### NEW HOACGA EDUCATIONAL BOOK III

The HOACGA Educational Series Book III is now available. This Educational Series contains articles which were previously printed in the monthly bulletin. The book contains articles written on several different subjects; i.e. Bon Bons, Bowls, Drinking Vessels, Novelties, Rose Bowls, Table Sets, by several different members. Members who contributed articles are Britt, Fry, Kremer, Pickup, Brooks, Roque, Kuhn, Curtis & Briix.

The book contains educational information on about 150 different patterns and it also contains a list of approximately 500 rarities (only 5 or less known). This type of information is not found in any other carnival reference material.

It is a very informative book.

You may order it from: Ed Kramer, Secretary, 4305 W. 78th Street, Prairie Village, KS 66208. Make checks payable to HOACGA

#### **AMARYLLIS COMPOTE**

By Alan & Lorraine Pickup

This petite compote could be classified as a miniature. Quite small compared to most compotes, it only measures a couple of inches tall and five inches across. The Amaryllis compote was made by Harry Northwood and Company. This compote seems to be the only shape found today by carnival glass collectors. However, Marion Hartung's book, "Northwood Pattern Glass In Color", released in 1969 describes a seldom seen crystal glass 10" intaglio plate and shallow bowl in this pattern, some possibly painted in what we now call goofus glass.

These compotes are not easily found today so we can assume that they were not made in great numbers. They are known in only three colors: white, marigold and purple or amethyst. Blue compotes are listed by some writers but are missing altogether from our past auction guides, with only one white compote shown. You will have to be the judge as to rarity, blue or white. There are several "whimsey" shapes that can be found. The amethyst example shown here is pulled out into a plate shape.

Amaryllis is a flowering plant. The secondary or exterior pattern is intaglio, that is cut in rather than in relief or raised, and also carries a flower. It's call Poppy Wreath. A Poppy motif with buds and open flowers and three clusters of leaves. The underside of the foot also carries a three Poppy leaf pattern in intaglio. The three open poppies on the exterior pattern conform to the edge shape. This results in the three lobe edge shape that can best be seen looking down into the compote.

It has been reported that these compotes carry the Northwood ( $\underline{N}$ ) trade mark, however, this one does not. It is interesting to note that this pattern is carried in the HOACGA compote section as No. 58 with a plain back. Was that an error or are there two varieties, one with the Poppy Wreath exterior and the other without? We would be dubious that there is a plain back compote as we previously pointed out the back pattern's open poppies are responsible for the three lobe edge shape.

#### PICTORIAL PATTERN PARADE

By John & Lucile Britt

THE PRINCETON VASE

This beautiful intaglio type vase is in deep marigold and has super iridescence. It measures slightly over 10½" tall and is 3 3/4" across the top. The base is 4" in diameter and is deeply depressed. The outer ¼" of the bottom of the base contains a registration number. We have a Jacobean shot glass and tumbler that also contain this type of number and is in the same location.

This vase is shown in Josef Inwald material included in William Heacock's Collector Glass, Volume #2 on page 88. That volume contains 12 pages of Inwald patterns. Volume #3 includes 6 more pages of patterns from this same source. All the glass is listed by photos and numbers, but no pattern names are used. The Thistlewood's of England illustrated this same vase in their very fine Network series in No. 15.

The Fleur-De-Lis vase, which we wrote about in the April 1993 HOACGA bulletin on page 13 is a Josef Inwald product. We have also owned various sizes of plates in this pattern. The Intaglio Stars tumbler, shown in the March 1990 HOACGA bulletin, is another Inwald pattern, as well as Double Diamonds in which Bob Smith and I have numerous pieces. We might also mention that Bob has found material in the Boston library that indicates that Josef Inwald had a factory in Austria as well as five factories in Czechoslovakia.

Back to the Inwald Princeton vase. It is indeed a stunning piece of carnival glass. We were thrilled to find it and happy to include it in our Pictorial Pattern Parade series.

This article, featuring the very fine Inwald Princeton vase, is #226 in the Pictorial Pattern Parade series. Next month we will cover the graceful Covered Swan butter dish by Sowerby of England.

#### TREASURES IN THE BACK YARD

By Pat Call

Have you ever had someone tell you about a great find right in your own neighborhood? Have you cringed while you heard about a marigold Grape & Cable Fernery that was bought in the shop two miles from your house?

I don't know why it is, but we seem to think we have to go far afield to find our dreams. If we live near the mountains, we head for the shore. If we live on the seacoast, we head for the mountains...

When we lived in Virginia, we used to travel up to Newmarket, Maryland where antique shops lined both sides of the street. In at least two of those shops were two other couples who were both dealers and Carnival Glass collectors we'd come to know through the Nation's Capitol Carnival Glass Club.

Logic would tell one that no Carnival Glass worth having would be found in that town; it would have been scoffed up as soon as it hit the shelves, right?

We walked down the sidewalk one Saturday, just a couple doors away from one of the shops belonging to avid, experienced Carnival Glass collectors, and there, in the window of a neighboring shop was a marigold Grape & Cable Sweetmeat compote. We went into the shop, examined it and some other items to which we were attracted, and bought the compote and a pair of Fry Foval candlesticks. The candlesticks (which later proved to be repros) cost us \$120.00, the Sweetmeat cost \$5.00.

When we showed the compote to our dealer friends, they couldn't believe they hadn't seen it... But they had some satisfaction in telling us abut the fernery they'd found in our "back yard."

#### ON THE AUCTION TRAIL WITH CHUCK

By Chuck Kremer

August 22 & 23, 1997: Lapeer, Michigan. Could they do it? Yes, they did it! Albrecht's are carrying on - and Gary Cooper would have been proud of this auction. This proved to be a good two day carnival glass auction in the "old Cooper" pattern. We have to thank our fellow carnival collector Bob Gallo for his help in cataloging this sale. By the way, if you would like to consign glass to a future Albrecht auction, contact them or Bob Gallo.

The sale had a fast and smooth rhythm that seemed to please the large crowd - most of whom became bidders and buyers. On a positive note, any damage was identified prior to the sale and only one item was returned due to missed damage. I ordered the preview video to help make bidding plans and it seemed like many more people did the same thing, as there were many mail bids. There were almost 60 Hansen items from Mrs. Hansen's personal collection that were very well received by the buyers.

I thought the vases sold well. A few that I really like were the 7" purple Lined Lattice at \$210, the 9" purple Beaded Bulls Eye at \$170, and the red 10½" Plume Panels at \$650. Like all auctions, there were some good buys and some surprises. In my opinion, I thought the prices were generally good. The very nice ice blue Peacock at the Fountain pitcher found a good home at \$2,000. Some other pieces that caught my eye were the white Swan master salt (\$300), green G&C hatpin holder (\$350), the super green Two Row Open Edged JIP basket (\$100), amethyst ruffled Good Luck bowl (\$300), Fenton green ICS Peacock at the Urn 8" bowl (\$300), the Hansen marigold 7" one of a kind beautiful Corn vase with husks (\$725) and the 10" amber Hansen Turtle covered candy dish at \$850.

I almost forgot - I came home well pleased with a very nice green Springtime water pitcher and matching tumbler. Not cheap, but super to look at. Albrecht's handed out a preview list and showed pictures of their next October 4th carnival glass auction. There is no question where I will be on October 4th - there are pieces I really want to own in this next sale. The picture of the 3 in 1 edge Farmyard bowl looked real good.

#### **CORRESPONDENCE**

Dear HOACGA,

Here is the picture of our new find. Thistle & Lotus 71/4" plate. We enjoy reading the HOACGA bulletin every month.

Kandis Richmond 803 S. Hancock St., Ottumwa, IA 52501

#### Dear HOACGA,

Some new collectors wanted to know how to clean their glass, here are some tips:

- Inside vases: drop 2 polident tablets inside, add water. They will remove the mineral stains with no harm to glass.
- To remove glue from price stickers the mall usually has on the glass, use peanut butter. It will dissolve the glue with a little rubbing and not bother the finish of the glass.
- Heavy dirt & grime, use "Wrights Silver Polish" and rub with soft cloth. Rinse after done and apply windex glass cleaner.

Happy Hunting Richard Jarnig Brenham, TX

#### **CORRESPONDENCE**

Dear HOACGA,

I received the two tapes on carnival glass from Mr, Kramer the other day, and made up my mind to take time to sit and watch them.

What a treat they are! I just couldn't believe how lovely and pretty all the carnival glass is. The colors are beautiful and the displays were all so nice. Also, the speakers were very interesting and some of the "cute" stories were fun to hear.

It was so nice to meet so many members who were attending the various conventions. Makes you wish you were there and just maybe someday I'll be able to attend one.

It's a very good investment for anyone who can't attend the conventions. I'm glad I have mine.

Helen G. Arnett Las Vegas, NV

#### TRIVIAL PURSUIT OF CARNIVAL GLASS

By Virgil Lemos

	What pattern was named after a South American plate having tapering scarlet was surrounded by small yellow flowers?
A:	
	What color is described as follows: stretchy in appearance, close to aqua known a Fenton and Dugan color?
Q: A:	What is the term used to identify a color having a swirl effect in the glass?
Q: A:	What two colors are named after precious stones?
	What pattern was named after a marine plant found in the ocean and is an ortant source of food and minerals?

#### **EDUCATIONAL TUMBLER SERIES**

By John & Lucile Britt

THE TARTAN TUMBLER

This is a pretty little tumbler that measures 3½" high. It is 2 5/8" across the top with a base diameter of slightly less than 2". The base is depressed about ¼". The outer edge has been ground and polished. The bottom of the base is smooth. It has good marigold color with very nice iridescnece. We suspect that the Tartan tumblers were also made in a larger size, but we have not seen a larger example as yet.

The pattern of this tumbler consists of three rows of 8 sided buttons that are flat and smooth on top. There are 4 buttons in each of the rows that circle around the tumbler. A cross hatch of bars separate the buttons from one another. The pattern is the same as the small creamer illustrated by the Thistlewoods's in their Network #11 at the top of page 13. Both the small pitcher and our featured tumbler very likely came from the same factory.

Further reference of the Tartan pattern can be fond in the Carnival Glass Society Journal #13. Ray Notley discusses the Tartan pattern and illustrates it in an epergne on page 261. Brochwitz of Germany is believed to be the maker of this pattern.

We have noticed that there are variations in this pattern. One in particular, is where the smooth top buttons that are found on our tumbler, contains alternating can and daisy like designs on the top surface of the buttons. This one is sometimes called Daisy and Cane. We have seen a cuspidor that contained this variation. Edwards shows a decanter shape piece with this type of design in his 5th Edition Book on page 70 where he lists the pattern as Daisy and Cane. It is quite possible that a tumbler might be found in that variation in the future. Anyway, we find the pattern very interesting.

We consider this pretty tartan tumbler as rare. It is for sure the only example that we have ever owned or even seen for that matter. We are proud to include it in Our Education Tumbler series. The photo is courtesy of Dave Doty.

The rare and pretty Tartan tumbler marks our 236th entry into the Educational Tumbler Series. Next month we will feature the Enameled Single Flower, another pretty tumbler in the enameled category.

# <u>CHECKERBOARD...</u> WESTMORELAND OR CAMBRIDGE?

By Bob Bishop

The bowl on the right is Checkerboard by Cambridge. Marked Near Cut in the bottom. I believe this to be an original Cambridge design. I have seen a large fruit bowl marked Near Cut and a ruffled bowl also marked the same. I believe that Westmoreland copied or purchased the original molds. This is shown in the Westmoreland Book by Charles West Wilson on page 276, number 500, circa 1915. Cambridge produced this pattern in 1908, number 2653.

Tumbler on the left, is one of three tumblers known in marigold. I purchased 2 of these at a flea market for \$8.00. One was sold at auction, to Eleanor Hart. The other one was sold to John Britt, who sold it to another collector. I still have the third one. This tumbler if sold today at auction would command a four digit figure.

#### H.O.A.C.G.A. **CLUB NEWS & GENERAL INFORMATION**

The Newsletter is published on the 15th of each month. The Heart of America Carnival Glass Association is a Not-for-Profit organization registered in the State of Missouri.

Members are encouraged to contribute articles for publication in the newsletter and to advertise carnival glass for "sale" or glass "wanted". Articles may be educational in nature or about collecting experiences, or letters of interest to the membership. Other carnival glass organizations may announce their meetings and/or conventions. Auctioneers who are members may announce their future auctions. Members may announce their upcoming carnival glass educational books, price guides, and other pertinent publications; after the initial announcement the information will only appear in the bulletin "Resource Section". All items submitted for publication will be published in the next months bulletin or as soon as possible. The final decision to publish the articles will be made by the Board of Directors. Some articles may be edited prior to publication. Articles of an offensive nature or articles intended to discredit individuals will not be published.

Membership is \$25.00 U.S. & Canada, \$40.00 Foreign per family or individual. All monetary amounts quoted are in U.S. dollars. Membership year starts the month your dues were paid. All checks are to be made payable to H.O.A.C.G.A. and mailed to the Secretary, as listed on the inside front cover. All articles and items for publication in the bulletin are to be sent to the Bulletin Secretary whose name and address appear on the inside front cover.

#### H.O.A.C.G.A. - CLUB INFORMATION

The purpose of the Heart of America Carnival Glass Association is to promote the growth and continuation of the Carnival Glass collecting hobby and to provide support to the many collectors by providing current information about the hobby.

Growth is accomplished by supplying educational information for the collector and soliciting new collectors into the hobby.

A Convention is held annually in April in conjunction with the annual meeting (Convention date always includes the 4th Friday). Some of the activities provided at the convention are:

- \* Members provide Room Displays with glass from their collection.
- \* Members are encouraged to bring glass for Sale.
- \* Educational Seminars are provided by members.
- \* A Major Carnival Glass Auction is provided.
- \* The Convention offers members an opportunity to meet new collectors, renew old friendships and enjoy discussing carnival glass with other knowledgeable collectors.
- \* A banquet is held with a Carnival Collector as our Speaker.
- \* A Hospitality time is provided by the club. This is a time of relaxation and visiting with other members.

It takes the support of all collectors and members to promote the hobby in order that its growth and expansion can continue.

In order to obtain our objective, the members must financially support the organization. The Heart of America Carnival Glass Association receives its financial support through the Annual Membership dues and the sale of the following.

\* Membership Dues - \$25.00 per year - U.S. & Canada. \$40.00 per year for Foreign. The Membership Year is from the date of joining to one year later. Dues are set by the Board of Directors to support the

publication of the monthly bulletin, typing, printing and mailing.

- \* Educational Series Book I 148 articles with pictures (black and white) on a variety of Carnival Glass Patterns.
- \* Educational Series Book II 180 articles with pictures (black and white) of Carnival Glass Tumblers
- \* Educational Series Book III 150 articles with pictures (black and white) of Bon Bons, Bowls, Drinking Vessels, Novelties, Rose Bowls, and Table Sets. Also included is a listing of 500 rarities.
- \* Hartung Carnival Glass Pattern Books A set of 10 books identifying Carnival Glass Patterns. These books are a must for all Carnival Glass Collectors, especially for the beginner. These are the only complete set of books available that identifies the majority of the carnival glass patterns. Sketches are in black and white.
- \* Pattern Notebook A notebook containing sections on Mugs, Table Sets, Rosebowls, Water sets (including painted sets), Plates (small, regular & chop), Compotes (large, regular & small), Punch Sets and Vases. Each section of the notebook identifies each pattern with a COLOR picture along with information about the Maker and colors of each different pattern.
- \* Souvenirs Periodically H.O.A.C.G.A. makes a souvenir to be sold to members. Souvenirs have been made since 1974, a few of these are presently available. They are the small Good Luck plate in ruby red, the Green Opalescent Fenton, Cobalt Millersburg, Marigold Imperial, and Teal Dugan Bells. Each year that Souvenirs were made, Whimseys were also made and sold at the convention banquet.
- \* Video Tapes Video Tapes of educational programs given during the various conventions are available. A complete listing of the available video tapes are shown on the Order Form, which is part of this section of the Bulletin.

#### SEPTEMBER 1997 HOACGA MONTHLY MEETING

The next monthly meeting of the Heart of America Carnival Glass Association will be on Sunday, September 28, 1997 at 2:00 P.M. at the PARK LANE MEDICAL CENTER at 5151 Raytown Road, Raytown, Missouri. Park West of the doctors building, which is on the south end of the hospital complex. We will discuss patterns with leaves for Fall.

About 20 members attended the August 24, 1997 meeting including some guests from the Westmoreland Club. John & Lucile Britt displayed 40 pieces of their fabulous glass and John gave a presentation on the items most of which will be in the Britt auction at the ICGA convention next June at the Embassy Suites near the KCI Airport. An embroided Mums sapphire blue bowl, a marigold Inverted Feather cordial (only 4 or 5 known), and a vaseline Opal Swan were among the many pieces discussed.

Norma Strohm won the door prize to be awarded later.

Hope to see you at the September meeting!

Ed Kramer, Secretary HOACGA

#### **NOTES FROM THE SECRETARY**

#### **CORRESPONDENCE**

#### Dear HOACGA,

I was sitting here thinking it is almost time for the August monthly mailing. Then the thought occurred to me, my dues are this month. I apologize for the lateness of getting the check to you.

I look forward each month to the articles and list of "For Sale" and "Wanted" ads. Your publication is excellent and very informative.

I made two pleasantly unexpected purchases this year. One was a 3 footed red (amberina) water lily small bowl for \$23. Another was a marigold mirrored Lotus rose bowl for \$15. I'm sure the antique shop and the auctioneer had no idea of the real values. Lucky for me!!

Can't wait for the August issue. I hope I'm not too late.

Lois Lee Porter Severna Park, MD

#### Dear HOACGA.

Please find enclosed my renewal form & check for \$25.00 Thank you to the entire staff for the most educational & information newsletter I receive every month. Thank you for all the dedication and hard work.

> Greg & Rene Cline Dewitt, MI

#### Dear HOACGA,

I am excited and pleased to send you my 1 year membership dues for HOACGA. I have heard so many great things about HOACGA & look forward to being a part of them. Please put my husband, Ed, on as a member with me. Thanks.
