NEW HOACGA EDUCATIONAL BOOK III

The HOACGA Educational Series Book III is now available. This Educational Series contains articles which were previously printed in the monthly bulletin. The book contains articles written on several different subjects; i.e. Bon Bons, Bowls, Drinking Vessels, Novelties, Rose Bowls, Table Sets, by several different members. Members who contributed articles are Britt, Fry, Kremer, Pickup, Brooks, Roque, Kuhn, Curtis & Briix.

The book contains educational information on about 150 different patterns and it also contains a list of approximately 500 rarities (only 5 or less known). This type of information is not found in any other carnival reference material.

It is a very informative book.

You may order it from: Ed Kramer, Secretary, 4305 W. 78th Street, Prairie Village, KS 66208. Make checks payable to HOACGA

EDUCATIONAL TUMBLER SERIES

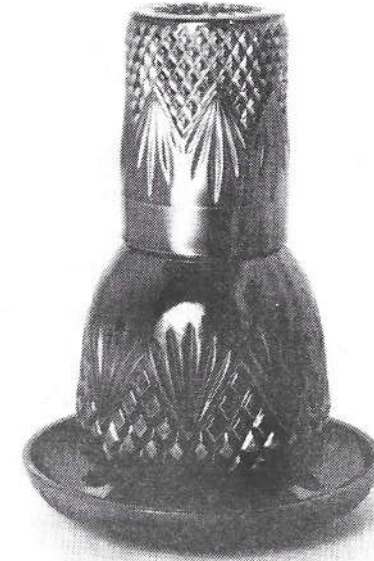

By John & Lucile Britt

PINEAPPLE AND FAN TUMBLER

We have been collecting or working with carnival glass tumblers since 1969 and this is the first Pineapple and Fan tumbler that we have ever seen. It is 3 5/8" tall and 2 1/2" across the top. The base is 2 1/4" in diameter and contains a 16 point rayed star on the underside. A 3/4" wide plain band goes around the top of the tumbler. Below the band are eight 5 pointed fan type figures that are evenly spaced around the tumbler. The bottom part of the tumbler consists of a pineapple type design that fills the space below the fans and down to the bottom of the non-collared base.

This tumbler is a part of a three piece tumbler up or night set which contains the tumbler, bottle and tray. We are showing this set in the photo on the next page. The complete set measures 8" high. The tray is 5 1/8" across and just under one inch deep. The bottle by itself is just under 7 1/4" high. All three pieces contain the same design. They also all contain the 16 pointed rayed star on the bottom of the base. The color is good dark marigold with very

fine iridescence. We would describe it as a beautiful and rare carnival glass set.

We have seen a few of the Pineapple and fan wine sets, but this is the only tumble up set that we have ever seen. The wine set which contains the decanter, tray and six wines is also a very desirable and pretty set in carnival glass.

I have been unable to find much information as to the maker of these Pineapple and Fan pieces. We know that the U.S. Glass Company made glass in this pattern. A table set is shown in "U.S. Glass From A to Z" by William Heacock and Fred Bickenheuser on page 143 in plate A. The pattern is also shown in Kamm book three on page 79 which also credits the pattern to U.S. Glass. It is quite possible, however, that the carnival glass tumble up set and wine set were European made. Regardless of who made them, these sets are rare, very desirable and would add beauty and interesting dimension to any collection. The photos used in this article are courtesy of David Doty.

Our coverage of the Pineapple and Fan tumbler and tumble up set is #228 in the Educational Tumbler Series. Next month we will feature a very pretty tumbler that is called Buttons and Fans. This one is from the Whitley collection. After that we will feature some very unusual tumblers that were found by Bob Smith in his recent trip to India.

THE IMPERIAL PROCLAMATIONS

By Carl O. Burns

This month's column will focus on one of Imperial's most unique, yet under-appreciated colors... Smoke. It has always been one of my favorites, a fact which becomes quickly obvious to anyone who ventures into my glass room. There are probably as many smoke pieces in there as there are of any other color. A large display of smoke pieces can be most impressive and surprisingly varied in color and iridescence.

During the 1960's and 1970's, Imperial re-issued the Smoke color, under the name "Peacock". This had led to some confusion, because during the original Carnival production period, a different name was used to market and describe it. (Imperial had a habit of doing this. They would often use a specific name to market one type of glass. Then, 30 or 40 years later, use that same name to market something totally different.) Originally, the name "Sapphire" was used to market what we call "Smoke" today. A good description of this is found in an early Imperial Factory Catalog:

"SAPPHIRE - A dark Blue-Gray iridescent effect on crystal glass. An entirely new, expensive looking effect."

Notice that the color is described as an iridescent EFFECT on CRYSTAL glass. Have you ever really looked closely at any of your Imperial Smoke pieces? They are NOT Smoke colored glass! If you hold a piece up to strong light, and view it from the side, looking through the collar base, you will see that it is, indeed, crystal, or clear glass! The Smoke color is purely the result of a most unique iridescent treatment, exactly as stated in the above description called Sapphire.

Now, if you are fortunate enough to own one of the relatively few Northwood or Fenton Smoke pieces, compare these with the Imperial color. You'll see a BIG difference! The Northwood and Fenton Smoke pieces tend to have a slight Lavender or Amethyst "tint" in the base. Apparently, both of these firms tried to compete with Imperial by actually making a smoke colored glass! Judging by the extreme rarity of Northwood and Fenton Smoke pieces, and the presence of this lavender tint, this attempt was not a success. If it had been, we would surely see more examples from these two firms. Judging by the wide variety of Imperial pieces found in this color, it must have been a very popular seller for them!

And, the unique-ness of Imperial's Smoke doesn't end there. The colors found in the iridescence can vary tremendously. What I like to call the "Classic Smoke" has a predominate

Blue tone in the iridescence, with pink highlights. However, other colors can often dominate the piece as well. I have a Smoke Poinsettia Milk pitcher that has the brightest solid yellow and green iridescence that you ever saw! You almost need sunglasses on to look at it! I also have Smoke pieces with a strong "Bronze" coloring in the iridescence. Smoke pieces exist with a silvery, "Helios" type of iridescence, and I have even seen some with so much red iridescence that, from a distance, you might be fooled into thinking they WERE red carnival. And then there are the Smoke pieces with a brilliant, all-over, multi-colored iridescence, much like that found on typical purple pieces.

So, apparently, Imperial "played" with the color quite a bit. Somehow, they were able to alter the iridescent formulas used, yet still maintain the basic Smoke coloring, all the while achieving completely different iridescent color effects! When you consider that the smoke coloring is part of this iridescent effect, and NOT the base color of the glass, this is an achievement of pure genius! No other Carnival producing firm ever duplicated it, making Imperial's Smoke Carnival perhaps the most unique Carnival of all!!!

MORE IMPERIAL UPDATES

WHEELS - A large, 10" bowl has been confirmed in Blue! This is quite a significant find, as it MAY be the only known geometric patterned Imperial piece reported in this color. (We're talking a deep rich Blue here, not light blue with a marigold overlay.)

POPPY SHOW - The second known amber vase has been confirmed.

STAR OF DAVID - A purple example of a round, deep, non-ruffled bowl, exactly like the one pictured in a previous article in this series, has been confirmed.

RANGER - Large and Small round berry bowls are confirmed in true Clambroth.

CHESTERFIELD #600 - An intermediate sized compote, measuring 7" tall and 7" in diameter has been confirmed. An example in white now sits in my collection.

DIAMOND & SUNBURST - The white decanter must surely exist in smoke! None have yet surfaced, but I recently purchased a stopper, in smoke. (Who's got the decanter?)

PICTORIAL PATTERN PARADE

By John & Lucile Britt

IMPERIAL'S HOBSTAR FLOWER COMPOTE IN EMERALD GREEN

The Hobstar Flower pattern consists of a rather unique grouping of the file, diamond point and hobstar designs. There are six of the Hobstars that go around the top of the compote. Three of these are larger and show more detail than do the alternating three. The file and diamond point designs fill out the space below the hobstars. The pattern is on the outside with the interior being smooth. There is a sharply detailed and intricate star figure on the underside of the base which nearly covers the entire surface. This compote is 5" high and 5¼" across the top. The stem is panelled.

We would like to emphasize the beautiful emerald green color that is found on our featured example. We purchased this compote this past summer at the Lloyd Reichel auction in Columbia, Missouri. This is the only one that we have ever had a chance to buy in that color. We consider them quite rare in emerald green. Carl Burns, in his very fine Imperial book, reports of seeing only two examples in emerald. The purple examples are the ones that are

seen most often, but they too are not easy to find. Marigold examples are also available. They were also made in Helios green, but we have not been able to find one of them in that color. Wouldn't it be nice to find one in smoke, amber or blue?

We are applying special emphasis on the Imperial name to associate it with the Hobstar Flower compote. This is due to the fact that it was definitely made by Imperial and not by Northwood as a number of people associated with carnival glass seem to think. Hobstar Flower is shown in an old Imperial 1909 catalog on page 1904 in the goblet shape and on page 111 in the compote. Imperial listed this piece as a footed jelly in that old catalog. This reference should prove that the Hobstar Flower pattern pieces were made by Imperial. The stemmed compote and goblet are the only pieces made in this pattern. We have not seen the goblet in carnival glass, however. Since the goblet was made in crystal it is quite possible that it could also exist in carnival glass. The very fine photo used in this article is courtesy of David Doty.

This article on the Imperial Hobstar Flower compote in emerald green is our 218th entry into the Pictorial Pattern Parade. Next month we will feature a very unusual piece - a marigold carnival glass clock in the Regal Cane pattern.

THE CARNIVAL MARKETPLACE

By Larry A. Yung, Sr.

In response to Gerald L. Thomas,

I admire Mr. Thomas, he sticks by his guns no matter what. Beyond that, well... that is as far as I will go. His "Select Carnival Auction" will come in about the next ten years anyway, as it is with almost all high end furniture, art glass and pottery auctions, which are held in the best auction houses with reserves and at least a 15% buyers premium.

You hate to sit through our boring auctions? We are blessed in Carnival by having a number of trustworthy auctioneers. That is what mail bids are for. That way you will free a chair for someone else. Goodness knows, it is hard enough to find one these days as it is.

Two old sayings come to mind: "Quit beating a dead horse" and "If it's not broke, don't fix it."

Larry A. Yung, Sr.

A NOTE FROM HOACGA'S VICE PRESIDENT

Daryl and Norma Strohm

Norma and I are excited about this year's convention for more than one reason. We have decided to sell 300+ pieces of our collection at the new convention location in 1997. We have been collecting carnival glass for about 25 years, and have cherished every minute of it.

For a number of years, we have collected various kinds of glass, paintings & pottery. As the saying goes, "I collect carnival and Norma collects everything!"

We have attended several conventions and numerous auctions through those years, but most of all the people we have met and the friends we have made are the most important.

Norma and I are considering moving to a new location in the Kansas City area, and will still collect and be active in club functions. We recently sold our Strohm's Japanese Koi Fish and Water Gardening business and plan on a new direction in our lives. We have taken a lot of pride in our collecting and feel there will be good choices for every collector. We are looking forward to seeing all of you at the Heart of America Carnival Glass 1997 convention, at the Embassy Suites, KCI Airport.

CHRISTMAS -- 1996

By Helen & Gerald Hess

Merry Christmas and Happy New Year from the Hesses at 220 North First Street in Argos, Indiana 46501-1010.

It doesn't seem like a year has passed since we moved to the present duplex, but we are happy for the move since maintenance problems are minimal.

Our health is reasonably good. However, since Helen has periodic pain in her hands, and since Gerald's penmanship is suspect, it seems logical to use the typewriter to prepare this year's greetings.

We continue to take part in church activities, do volunteer work, attend high school basketball games, go to auctions, and collect Hadley pottery and carnival glass.

The longest trip we took in 1996 was to visit Nancy and her family in Pittsburgh. Nancy works as a Realtor while Ken is a busy attorney. Their children no longer live at home.

Susan is a senior at Wittenberg University in Springfield, Ohio. She is majoring in elementary education, and hopes to be teaching at this time next year.

Scott, a freshman at West Virginia University in Morgantown, is married to Miranda. On November 14th, they became parents of a daughter, Charlee Sue. We thus became great-grandparents for the first time.

Tom and Kuniko and their four year old daughter, Tamiko, still live in Sylmar, California in the Los Angeles area. Tom is an actuary with an insurance company while Kuniko is kept busy with the activities of a stay-at-home mother. We were pleased that Tom and family spent a week with us this past summer.

In August, Helen's family had a reunion at the Behmer Homestead Farm. The five living Behmer sisters and husbands, all past 70 and married over 50 years, enjoyed visiting with the 75 relatives present. It was a great week end.

We hope you have a nice Christmas and a good 1997.

The Hesses

Rudy Kovacs of Pembroke Pines, Fl sent in a picture of his marigold Old Forester decanter. It has a gorgeous overall swirl design. It is very unusual to see one in marigold.

The Newsletter is published on the 15th of each month. The Heart of America Carnival Glass Association is a Not-for-Profit organization registered in the State of Missouri.

Members are encouraged to contribute articles for publication in the newsletter and to advertise carnival glass for "sale" or glass "wanted". Articles may be educational in nature or about collecting experiences, or letters of interest to the membership. Other carnival glass organizations may announce their meetings and/or conventions. Auctioneers who are members may announce their future auctions. Members may announce their upcoming carnival glass educational books, price guides, and other pertinent publications; after the initial announcement the information will only appear in the bulletin "Resource Section". All items submitted for publication will be published in the next months bulletin or as soon as possible. The final decision to publish the articles will be made by the Board of Directors. Some articles may be edited prior to publication. Articles of an offensive nature or articles intended to discredit individuals will not be published.

Membership is \$25.00 U.S. & Canada, \$40.00 Foreign per family or individual. All monetary amounts quoted are in U.S. dollars. Membership year starts the month your dues were paid. All checks are to be made payable to H.O.A.C.G.A. and mailed to the Secretary, as listed on the inside front cover. All articles and items for publication in the bulletin are to be sent to the Bulletin Secretary whose name and address appear on the inside front cover.

H.O.A.C.G.A. - CLUB INFORMATION

The purpose of the Heart of America Carnival Glass Association is to promote the growth and continuation of the Carnival Glass collecting hobby and to provide support to the many collectors by providing current information about the hobby.

Growth is accomplished by supplying educational information for the collector and soliciting new collectors into the hobby.

With the exception of 1997, when the Convention is to be May 1, 2, 3 and 4, a Convention is held annually in April in conjunction with the annual meeting (Convention date always includes the 4th Friday). Some of the activities provided at the convention are:

- * Members provide Room Displays with glass from their collection.
- * Members are encouraged to bring glass for Sale.
- * Educational Seminars are provided by members.
- * A Major Carnival Glass Auction is provided.
- * The Convention offers members an opportunity to meet new collectors, renew old friendships and enjoy discussing carnival glass with other knowledgeable collectors.
- * A banquet is held with a Carnival Collector as our Speaker.
- * A Hospitality time is provided by the club. This is a time of relaxation and visiting with other members.

It takes the support of all collectors and members to promote the hobby in order that its growth and expansion can continue.

In order to obtain our objective, the members must financially support the organization. The Heart of America Carnival Glass Association receives its financial support through the Annual Membership dues and the sale of the following.

* **Membership Dues** - \$25.00 per year - U.S. & Canada. \$40.00 per year for Foreign. The Membership Year is from the date of joining to one year later. Dues are set by the Board of Directors to support the publication of the monthly bulletin, typing, printing and mailing.

* **Educational Series - Book I** - 148 articles with pictures (black and white) on a

variety of Carnival Glass Patterns.

* **Educational Series - Book II** - 180 articles with pictures (black and white) of Carnival Glass Tumblers

* **Educational Series - Book III** - 150 articles with pictures (black and white) of Bon Bons, Bowls, Drinking Vessels, Novelties, Rose Bowls, and Table Sets. Also included is a listing of 500 rarities.

* **Hartung Carnival Glass Pattern Books** - A set of 10 books identifying Carnival Glass Patterns. These books are a must for all Carnival Glass Collectors, especially for the beginner. These are the only complete set of books available that identifies the majority of the carnival glass patterns. Sketches are in black and white.

* **Pattern Notebook** - A notebook containing sections on Mugs, Table Sets, Rosebowl, Water sets (including painted sets), Plates (small, regular & chop), Compotes (large, regular & small), Punch Sets and Vases. Each section of the notebook identifies each pattern with a **COLOR** picture along with information about the Maker and colors of each different pattern.

* **Souvenirs** - Periodically H.O.A.C.G.A. makes a souvenir to be sold to members. Souvenirs have been made since 1974, a few of these are presently available. They are the small Good Luck plate in ruby red, the Green Opalescent - Fenton, Cobalt - Millersburg, Marigold - Imperial, and Teal - Dugan Bells. Each year that Souvenirs were made, Whimseys were also made and sold at the convention banquet.

* **Video Tapes** - Video Tapes of educational programs given during the various conventions are available. A complete listing of the available video tapes are shown on the Order Form, which is part of this section of the Bulletin.

JANUARY, 1997 REGULAR HOACGA MONTHLY MEETING

The next regular meeting of the Heart of America Carnival Glass Association will be on Sunday, January 26, 1997 at 2:00 P.M. at the Holiday Inn across from the Sports Complex in K.C., MO (I-70 and Blue Ridge Cutoff).

In January, we will discuss sets. Bring your table sets, water sets, wine sets, berry sets, et-"set"-era. See you there.

Ed Kramer, Secretary HOACGA

NOTES FROM THE SECRETARY

- 1.) Please send ads to JACKIE FORTNEY, orders for printed material and souvenirs and memberships (new & renewal) to ED KRAMER. Addresses inside front cover. Any other destination delays processing.
- 2.) **Please do not send cash. Please make all checks payable to HOACGA.**
- 3.) Please allow 3-4 weeks to process orders unless there are special circumstances.
- 4.) Your membership expires with the month shown in the upper right hand corner of your mailing Label, for example 1097 is October 1997, Please renew early. We try to put a "Membership due please renew" label on your last bulletin, If you do not receive a bulletin when you think you should, let me know as soon as possible. All checks are logged in (manually). If an Error is made, it is much easier to correct before months go by. We keep detailed records but occasionally a mistake can be made. I appreciate your Cooperation, We have over 1000 Memberships.

Ed Kramer, Secretary HOACGA

1997 H.O.A.C.G.A. CONVENTION

The 1997 Convention will be May 1, 2, 3, & 4 at the EMBASSY SUITES, 7640 N.W. Tiffany Springs Parkway, Kansas City, Missouri. You may make your motel reservations by calling the Embassy Suites at 816-891-7788. When making your room reservations, please reserve any table(s) (6 ft.) that you will want for your room display or for displaying your glass for sale.

HOACGA HAS BLOCKED 180 ROOMS FOR THE CONVENTION, BUT THE BLOCK CAN ONLY BE HELD UNTIL APRIL 7, 1997. PLEASE MAKE YOUR RESERVATION BEFORE APRIL 7, AFTER THAT DATE A ROOM MAY OR MAY NOT BE AVAILABLE. WHEN MAKING YOUR RESERVATIONS, MENTION THAT YOU ARE WITH THE HOACGA CONVENTION. If you make your reservation through a travel agent, be sure they reserve your room with the HOACGA Convention.

ROOM INFORMATION - The rate for all suites, except suites 219 thru 226, is \$87.00 per day for single or double occupancy, for three or four the rate is \$97.00 per day. The rate for suites 219 thru 226 is \$10.00 per day more. The room rate includes a free cooked-to-order breakfast and a two hour manager's reception every evening. Breakfast starts at 6:00 A.M. Monday thru Friday and at 7:00 A.M. Saturday and Sunday. Each suite contains a private bedroom, and a living area with a microwave oven and a refrigerator. All suites are the same, except some have a king size bed and others have two full size beds.

Suites 219 thru 226 each have a conference table included in the living room area. The conference table will be good for those who have a lot of glass to sell or display. They have a king size bed. These rooms will be reserved on a first-come-first-served basis so if you would like to have one of these suites please indicate that you would like one of the "Executive Suites" when making your reservation. All other suites contain a small table (game table). The rooms will be on the second, third, fourth, fifth, and sixth floors (there are no rooms on the first floor). The non-smoking rooms are those on the third floor. The Embassy Suites say they make every effort to clean the rooms to remove the effects of smoking.

* EACH SUITE HAS A WINDOW FOR DISPLAYING YOUR GLASS.

DISPLAY TABLES - Table rental charge is \$10.00 for the convention. Only six (6) foot tables are available. They are the regular width. Please reserve your table at the time that you make your room reservations.

PRE-REGISTRATION - A registration form is included in this packet. You are encouraged to complete this form and return it with your check to the Secretary prior to the convention. It will eliminate a lot of work for him during the convention and it will help expedite the registration. THOSE MEMBERS WHO RETURN THEIR REGISTRATION FORM WILL HAVE THEIR NAME ENTERED INTO A DRAWING FOR A SPECIAL PIECE OF GLASS TO BE GIVEN AT THE CONVENTION BANQUET.

CONVENTION HIGHLIGHTS

JOHN & LUCILE BRITT AWARD FOR EXCELLENCE IN CARNIVAL GLASS - The recipient of this year's award will be MARIE McGEE. Marie has been a collector of Carnival Glass for many years. Her favorite glass has always been Millersburg. She has been an avid collector of Millersburg carnival glass. Marie has authored a book on that subject in 1995. Marie is a longtime active member of many of the Carnival Glass organizations, and has given talks at club meetings and conventions. Marie will be honored with this award at a luncheon on Friday, May 2.

ROOM DISPLAYS: As always, you are encouraged to bring glass and set up a room display. This year everyone attending the convention will have a room with a window for displaying your glass. Room displays are always enjoyable to see, and one of the many educational parts of any convention. Tables for displaying your glass will be available at the motel. Request the table at the time you check-in.

A \$50.00 award will be given to the winner in each category, and a \$100.00 award will be given for the Room Display judged as the best overall. The best overall display will be judged on originality, creativity, and its overall appearance. Each display will receive a Plum

Opalescent Hobnail Cuspidor award. Displays are to be entered in one of the six categories.

1. Same Maker
2. Same Color
3. Theme (Your Own)
4. Same Pattern
5. Same Shape
6. Rarities

EDUCATIONAL PROGRAM: Two Educational Programs will be presented. We know they will add to your Carnival Glass Knowledge.

CARNIVAL GLASS PLATES: JUDY MAXWELL and ELVIS RANDALL will present a program on plates. Plates have always been one of the favorite things in carnival glass collecting. Both Judy and Elvis are knowledgeable collectors and Judy has a very nice collection of plates.

IRIDESCENCE: The only thing that makes carnival different from colored pattern glass is Iridescence. JOHN MUEHLBAUER will present a program "Iridescence and other attributes of Carnival Glass". He will discuss some of the misunderstood aspects of our collectable glass.

AUCTION: The Seeck Auction Company will be conducting the auction on Saturday. The Glass is from the collection of Daryl and Norma Strohm, the vice-president of HOACGA. Daryl and Norma have emphasized good iridescence when buying their glass. This will be a very good auction and there should be something to fit into most everyone's collection. Jim Seeck will be sending the complete listing of the glass at a later date.

BANQUET: This year we are pleased to have GARY & DEBORAH HECKENBERGER as our speakers. The Heckenbergers have a very extensive Northwood collection. They will be speaking on "Northwood" glass.

THURSDAY MORNING / AFTERNOON: 10:00 A.M. to 2:00 P.M. - Open house - Charles and Eleanor Mochel. The Mochels wish to invite those attending the convention to visit

their home and view their glass. Directions and travel arrangements will be available at the convention.

THURSDAY EVENING: Following the Educational Program, a special hospitality room will be available for your enjoyment. Pie and drinks will be served. This is an opportunity to set back, relax, and visit with your carnival glass friends.

FRIDAY EVENING: Viewing of the glass to be auctioned on Saturday, view room displays, visit rooms, and time for buying and / or selling.

Following the glass viewing, a hospitality time with cake and drinks will be provided for your enjoyment.

The midnight auction will be at 10:00 P.M. A member may put two pieces of glass in the auction. You are requested to attach your name and the minimum amount that you will accept for the piece. The glass is to be brought to Salon A, B, or C, between 6:00 and 7:30 P.M. The glass can then be viewed prior to the auction. This will help speed the auction and give everyone an opportunity to view the glass.

SATURDAY AUCTION: The auction will be presented by the Seeck Auction Company. The auction will start at 9:30 A.M. with pre-viewing at 7:00 A.M. A complete brochure of the glass will be sent by Jim Seeck. Write him at 1055 Crestmore Way, Mason City, IA 50401-5319 if you are not on his mailing list.

SATURDAY EVENING: This time is for relaxing, dining with friends, and enjoying a very informative and educational program on "Northwood" glass, presented by GARY & DEBORAH HECKENBERGER.

SUNDAY MORNING: The complimentary breakfast will be available for those who are wanting to get on the road back home. This will give us an opportunity to say our goodbyes.

2ND NOTEBOOK SECTION ----- VASES PHOTOGRAPHS NEEDED

The first Vase section of the HOACGA Notebook has been completed, with the help of many of the members. The first section has been received very well.

I am now in the process of assembling the necessary photographs for the second Vase section of the Notebook. The first section was those whose pattern names started with A thru C. For this second section, it is planned to add those vases whose pattern name starts with D thru G (Daisy & Drape thru Graceful). I presently have several of the pictures, but there are some of the patterns for which I need a photograph. These patterns are listed below. If you have one of these vases, or any unlisted vase, and would be willing to photograph it and send me a picture, I will appreciate it very much.
