 in our Educational Tumbler Series. Next month we will cover an Imperial tumbler that is known as Chesterfield.

JOHN & LUCILE BRITT

TEXAS CARNIVAL GLASS CLUB NEWS

The Texas Carnival Glass Club met in Tyler, Texas on October 30 through November 1, 1992, to coincide with the Canton, First Monday, Flea Market. Many members spent time in Canton on Friday before arriving at the Holiday Inn in Tyler where the meeting was to be held.

On Friday night members were invited to the homes of Bob & Faye Allaire, and Roy and Charlene Heiger to see their glass and enjoy delicious snacks. Later, back at the motel, rooms were open for visiting, with many having glass for sale.

Saturday was a day of shopping both at Canton and the nearby towns of Glade-water and Pritchett, where Texas members Frances and Ennis Jenkins have an antique shop with a large collection of Carnival Glass for sale.

At 6:30 that evening about forty members enjoyed a Buffet dinner at the motel, followed by an Open House in the home of Roy Bagby.

Sunday morning a Buffet breakfast was served, preceding the Business Meeting, presided over by President Richard Cinclair. Plans for the Convention to be held in Houston in February were finalized. The Business Meeting was followed by a "Show & Tell on Shades of Blue", with many nice examples shown.

The meeting was adjourned at 10:00 A.M.

A LOOK AT TABLE SETS

By Chuck & Marge Kremer

THE BEADED SHELL TABLE SET IN AMETHYST

This Dugan set was made in both marigold and amethyst. Amethyst is rare, but marigold is not seen every day either. The shape of the pieces in this set is certainly different. It is hard to imagine a set that was to be used every day resting on such an unsecure footing which resembles a four-toed foot extending from a stubby stem. The creamer reminds me of an awkward ugly duckling. Stretching our imagination, we might see the body of a modern broad-breasted turkey that can't fly or can hardly walk when we look at the bulging design of the sugar.

The four beaded shells that surround each piece are well done and are very attractive when the iridizing is good. A reddish to bluish hue really makes an amethyst piece in this set stand out. Unfortunately all pieces were not this well iridized. The iridization on most of the marigold pieces we have seen was above average.

We purchased our first set in 1971 and didn't get an amethyst one until the Mitchell sale in 1988. We were fortunate to find good quality sets. Don't believe we have seen enough pieces for sale to put a set together over a reasonable time period. Can't remember seeing much damage either - maybe they weren't used every day! Ivan Mitchell wrote in the June, 1986 H.O.A.C.G.A. Bulletin: "This (amethyst set) is a very desirable set and will sell in the ball park of \$600.00 to \$700.00 and will take a lot of driving and looking, unless you are lucky enough to find it at auction." This still holds true today.

This is the sixth in our series on Table Sets. The comments are our opinion and based on our experiences. We welcome your comments and additional information.

CHUCK AND MARGE KREMER

ON THE AUCTION TRAIL WITH CHUCK & MARGE

November 7, 1992: Mickey Reichel Auction, Booneville, Missouri. We were in Missouri visiting Marge's sisters and took time out to attend this sale. The glass was super clean, well displayed and had very little damage. Don't believe we saw a single piece returned because it was misrepresented.

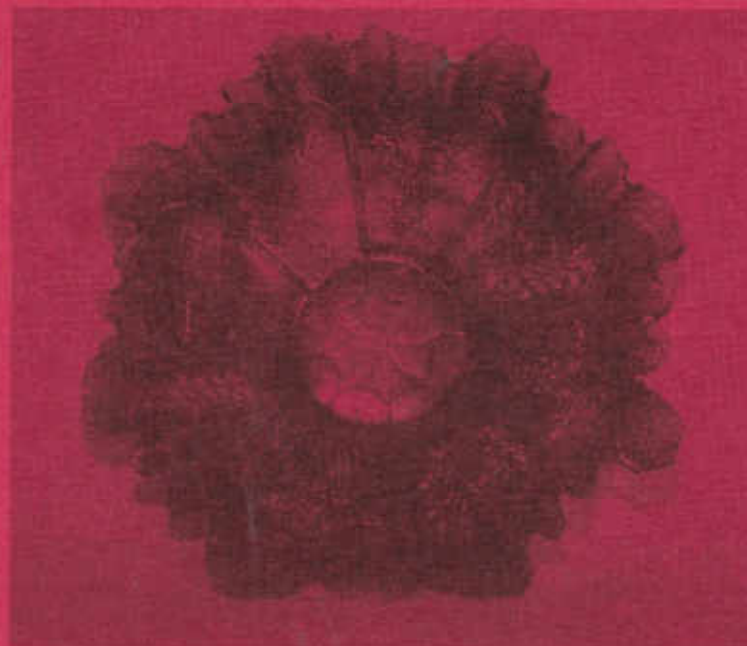

A good crowd was present and most were buyers. In our opinion there was a few too many bowls for one auction. One buyer commented, "This is my kind of sale—I did all right!" Even though there was some 400 pieces, the sale was snappy and Mickey had no problem moving the glass. We saw several out-of-state buyers, but as usual in Booneville, several local buyers were present which helped.

Mickey invited all to return in January for another Carnival Glass auction. 530 miles in January—we'll see.

CHUCK AND MARGE KREMER

MORDINI'S 1992 CARNIVAL GLASS AUCTION PRICE REPORT TO BE AVAILABLE SOON!

The 1992 Mordini Carnival Glass Auction Price Report for auctions held during 1992 will be available for mailing late in December, 1992. Single copy is \$9.00 including postage, order 2 or more copies and the price is \$8.00 each. Order direct from Tom & Sharon Mordini, 36 N. Mernitz Ave., Freeport, Illinois 61032.

GREEN PEACOCK & GRAPE COLLAR BASED BOWL WITH CANDY RIBBON EDGE

This article will cover the last primary color in the Peacock & Grape pattern, which is green.

The availability of the green pieces in the various shapes is more limited than any of the other primary colors (marigold, amethyst or blue). No green pieces in the nut bowl shape, candy ribbon edge or collar based plate have been reported to date.

The spatula footed pieces seem to be more available in green than in cobalt blue or amethyst. Collar based plates in green have not been reported. It would be a very good find to walk into an antique shop or an auction and see one of these setting on a table.

The iridescence on the green pieces is usually very good to excellent.

On the following page we are providing the availability of pieces made in green. If anyone has any information on the following unreported pieces, we would be most happy to hear from you.

Shapes and availability of green pieces are as indicated:

<u>SHAPE</u>	<u>COLLAR BASED</u>	<u>SPATULA FOOTED</u>

ROBERT GRISSOM
HAROLD FORTNEY

Recently while looking at some glass at a local swap meet, I noticed a Carnival Glass compote in green glass. After looking at the pattern, I couldn't quite identify it, so I passed it by.

After going home and doing a little research, I found the pattern to be Northwood's Near Cut.

After grumbling at myself for letting the compote go by, I thought that would be the end of it.

Two weeks later I decided to go back to the same swap meet and lo and behold there was that same compote. Needless to say, I bought it up in a hurry.

As far as I know there aren't any pieces reported in this color. Let's hear from anyone who might know of another.

BOB & AGGIE NATALI
FRESNO, CALIFORNIA

PEACOCK TAIL PATTERN DELMAR GARDENS ADVERTISING BOWL

From 1903 to 1910, Delmar Gardens was the feature attraction in Oklahoma City. It covered 140 acres and contained an amusement park, 1,200 seat outdoor theatre, scenic railway, dance hall, beer gardens, swimming pool, baseball park and race track.

After it closed and was torn down, a public market was built on the site, including a three story building which contained a gymnasium and boxing arena.

Today some of the surrounding buildings still sell vegetables, fruits, flowers, nuts, etc. The three story building, and the rest of the surrounding buildings are filled with antique shops. A Carnival Glass souvenir bowl was made in the Peacock Tail pattern with Delmar Garden on the base. I have seen 5 of these bowls. 4 of them were for sale in the antique shops on the site of the former Delmar Gardens. I have one that I purchased from Texas. The ones for sale in the antique shops had price tags of \$250.00 - \$295.00.

I would be interested in knowing if there are more of these, and if they are rare enough to bring this price.

Lee E. Briix
Rt. #1, Box 68
Hennessey, OK 73742
