PICTORIAL PATTERN PARADE

By John & Lucile Britt

DEMITASSE CUPS & SAUCERS IN THE IRIS & HERRINGBONE PATTERN

It is rather surprising to us, as long as we have been collecting Carnival Glass, that we never seen or heard of these little iridescent demitasse cups and saucers until June of 1993. We had seen several crystal examples, but never any with color or iridescence. We were also surprised that this pattern was produced in colors other than marigold or crystal.

While attending the Bacon auction at Richfield, Ohio, we were told by Diane Fry of California that these rare little pieces were coming up at the Northern California Carnival Glass Club auction. Since we collect miniatures, she thought that we might be interested in them. Of course we were interested and quickly sent in our bid to the auctioneer. We were lucky enough to get examples in three different colors.

In the above photo, they are shown in lavender, marigold and blue. Examples were also made in a rose or ruby type color. We think that these demitasse cups & saucers are very pretty little pieces of iridescent glass and are indeed very rare. The saucers are 4¼" wide and set about ½" high from the table top. The tiny cups are 2¼" high with a top opening of 2¼". The base is 1 5/8" in diameter. We would like to thank David Doty for providing the photo used in this article.

The featured demitasse cups & saucers marks our 193rd entry into the Pictorial Pattern Parade. Next month we will cover another pattern that we believe you will find interesting.

ROSE SPRAY COMPOTE

This small compote made by Fenton is presented to us in at least a couple of shapes. In addition to the graceful jack-in-the-pulpit shown in this picture, once in a while, the sherbet type makes an appearance.

The design, which appears in the upper edge becomes stretched a bit thin when the jack-in-the-pulpit is formed, whereas, it remains quite distinct in the sherbet.

These little gems do not surface very often in any color, making it difficult to determine which is the more difficult to obtain. Certainly, the pattern can be termed scarce to rare, however, by today's standards, the price never seems to be out of line.

None are listed in the Auction Guide for 1992. Three sold at auction during 1993, all being the J.I.P. shape. The ice blue brought \$180.00. The ice green \$175.00 and the white \$95.00. This is surely a nice addition to any collection, and one you may enjoy looking for. We have seen this compote in a beautiful marigold, as well. The height varies according to the edge treatment, but is roughly 5". The sherbet shape is approximately 3½" across the top.

A LOOK AT TABLE SETS
BY CHUCK & MARGE KREMER

THE ORANGE TREE BREAKFAST SET

In the August, 1993 H.O.A.C.G.A. Bulletin we pictured and four piece "Footed" Orange Tree table set, as it is sometimes called. Now we are showing the Orange Tree breakfast set. This is a Fenton product and was made in marigold, amethyst, green and white. There are several differences in the sets, but the most noticeable is the absence of the "leaf bracket" feet, as Mrs. Hartung called them, on the breakfast set. Like most breakfast sets it is a two piece set and each piece is smaller than its four piece big brothers. For example, the breakfast creamer is 3 1/4" tall while the regular creamer is 4 3/4" tall and their shapes are quite different. The sugar has handles and no lid or cover (there is no lid for the cover to rest on). Both pieces in this set have collar bases.

Since there are no sharp protruding feet to become damaged apparently most breakfast sets pieces have survived in good condition. Prices are usually lower than their footed counterparts. The white breakfast set is more plentiful than the elusive footed white table set, but more scarce than the other three colors.

This is #30 in our Series on Table Sets.

AIR CAPITOL CONVENTION

It was last December when I received the invitation to speak at the Air Capitol Convention. What a great surprise! I was pleased to accept. This would be my first opportunity to show all the Dragons. It was time to get things packed and take off. Boy, how time flies. I had so much help and support. Diane and Dean Fry made two beautiful Chinese display lanterns for each end of the display. They also lent me the use of their shelves and cloths. You never realize how much you need and how long it takes to set up and take down glass displays until you do it. Jack Hamilton agreed to video tape the program for this convention. The hotel people were helpful and so cooperative, also. In fact everyone was so willing to help if needed. Thanks to all of you!

Jim and I arrived on Wednesday and there were already three or four couples there. Thursday everyone started arriving. We enjoyed visiting with old acquaintances. We don't get to see some of you often enough. You live too far away! The biggest surprise was Gerry and Jack Brown, we appreciated their making this Convention. AND I didn't mention them at the Banquet AND I apologize. It has been about eight years ago that I first met Gerry. Jack came to fish and Gerry came over to welcome to the new San Diego Club. There are great people and we enjoy their friendship. Thursday evening everyone had a free meal compliments of Air Capitol Club and it was delicious. Roland made homemade ice cream (yummy) and Keith and Nola Schmoker furnished chocolate cake (it melts in your mough). I heard they've been doing this since the first Convention.

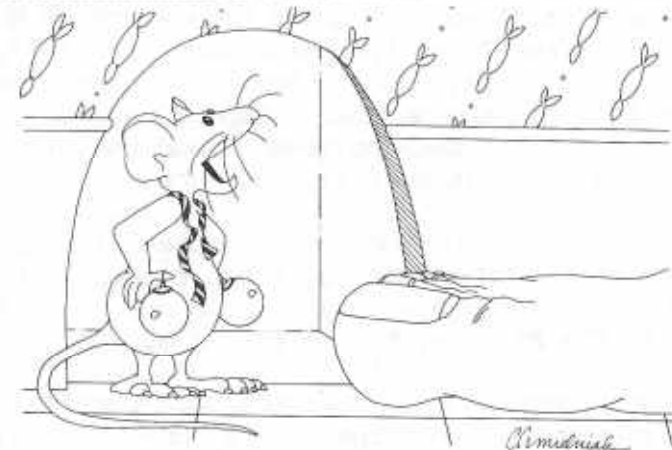

Friday morning we had a caravan to visit Roland and Don's new house. It's so beautiful out there. Great big yard and big house full of Carnival Glass. I'm going back because I didn't get to see everything. I stood in one spot in the front room for at least twenty minutes and still didn't see all the glass on those shelves. Next on the tour was Keight and Nola's new home. They also have a beautiful house and full of Carnival. They have it everywhere. I loved the plates in the kitchen! Then more Carnival is displayed in the basement. Wouldn't it be fun to shop in just those two houses! You have the chance to see glass that's found only in collections. What fun! Then back to the hotel. The hospitality room was open and our HATS OFF TO THOSE SUPER COOKS! EVERYTHING was fantastic and there was SO MUCH. I felt like the proverbial kid in the candy shop. Then off to the Northwood program at 4:00. Richard Cinclair did a great job. I found out his secret about remembering pattern names. Many unusual and beautiful Northwood pieces were displayed. You always learn something from these educational programs. Friday evening the big preview of the auction glass. THEN the midnight auction at 9:00. Those involved in the auctioning could go to the Comedy Club and be a big hit. I hope they don't start charging admission. If laughing is healthy we should all be in tip top shape. SOME DAY I'm going to learn, when they say IT'S GOING TO SELL - BID! Some gorgeous glass found new homes.

Air Capitol Convention
continued...

Saturday morning more preview before the auction. Then at 10:00 the auction. It was well attended. They sure know how to auction that glass off in a hurry. They did a good job!

Saturday afternoon and time to set up the Dragon display. Don, Roland, Dean and Jim got everything ready. Thank you all! It would take forever with no help. Dean and Don helped me put the Dragons on the shelves. It took awhile but we finally got it just right. Time for the banquet. We had a tasty meal, but I was probably more nervous than hungry. Don started the program. There were several donated handmade items and more auctioned off by Jim Seek and Mickey Reichel. All proceeds went to the Air Capitol treasury. THEN the big drawing to see who the lucky winner of the AQUA OPAL COMPOTE would be! The winner was in attendance and also a new member of the Air Capitol Club. What a THRILL! Oh, well, maybe next time. At last the moment had arrived. Time for the "Dynamic Duo" - Dragon and Lotus. I hope everyone enjoyed the program. It was a thrill even for me to see all those Dragon and Lotus together I don't have enough space to display all of them together at home. Everyone tells me you always forget something you wanted to impart and I'm no exception. There were 84 Dragon and Lotus displayed plus 1 Dragon and Strawberry. They represented 32 colors. Thanks to the club for letting me share, and for the wonderful reception from the audience. It was a marvelous experience. Sunday morning breakfast at 7:00 by the Air Capitol Club. Everyone said their goodbyes till next time. Hope you all had a safe trip home. Ya'll come next years.

ON THE AUCTION TRAIL WITH CHUCK & MARGE

NOVEMBER 4-5, 1994: Burns Auction Service held an auction in conjunction with the Great Lakes Carnival Glass Club's "Glass Bash". The Richards team cried most of the sale and moved it right along. It was good to have Bill Richards fully participating again. As usual the top end glass sold itself, but this was not the time or place to sell the low end glass. Too bad there weren't more dealers there for those that were had a "field day".

While not the highest selling items, we liked the amethyst Perfection tumbler at \$225.00, the amethyst Orange Tree plate at \$1,550.00, the amethyst Concord plate at \$2,000.00 and the amethyst Birmingham Age Herald bowls (ice cream shape and six ruffled) at \$1,600.00 each. We couldn't resist the amethyst Grape & Cable covered sugar with the unusual shape of the top edge flutes so we added it to our collection.

This "Glass Bash" is a relatively small convention, but they went all out and the hospitality was great.

NOVEMBER 11-12, 1994: Gary Cooper with Herb and Dave Albrecht sold another portion of the Sam and Earleen Wolfe collection at the Comfort Inn in Waterford, Michigan. There were buyers there from Florida, California and several states in between plus Canada and England. The first couple we saw when we arrived was our H.O.A.C.G.A. President Bob Grissom and wife Imogene. As usual they rolled out the red carpet at the preview and some of us did more eating and visiting than looking. The Friday sale session lasted less than two hours and we then were visiting again.

The Friday session was probably "dealers night" and a couple took their share. Saturday morning saw the arrival of several more collectors and the competition and prices went up a notch or two. A mail bid took the \$2,250.00 red Dragon and Lotus 9" ruffled bowl and a nice amethyst Holly plate brought \$750.00. The 13" high Tree Trunk (Elephant foot) funeral vase stirred up the interest and stopped at \$2,000.00. Again there were several Hanson pieces in this auction. In the unusual category there was the marigold "Gem Dandy" butter churn that brought \$500.00 and the Booker pattern cider pitcher at \$600.00 and 4 tumblers at \$170.00 each.

The tables of glass at a C-A auction are decorated with plants or flowers that are given away at a random drawing of bid numbers--this time they had poinsettias. Also the Wolf's gave away wreaths and a couple of I.C.G.A. souvenir plates. What a nice way to top out an auction.

NOVEMBER 24-25, 1994: Burns Auction Service sold Carnival and Victorian Colored Pattern Glass at the Lenox Inn in a suburb of Columbus, Ohio. The Lenox Inn was a new location for a Burns auction--we liked the facilities and the weather was perfect. What a difference three weeks made! The Car-

On the Auction Trail with Chuck & Marge continued...

nival Glass portion of this sale was a breeze compared to the early November sale in Michigan. Tom had a lot of mail bidders for this one and they got a few pieces, but the large crowd was there to buy. We thought prices were good and Tom appeared happy--he had a big smile on his face throughout the auction. "Young Bill" and Randy Smith cried the sale and did a very good job--they work well together.

There were about 15 Australian pieces sold and one buyer took most of them. We liked the amethyst Heavy Grape chop plate that a mail bidder got for \$700.00. The ice green opal Rose Show plate at \$11,000.00, was a beauty as was the ice green Peacock at the Urn master ice cream bowl at \$1,550.00. The aqua/teal Corn Vase sold for \$1,450.00 and the well matched green Doudle Star water set brought \$825.00.

The big Scott Antique and Collectibles Show was at the Ohio State Fairgrounds and several people spent Friday there before attending this auction. Good timing, Tom.

This was probably the last Carnival Glass sale of the season, but we have already penciled-in on our calander several early sales for next year. Looks like 1995 will get a very fast "Carnival" start.

IMPERIAL TIGER LILY IN TRUE AMBER

We wrote about Imperial's Tiger Lily tumblers and the European copy called Tiger Lily Variet in September, 1979. Since that time there has been a few important changes to report in these patterns. Colors provide the most important changes. In the Imperial Tiger Lily tumbler we can add another color to the list reported in our 1979 article. Two very pretty and rare amber Tiger Lily tumblers are now known to exist. One of them is illustrated in the above photo.

There is no doubt about the color. They are beautiful dark amber, as good as any amber color that we have ever seen. In our opinion, Imperial made the best amber in Carnival Glass. These two amber Tiger Lily tumblers were found in the last eighteen months. Otherwise the Tiger Lily tumbler colors are about like they were reported in 1979 - - common in marigold and helios green - quite hard to find in purple, olive green and aqua. Clambroth and pastel marigold colors have been reported and the few blue examples are still rated as rare. We would like to class the two amber tumblers as very desirable and certainly rare. You might want to look for one of these in your Carnival Glass hunting trips.

The foreign made copy, known as Tiger Lily Variet, also should be updated. It is shown in the photo on the next page in both marigold and blue. We once

TIGER LILY VARIET IN MARIGOLD AND BLUE

considered the blue Tiger Lily Variet tumblers as very rare. For many years we owned the only one ever reported in America. In the last few years, however, a good many Tiger Lioly Variet tumblers in blue have found there way into the U.S.A. from Argentina. Today they are not all that hard to find and will sell for a lot lower price than they once did. We also have seen blue water pitchers in this pattern. We ould also like to report that two mari-gold tumblers in the Variet have been found. You might remember that in our 1979 article, we wrote that we suspected that marigold tumblers might exist. This opinion turned out to be true. These two examples are the only ones ever reported in marigold, however.

This article is #203 in our Educational Tumbler Series. Next month we will feature the pretty little Star Rosette tumbler.

A PEEK INTO THE PAST -- IN CARNIVAL GLASS

BY JOHN & LUCILE BRITT

In this issue of the "Peek Into the Past" we will cover the Herbert & Eva Cannon auction from Iowa. The auction was held at Des Moines, Iowa on April 15, 1972. Many of the pieces sold at record prices at that time. The auction was attended by approximately 200 people representing 22 states from California to New York and Texas to Minnesota. The auction was conducted by John Woody. John and Gene Harris did the auctioneering. Prices received for the glass are presented here.

The 1995 Carnival Glass Appointment Book

The 1995 Carnival Glass Appointment Calendar is now available. It features more than 65 new full-color photographs of unusual and seldom-seen pieces of Carnival—pieces that few of us ever have an opportunity to see.

The photos were either taken at auction or are from some of the finest collections in the US. The photos are larger than appear in most books and were especially selected and prepared to show extraordinary detail.

The Carnival glass shown in the appointment book includes plates, bowls, nappies, rosebowls, compotes, spittoons, bonbons, punch bowls, table sets, vases, pitchers, and whimsies. Many are one-of-a kind pieces or are extremely rare.

At 5 1/2 inches square, the book is small enough to

keep in pocket or purse, but large enough to use as a desk calendar. In addition to the calendar pages,

there is a page for adding relevant notes and an index with more information about each piece.

Last year's calendar received a merit award for most original calendar from the Calendar Marketing Association. Many collectors found the 1994 calendar a unique gift for even their non-Carnival friends.

Dues: U.S. & Canada, Couple or Single..... \$25.00
Foreign..... \$40.00

All monetary figures quoted are in U.S. dollars.

Make all checks payable to H.O.A.C.G.A. and send them to the Secretary, whose name and address appears on the inside front cover of this newsletter.

Send all items for the Bulletin, i.e. glass for sale, glass wanted, articles, information, etc., to the Bulletin Secretary, whose name and address appears on the inside front cover of this newsletter.

The Heart of America Carnival Glass Association is initiating a membership drive. This contest started in the October •Carnival Glass Month• and will end on March 31, 1995. The growth and longevity of our hobby is dependent on our ability to promote the hobby and encourage new members to join us in the collecting of carnival glass.

The member who signs up the most new members by March 31, 1995, will be awarded a \$200.00 Savings Bond. A membership application with a place to list the member who referred the new member to join will be in the bulletin each month of the contest. If you know of a potential new member, give them the membership application and sign them up!

The contest winner will be announced at the April Convention.

Good Luck in your hunt for new members.

H.O.A.C.G.A. - CLUB INFORMATION

The purpose of the Heart of America Carnival Glass Association is to promote the growth and continuation of the Carnival Glass collecting hobby and to provide support to the many collectors by providing current information about the hobby.

Growth is accomplished by supplying educational information for the collector and soliciting new collectors into the hobby.

A convention is held annually in April (Convention date always includes the 4th Friday). Some of the activities provided at the convention are:

- * Members provide Room Displays with glass from their collection.
- * Members are encouraged to bring glass for Sale.
- * Educational Seminars are provided by members.
- * A Major Carnival Glass Auction is provided.
- * The Convention offers members an opportunity to meet new collectors, renew old friendships and enjoy discussing carnival glass with other knowledgeable collectors.
- * A banquet is held with a Carnival Collector as out Speaker.
- * A Hospitality time is provided by the club. This is a time of relaxation and enjoy visiting with other members.

It takes the support of all collectors and members to promote the hobby in order that its growth and expansion can continue.

In order to obtain our objective, the members must financially support the organization. The Heart of America Carnival Glass Association receives its financial support through the Annual Membership dues and the sale of the following.

* **Membership Dues** - \$25.00 per year - U.S. & Canada. \$40.00 per year for Foreign. The Membership Year is from the date of joining to one year later. Dues are set by the Board of Directors to support the publication of the monthly bulletin, typing, printing and mailing.

* **Educational Series - Book I** - 148 articles with pictures (black and white) on a variety of Carnival Glass Patterns.

* **Educational Series - Book II** - 180 articles with pictures (black and white) of Carnival Glass Tumblers

* **Hartung Carnival Glass Pattern Books** - A set of 10 books identifying Carnival Glass Patterns. These books are a must for all Carnival Glass Collectors, especially for the beginner. These are the only complete set of books available that identifies the majority of the carnival glass patterns.

* **Pattern Notebook** - A notebook containing sections on Mugs, Table Sets, Rose Bowls, Watersets (including painted sets), Plates (small, regular & chop), and Compotes (large, regular & small). Each section of the notebook identifies each pattern with a colored picture along with information about the Maker and colors of each different pattern.

* **Souvenirs** - Periodically H.O.A.C.G.A. makes a souvenir to be sold to members. Souvenirs have been made since 1974, a few of these are presently available. They are the small "Peacock and Dahlia" and "Good Luck" plates in ruby red, the "Green Opalescent - Fenton", "Cobalt - Millersburg", "Marigold - Imperial", and "Teal - Dugan" Bells. Each year that Souvenirs were made, Whimseys were also made and sold at the convention banquet.

* **Video Tapes** - Video Tapes of educational programs given during the various conventions are available. A complete listing of the available video tapes are shown on the Order Form, which is part of this section of the Bulletin.

COMMERATIVE BELL SERIES

A set of five Commerative Souvenir Bells were made from 1985 to 1989. These bells commerate the Glass companies that produced the major portion of the Carnival Glass, Northwood, Fenton, Millersburg, Imperial and Dugan. Each different bell features a portrait of the glass company founder. The Circle Scroll is used as its pattern.

The 1985 souvenir bell commerating the Northwood Glass Company has the portrait of its founder, Harry Northwood. This bell made in Ruby Red carnival is now sold out.

The 1986 bell made in Lime green Opalescent with a beautiful Marigold iridescence, commerates The Fenton Art Glass Company and has a portrait of its founder Frank L. Fenton.

The 1987 bell is Cobalt Blue, which is a rare color for the Millersburg Glass Company, The portrait on the bell is of John W. Fenton, its founder.

The 1988 bell recognizes the Imperial Glass Company and its founder, Edward Muhleman, and is a beautiful Marigold.

The 1989 bell, the last of the series, commerates the Dugan Glass Company. The portrait is of Thomas E.A. Dugan, its founder. The color of the bell is Teal Marigold.

These bells are often seen in Auctions, Antique Shops and Flea Markets for \$70 to \$80 dollars. If you have observed lately at some of the auctions many of the various club souvenirs are starting to appreciate in value, this is as one would anticipate.

The Ruby Red (Northwood) bell is sold out, but some of the others are still available. With the Holidays coming up these would make a nice gift.

The Souvenir Bells ar \$35.00 each, plus \$2.50 shipping, you may use the order form provided in the center part of the bulletin. 31

JANUARY, 1995 REGULAR
H.O.A.C.G.A. MONTHLY MEETING

The next regular monthly meeting of the Heart of America Carnival Glass Association will take place Sunday, January 22, 1995. There is NO monthly meeting in December. As usual, the meeting will be at 2 P.M. at the Raytown City Hall, Raytown, Missouri. We will discuss the different edges on carnival glass. Please try to bring several examples.

The November 27, 1994 meeting was well-attended. The Britt's came from Mahattan, Kansas; the Benedicts came from Topeka, Kansas; the Gene Cox contingent came from Blue Mound, Kansas; and Joe and Shirley Williams drove in from DesMoines, Iowa. It was great to see everyone. Cliff Ball won the door prize, a plum whimsig 1993 flared mug. After a break for coffee cake and brownies, President Grissom led a lively discussion of the 54 footed pieces brought for display. Just about every type of foot was present.

FINALE UPDATE - FORMER TREASURER

On December 5, 1994, Doug Peters, former treasurer of the HOACGA pleaded guilty to a class C felony - stealing from the treasury of the HOACGA - in Jackson County Circuit Court in Independence, Missouri. He stated that he had destroyed club financial records. He received 5 years probation. He is to make restitution at the rate of \$150.00 per month for 6 months and \$250.00 per month for the remaining 4½ years of probation. The hearing was attended by 10 local members of HOACGA including all of the Board.

Mr. Ed Kramer
Secretary, H.O.A.C.G.A.
4305 W. 78th St.
Prairie Village, Kansas 66208

Dear Mr. Kramer:

The latest issue of the bulletin arrived in my mailbox today and, as usual, I couldn't wait to sit down and check it out from cover to cover, with special attention to what's for sale (that I can't afford) and what's wanted (that I don't have). Another feature I always look forward to is the section containing Letters to the Editor.

In this month's bulletin there's a note from Larry Keig in which he notes the many contributions made by Mr. and Mrs. Britt and encourages the members to express appreciation for the Britt's gracious sharing of their considerable knowledge about Carnival Glass. How many times I've thought, as I read their offerings, of how good it is of them to give of their time and effort in these endeavors.

Having bought several pieces of glass from them and finding them always fair and honest in their dealings, I realized just how much they have meant personally to us as collectors. Have I ever told them? No. **Now, I want to go on record and say how truly grateful we are for the many ways our hobby is made better by your efforts. Thank you, Mr. and Mrs. Britt.**

And now, while I am in a Thank-You mode, let me also say Thank-You to everyone who has a part in these monthly bulletins. You do a super job and I know there are lots of headaches and much work involved. These bulletins are a "lifeline" for those of us who are separated by distance and/or circumstances from other members and I feel we would have long since given up were it not for that "lifeline".

Sincerely

Dolores L. Fenn
(Mrs. Francis L.)

Notes from the Secretary

1. Please make all checks payable to H.O.A.C.G.A.
2. On the new membership applications, please use the ones showing who the referral party is or write in on the application who the new member was referred by. I have no way of knowing if you referred a new member unless it appears on the application or I am otherwise notified. Good luck with our new membership contest. Remember, it runs through April and the prize is a \$200.00 savings bond.
3. Please allow a few weeks for orders to be processed.
4. Don't forget the tapes and books in the bulletin center section make great gifts for your fellow glass collectors.
5. Please check your mailing label for correctness. A new roster is planned for 1995.

Ed Kramer
Secretary
HOACGA

Mr. Ed Kramer

As Frank and I are unable to attend any of the meetings, we look forward each month for the bulletin to arrive. It is read over and over again.

Please except our money order for another year. I would also like to order the set of HOACGA Pattern Notebooks. Total 143.00

Ruth Reitsma

Dear Ed,

Enclosed are my Dues for 1995. All involved are doing an excellent job. Keep up the Good Work!

Bob Mull

Dear Mrs. Fortney:

I would like to add my experiences to what George Bond of Florida had to say about getting glass that is not in excellent condition when returning through the mail.

I, too, have had some problems. Unless the damage is just too much, one will often keep the glass rather than go to the trouble and expense of returning it. However, it is good not to order from that seller any more.

I realize that minor flaws, etc. can be overlooked by the seller, but when they come with chips, ground bottom (tumblers), rust, etc. these things can not be easily overlooked.

I always feel a satisfied customer is worth more than making a sale.

SATURDAY, OCTOBER 15, 1994 - 10:00 A.M.
Holiday Inn -- 5500 West Kellogg, Wichita, Kansas

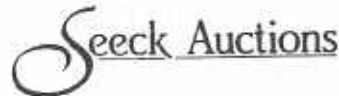

It is time once again for the Air Capital Carnival Glass Convention. We've assembled a nice collection of glass for auction of which most has come from the Charles Hof collection in Phoenix, Arizona. The auction contains some super pitchers including the prettiest Starflower pitcher in blue that I have seen, a super pretty Orange Tree Orchard pitcher in white, an excellent Garden Path Varient chop plate and a very rare M'burg Peacock at Urn Mystery bowl in BLUE. Don't miss the Stippled Strawberry ruffled bowl in lime green, it is fantastic! Hope to see you all there!

Air Capital Convention information: Contact Don Kime at (316)733-8424.
PREVIEW: Saturday, 8.00 AM **TERMS:** Cash. Checks accepted with proper I.D.

WRITE-IN BID POLICY

- Write-in bids will be accepted by sending the numbers of the item(s) desired and the amount bid on each to: Seek Auctions, 405 1st St., Grafton, IA 50440.
- If known by Auction Company, bids may be done over the telephone. (515)424-1116.
- There is a \$5 handling charge for each successful bid. Shipping and insurance charges are additional.
- Bidders will be notified by a phone call if their bid(s) are successful. This call will be made 1 - 3 days after the auction is over.
- Please have all bids in by Tuesday, October 11th. All bids (by mail or phone) after this date will not be carried out.
- If you do not receive an item that sold for less than your bid, assume we cancelled your bid because the piece of glass had below average color, manufacture problem, damage or was not listed correctly.
- To receive price lists send: \$20 -- for this auction and next 7 auctions
 \$5 -- for only this auction or individual auction (please specify)
