## 2001 HOACGA Souvenir

In 1977 the HOACGA Souvenir was the "Good Luck" hatpin holder, in "Flame Red", made by the Smith Glass Co. In 1980, it was the made in "Ice Green" made by the Fenton Glass Co. This year we have asked The Fenton Glass Co. to make the hatpin holder in Vaseline Opalescent. The date will be changed to indicate the year 2001. Not many pieces of Carnival Glass were made in Vaseline and even fewer were made in Vaseline Opalescent. I was at the Fenton factory on February 27th to see the hatpin holder made. I got to see some samples of the color. It is a beautiful piece of Carnival Glass. It has a very nice pastel iridescence and the opalescence is very good. I believe any member will be glad to have one or more of this souvenir. Only 200 to 225 pieces will be made.

The Room Display award, the "Hobnail" spittoon, and the Banquet Table Favor, "Orange Tree" Wine will be in the same color.

When you purchase a Souvenir you get a nice piece of Carnival Glass plus you are helping to financially support the organization. A member can order as many of the hatpin holders as you want.

The price of the Souvenir is \$50.00 plus \$5.00 for shipping. Make checks payable to HOACGA. Hatpin holders will be shipped about May 1, 2001.

## 2001 HOACGA Notebook Insert Vases — 6th Section

By Bob Grissom

The HOACGA Notebook Section for 2001 will again identify vases. This is the 6th and final section on Vases. Another 85 to 90 patterns are reported. This section contains additional Non-U.S. vase patterns, and identifies many of the Brocaded pieces, along with patterns that were not previously reported. With this section, a total of about 425 different vases have been reported. Probably all of these vases are reported in other publications, but no other single publication contains as much information as these six sections. Each different pattern is identified with a colored picture. Even after reporting on 425 different vases, there are still, patterns that are not shown.

This information is only possible with the help of many members that have supplied photographs and other information. This is a good example of what collectors are doing to help promote their hobby of Carnival Glass collecting.

If you do not have all of the previous five Notebook sections on Vases, then you are missing a lot of valuable Carnival Glass information.

The 6th section may be ordered by using the Convention Registration Form, which is included in this Bulletin. Any of the previous five sections may be ordered by using the Order Form which is included in the colored section of the Bulletin.

## CORRESPONDENCE

---

Dear Carnival Glass Members,

Shelli and I wanted to let you know that we will be at the HOACGA convention this year. We are looking forward to seeing everyone again, as it's been a long time since we have had the opportunity to attend this convention.

We will have with us, our "Carnival Cuts Jewelry" for sale. If you have any broken carnival glass and wish to have jewelry made from it, please bring it. You don't have to buy, but come in and say Hi!

Don't forget my other needs: bottles, ashtrays, frogs, banks, and all the odd things.

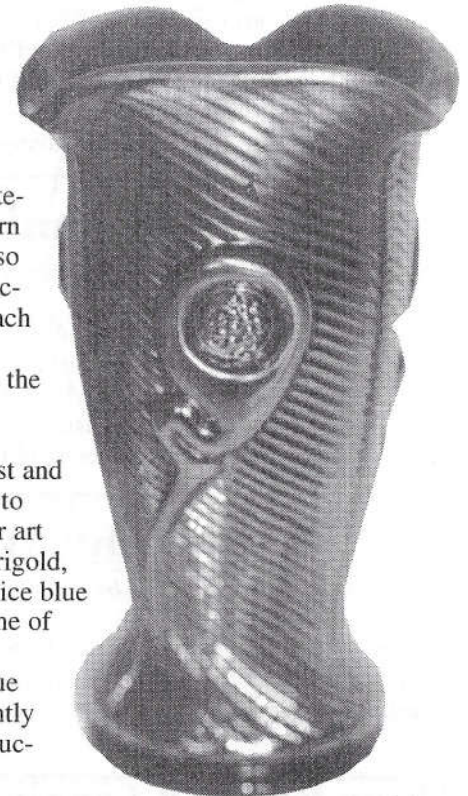

Clint & Shelli Arsenault

## Ribbed Tornado Vase

By Alan & Lorraine Pickup • [alpickup@msn.com](mailto:alpickup@msn.com)

Tornado vases can be found both with a plain background or ribbed background. The Ribbed Tornado vase made by H. Northwood and Company is daringly in a class of its own. Although rather small in size, this one measuring approximately six inches tall, yet this vase pattern stands out in its distinctive style in so many ways. First the descriptive sections with a "twister" pictured on each sector. And the many ribbed background lending its twisting effect to the violent action of a tornado.

Then the iridescence on the amethyst and blue vases are said by some writers to rival early Tiffany, Loetz and Carder art glass. That's not to say that the marigold, green, ice green, the rare white and ice blue versions are any less attractive. None of these vases regardless of the colors change hands frequently. An ice blue Ribbed Tornado vase was sold recently here in St. Louis in the Garth Irby auction for \$3500.

These Tornado vases are listed in the fourth vase section of the HOACGA notebook as #261 through #264. And besides the standard smooth background and scarce ribbed background examples, they are shown both in a whimsy shape and a rare pedestal and footed variant. There doesn't seem to be any indication that these very rare marigold pedestal vases were made by the Northwood Glass Company.

This amethyst vase pictured here does carry the Northwood trademark (N) on the inside bottom of the vase, but like many Northwood patterns all the vases may not be signed. Both the Mordini and Doty price guides refer to two sizes. There is about a half-inch difference in size between the two. Both sizes are pictured on page 105 of the book "Harry Northwood, The Wheeling Years" by Heacock, Measell and Wiggins, and an excellent picture of the three vase styles can be found in the book "Magic and Mystery of Carnival Glass" by the Thistlewoods on page seventy.

Taking into consideration the relative scarcity of these vases today, we would have to guess that the production run was quite short. The lack of advertisements makes it hard for us to put a time line on just when it was made. The fact that the Tornado vases are similar in size to vases like Northwood's Corn vase and the Daisy and Drape vase, that were both popular and apparently good sellers around 1912, could be a clue. Regardless of when they were made, there doesn't seem to be any doubt that today's carnival glass collectors prize these vases and adding one or two in your collection seems to be the goal of many of us.

## Wedding Anniversary Dates

*By Eleanor Mochel*

To the members celebrating their 40th or more wedding anniversaries this year we congratulate you. I am asking that you write me giving the month, day and year you were married. I would like to put them in the bulletin by the actual date as it would be easier to keep it more accurate from year to year. Thanks for your help in keeping this information accurate.

## Little Barrel

*By Diane Fry*

These small (approx. 3 1/2" tall) novelty items made by Imperial, certainly answer the need for miniature collectors, and make pretty "fill-in" pieces on anyone's shelf of "pretties"! Marigold is said to be the more prevalent color, but smoke and green Barrels seldom present themselves either. The shade of green can be anywhere between emerald and helios and do not command the prices of marigold and smoke.

Usually quite bright and colorful, some examples have been found to have original paper labels attached to the bottom, indicating the name of a business, or that of a given tavern. Presumably, samples of "brew" were given away in these containers to promote sales....Sometimes a cork stopper fills the opening, but who can say it is the "original"? These Barrels are not advertised in any of the known wholesale trade catalogs of the day, such as Butler Bros.

How often do any of us have the opportunity to purchase one at auction?...Not often, I dare say. A great example of the marigold will sell for as much as the smoke when sold privately, we have observed....somewhere in the neighborhood of \$250. '99 auction sales report two smoke Barrels sold for \$225 and \$235. Two marigold examples brought \$60 and \$135.....So, "Roll out the Barrel!....Let's have a Barrel of FUN!"

## Snow Fancy

By Will and Judy Schutz

With ten inches of snow on the ground in Lincoln, Nebraska, it seems appropriate to write about the Snow Fancy pattern. We bought a creamer in this pattern in an antique shop in our early days of collecting carnival glass seven or eight years ago. In more recent years we bought what we thought was an open sugar in an antique mall. Both of these pieces have marigold iridescence. The large hobstar design on the sides of the pieces is in the shape of an eight-pointed wheel and certainly resembles a snowflake. The design is repeated on the under base in a six-pointed hobstar.

Marion Hartung sketched the Snow Fancy pattern in her Seventh Book of Carnival Glass first published in 1966. She suggested that this pattern resembled other Near-cut patterns produced by the McKee Glass Company, but was unsure of the maker. Since then, Carl O. Burns, in his book Imperial Carnival Glass, pointed out that the pattern was pictured in Butler Brothers Wholesale Catalog in an assortment with known Imperial designs. What we purchased as an open sugar is now known to be the spooner in a four piece table set. Neither a covered sugar nor a butter dish have yet been reported in carnival glass. The only color reported for the creamer and spooner is marigold.

Carl Burns noted that the only other carnival shapes reported are small bowls in marigold, white, purple, and helios.

We find it interesting that in spite of the rarity of this pattern, collector interest seems low. The only sales listed in the Mordini Auction Price Reports were a marigold creamer and sugar (spooner) for \$100 in 1989 and a purple small bowl for \$40 in 1990. Perhaps this is due to the limited number of shapes in the pattern. At any rate, the two pieces that we have from the table set are attractive and fun to have and are certainly appropriate to the season.

# On the Auction Trail with Chuck

By Chuck Kremer

**January 31 to February 3, 2001:** The chance to attend two conventions, visit my sister, and soak up some warm sunshine, and it was warm the two weeks I was there, was too much to turn down. The organizers of the Sunshine State Carnival Glass Club's convention at Fort Lauderdale, Florida, work hard to bring us a good convention. But this year it seemed they were working under a handicap or two that they would rather forget — like the hotel.

I liked the open house at John Valentines. What a collection of contemporary glass and antique furniture, plus the 1929 Ford roadster parked in the driveway. Also the dinner show at the Mai-Kai Polynesian restaurant was a good night out. But there was more! Glen and Steve Thistlewood had interesting glass and stories for us at the banquet and Dee Beckemier dazzled us at a seminar with her red glass presentation. Dee did have some help. Marilyn Monroe, aka Jeanette Harris, came all the way from California to torment John Rogers and since it was her birthday she served us birthday cake at the seminar.

A SSCGA trademark is a poolside barbecue — I wasn't impressed with the food this year, but it is a good idea and brings us all together in a social gathering. Attendance was down somewhat this year and maybe this was reflected in the auction. The Burns group had some good glass that didn't seem to be appreciated. More people should have been in Florida to enjoy the sun and they could have bought carnival glass at reasonable prices in my opinion.

**February 7-10, 2001:** It was Tampa Bay Carnival Glass Club convention time at Clearwater, Florida. It was my first time at this convention and I thoroughly enjoyed it. It was at a Hampton Inn that was well-suited for the convention. Hampton Inns are well known for their free continental breakfast, but the "spigot-in-the-wall" coffee all day long was a popular site for many of us — yes, the coffee was good as were the flavored creams. Attendance at this convention was more than I expected and the bright and cheerful hotel with the huge pool was well-suited for families. Looks like the convention will be at the same location next year — try this convention, you will like it.

Jackie and Randy Poucher had an open house for us and what a sight! I had not been to their home before and I hope they will invite us back again. Too much to see in one visit. They have many rare pieces and water sets, but the funeral vase collection was the eye catcher for me. If the Poucher open house wasn't enough, later in the day there was the open house and outdoor buffet at the home of John Martin and Norman Bauer. The food was good and we could eat to our hearts' content. But the food was secondary — what a collection of glass, china and antique music boxes they have. They played many of the music boxes for our enjoyment. As we dined and visited in the Florida room, the uncaged parrot tol-

erated us and as if on cue a pair of cranes appeared for their four o'clock hand out. These huge birds were fed and ate just outside the screened wall.

It wasn't all off-site activity. Bill and Sharon Mizell had many small plates to share with us at their seminar, and at the banquet Stan Runion displayed and talked about part of his vase collection.

Burns Auction Service had a nice group of glass for the auction and, in my opinion, many people got some good buys. Bill and Bill Richards sold the glass with a little help from Debbie Remmen, aka Debbie Hughes. Debbie and her family were there from the west coast. She also helped sell the white elephant items at the banquet. Debbie fits right in with the carnival crowd and does what I think is a very good job selling the glass. Come around more often Debbie.

## Help Wanted

By Bob Grissom

Stephen and Glen Thistlewood will be presenting an Educational Program at the Convention. Since they are coming from their Home in England, it would be rather hard to bring much glass with them. If you have any of the Non-U.S. Patterns listed below and you would be willing to bring them for their talk, please let me know. Your help with these pieces would be appreciated very much. # 2001 HOACGA Convention

April 26, 27, 28, 29, 2001

By Bob Grissom

**MOTEL** — Embassy Suites Hotel, 7640 N.W. Tiffany Springs Parkway, Kansas City, Missouri (At the Kansas City International Airport). Reservations can be made by calling the Hotel directly at 816-891-7788, between the hours of 7:00 A.M. & 7:00 P.M. on weekdays. Ask to speak to Jamie in Reservations, and mention the HOACGA convention. Other times, reservations can be made by calling 1-800-EMBASSY (1-800-362-2779). The FAX No. at the hotel is 816- 891-7513. If you will need a table(s), (6 ft) for your display or for selling glass, please request it when making your reservations. The table rental charge is \$15.00 per table, for the duration of the convention. Shuttle service is available from the Airport, call the Embassy Suites. **EACH SUITE HAS A WINDOW FOR DISPLAYING YOUR GLASS.**

**ROOM RATES** — The rate for all suites, except suites 219 thru 226, is \$98.00 per day for single or double occupancy. For three or four occupancy, the rate is \$108.00 per day. The rate for suites 219 thru 226 is \$108.00 per day. The room rate includes a free cooked-to-order breakfast, and a two hour manager's reception every evening, from 6 to 8:00 P.M. **YOU MUST BE A MEMBER OF HOACGA TO RECEIVE THE REDUCED ROOM RATE.**

**SMOKING** — We have been told by the Hotel personnel that the only place that smoking is allowed in the Hotel is inside the individual Rooms and in the Bar area.

## CONVENTION RESERVATIONS

HOACGA has blocked 185 rooms for the convention, but the block can only be held until April 16, 2001. Please make your reservations before April 16. After that date a room may or may not be available. When making your reservations, mention that you are with the HOACGA Convention. If you call for a reservation, and they tell you there are not rooms available, or if you have a problem with making a reservation, please call Bob Grissom at 816-356-5320. We want to accommodate everyone that wants to attend.

Small pets are allowed. When you check-in please tell the clerk that you will have a small animal in the room.

If you made a room reservation and then decide, after April 16, to cancel your reservation, please let Bob Grissom know. If you cancel your reservation with the hotel, the next person that comes in and wants a room will get the room. HOACGA will probably have members on a waiting list for the room.

**PRE-REGISTRATION** — A registration form is included in this packet. You are encouraged to complete this form and return it with your check. It will eliminate a lot of work for the secretary during the convention, and it will expedite the registration. **THOSE MEMBERS WHO RETURN THEIR REGISTRATION FORM WILL HAVE THEIR NAME ENTERED INTO A DRAWING FOR A SPECIAL PIECE OF GLASS TO BE GIVEN AT THE CONVENTION BANQUET.**

**JOHN & LUCILE BRITT AWARD FOR EXCELLENCE IN CARNIVAL GLASS** — It is always a pleasure to announce the honorees for the JOHN & LUCILE BRITT AWARD. This year the well deserved honor goes to **Tom and Sharon Mordini**. Tom and Sharon are members of most of the carnival clubs. They have been active members of the Lincoln Land club where he served as Bulletin Secretary. Tom is presently the Vice-President of ICGA, and Bulletin Secretary of ACGA. They publish the "Mordini" Carnival Glass Price Guide, the listing of glass that sold at auctions for the preceding year. They have served as Educational and Banquet speakers at many of the Conventions. In the true JOHN AND LUCILE BRITT tradition they are always willing to help in whatever capacity they are asked.

**ROOM DISPLAYS** — You are encouraged to bring glass and set up a room display. Room displays should be set up in your room window, so they can be viewed and judged from the outside. Room displays are always an important, enjoyable, and educational aspect of the convention. With the room displays we are always able to see some outstanding pieces of glass along with some very unique ways of displaying it.

A \$50.00 award will be given to the winner in each category, and a \$100.00 award will be given for the Room Display judged as the best overall. The best overall display will be judged on originality, creativity, and its overall appearance. Each display will receive a Hobnail Cuspidor. Displays are to be entered in one of the six categories.

**EDUCATIONAL PROGRAMS** — Two educational programs will be presented. We are looking forward to hearing Steve and Glen Thistlewood and Emmett and Dorothy Morgan as they present educational programs. The Thistlewoods will be talking about Carnival Glass "Stars" (pieces with stars as part of their pattern). The Morgans will be presenting a program on "Dugan" Glass.

**AUCTION** — The glass to be auctioned on Saturday will be from the collection of Danny McFall, plus a few pieces from another collection. The Burns Auction Service will present the auction. We are told that one of the pieces in the auction will be a Marigold Fenton "**Cooleemee**" plate. The collection will have something for all collectors. This will be one of those "Must attend" auctions for 2001. The Burns Auction Company will send the complete details of the auction at a later time.

**BANQUET** — We are pleased to have Floyd & Cecil Whitley as our Banquet speakers on Saturday evening. Cecil will be presenting some fascinating stories about her vast collection of tumblers, and Floyd will review the history of the Peoples Vases and some "believe-it-or-not" tales. Their talk will be most enjoyable and amusing.

**SILENT AUCTION** — The silent auction will be set-up just outside the two elevators on the second floor. If any member wishes to donate a piece of glass for the auction it would be appreciated very much. Ed Kramer, telephone 913-642-3587, will be the person in charge of the auction, if you have a piece of glass to donate please call Ed.

## SSCGC Convention

*By Bob Grissom*

Since the Winter in Kansas City was cold and snowy, Imogene and I decided to go to the Sunshine State Carnival Glass Convention in Ft. Lauderdale. We also wanted to see some part of Florida that neither one of us had visited before, Key West. We left a few days earlier than the convention so we could do some antique shopping along the way also. It took us four days to get to Miami, then it was only 135 miles more to Key West. The road from Miami to Key West is only a two lane road with very little opportunity to pass any slow moving vehicles. After you finally realize that you can only drive about 45 mph, then it becomes a nice drive. We enjoyed seeing and learning about the town. It is a very historic city, but, as one of the tour guides said, the two main industries in Key West are Tourist and T-Shirt Shops. We took the walk down Duvall Street, where there are plenty of Tourist, T-Shirt shops, Bars, and places to eat. The visit to Key West was most enjoyable where the temperature got to 80 degrees, much better than the 20 degrees in Kansas City.

The convention was at a Holiday Inn Motel. The Officers and those helping with the convention had every thing well organized, which always makes it pleasant for everyone. The only thing they did not have under control was the Amtrak passenger train that made good use of the railroad tracks next to the Motel. Some members did not like to hear the train's whistle at all hours of the day and night. I thought it was rather nice to hear a train whistle for a change, here in the Mid-West we do not hear many train whistles, even though Kansas City is the second largest rail hub in the U.S.

We did not get to Ft. Lauderdale in time to tour the home John Valentine and Joe Alves, and see their collection of Contemporary Carnival Glass. Those that toured their home said they did not know that much Contemporary Glass was made. Some of the members were commenting about the age of some of this glass; it is now 25 years old. Many collectors can remember when the glass was starting to be produced and all of the controversy that it created .

Randy and Jackie Poucher always had the Hospitality open and very well stocked with anything a person could want. In addition, there was always some good conversation going.

Dee Bekemeier presented a very informative educational program on "Red" Carnival Glass, of course with her "Red Hat". Dee & Paul have one of the larger collections of "Red" Carnival. They had an "Open House" on Monday after the convention for any one that wanted to come by. Those that were able to stop by enjoyed seeing all of the Red along with many, many pieces of other colors also.

Stephen and Glen Thistlewood gave an outstanding talk after the Banquet on Saturday evening. They have recently authored another book "A Century of Carnival Glass" which identifies many of the Non-U.S. patterns. Their talk reviewed the results of their extensive research of the many European Glass

Factories. It was very interesting and informative. As a result of their research the Non-U.S. patterns has opened a whole new avenue for collectors.

The Burns Auction Service had some very nice glass with many of the pieces considered unusual and rare. Much of the glass was different than most present day auctions. There were twenty-seven (27) Water Sets, thirty-three (33) Pitchers, fifty-three (53) tumblers and three (3) milk pitchers. Some of the pieces and prices realized were:

Item # 20 - CAMBRIDGE INVERTED THISTLE HANDLED WATER PITCHER - AMYTH. (EXTREMELY RARE ITEM W/GREAT COLOR AND IRID.) ---- \$1,750.00

Item # 21 - CAMBRIDGE INVERTED STRAWBERRY TANKARD WATER PITCHER - GREEN (ANOTHER EXTREMELY RARE COLORED ITEM; HAS GOLD HIGHLIGHTS) --- \$1,000.00

## Heart of America Carnival Glass Association Board Minutes – February 22, 2001

Minutes of the meeting of the Heart of America Carnival Glass Association Board of Directors in Lawrence on February 22, 2001. Present were Grissom, Ball, McMorris, Mochel. Absent: Cox.

Grissom reported that Fenton Glass has run 133 of the Hatpin Holder 2001 souvenir and would be making another run on Tuesday, February 28. He planned on being at Fenton's for this run in order to have input on whimsey shapes.

Bob Grissom reported Embassy Suites, Kansas City has agreed on the hotel room rates for 2001 and 2002 with the number of room nights deciding what the charge on the meeting rooms will be.

Negotiations are under way for the 2002 convention auction.

Cliff reported on the club's finances - for FY 1999 total income \$33,200; for FY 2000 - total income \$21,137. The Board discussed possible avenues to increase the treasury.

For the election of officers at the convention - President and Secretary are the two positions on the ballot.

Eleanor Mochel had samples of identification booklet for individual pieces of glass which the club might consider offering members at a nominal fee. The board offered some suggestions and Eleanor will bring an revised version of the booklet to the next meeting.

Cliff volunteered to be the Master of Ceremonies at the convention award lunch. Details of the 2001 convention were reviewed. Ann McMorris reported convention registrations and orders for the souvenir Hatpin Holder and the next notebook section on Vases are being received.

Respectfully submitted,  
Ann McMorris, Secretary

## Correction: Board Minutes – January 23, 2001

The statement in the fifth paragraph "...HOACGA is the only club that provides a monthly newsletter..." should have read "...HOACGA is one of the few carnival glass clubs that provide a monthly newsletter.."

Don Kime, president of Air Capital Carnival Glass Club, called this to the Secretary's attention and we thank Don for the opportunity to make this correction.

## Club News & General Information

The newsletter is published on the 15th of each month. The Heart of America Carnival Glass Association is a Not-for-Profit organization registered in the State of Missouri.

Members are encouraged to contribute articles for publication in the newsletter and to advertise carnival glass for "sale" or glass "wanted". Articles may be educational in nature or about collecting experiences, or letters of interest to the membership. Other carnival glass organizations may announce their meetings and/or conventions. Auctioneers who are members may announce their future auctions. Members may announce their upcoming carnival glass educational books, price guides, and other pertinent publications; after the initial announcement the information will only appear in the bulletin "Resource Section". All items submitted for publication will be published in the next month's bulletin or as soon as possible. The final decision to publish the articles will be made by the Board of Directors. Some articles may be edited prior to publication. Articles of an offensive nature or articles intended to discredit individuals will not be published.

Opinions and information expressed in the bulletin are not necessarily those of the editor or officers. HOACGA accepts no responsibility for accuracy or claims made, or for any outcomes resulting from the use of the information either printed or implied.

Membership is \$25.00 U.S. & Canada, \$40.00 Foreign per family or individual. All monetary amounts quoted are in U.S. dollars. Membership year starts the month your dues were paid. All checks are to be made payable to HOACGA and mailed to the Secretary, as listed on the inside front cover. All articles and items for publication in the bulletin are to be sent to the Bulletin Secretary whose name and address appear on the inside front cover.

## HOACGA Club Information

The purpose of the Heart of America Carnival Glass Association is to promote the growth and continuation of the Carnival Glass collecting hobby and to provide support to the many collectors by providing current information about the hobby.

Growth is accomplished by supplying educational information for the collector and soliciting new collectors into the hobby.

A Convention is held annually in April in conjunction with the annual meeting (Convention date always includes the 4th Friday). Some of the activities provided at the convention are:

- Members provide Room Displays with glass from their collection.
- Members are encouraged to bring glass for Sale.
- Educational Seminars are provided by members.
- A Major Carnival Glass Auction is provided.
- The Convention offers members an opportunity to meet new collectors, renew old friendships and enjoy discussing carnival glass with other knowledgeable collectors.
- A banquet is held with a Carnival Collector as our Speaker.
- A Hospitality time is provided by the club. This is a time of relaxation and visiting with other members.

It takes the support of all collectors and members to promote the hobby in order that its growth and expansion can continue.

In order to obtain our objective, the members must financially support the organization. The Heart of America Carnival Glass Association receives its financial support through the Annual Membership dues and the sale of the following.

- **Membership Dues** – \$25.00 per year U.S. & Canada. \$40.00 per year for foreign. The Membership Year is from the date of joining to one year later. Dues are set by the Board of Directors to support the publication of the monthly bulletin, typing, printing and mailing.
- **Educational Series – Book I** – 148 articles with pictures (black and white) on a variety of Carnival Glass Patterns.
- **Educational Series – Book II** – 180 articles with pictures (black and white) of Carnival Glass Tumblers.
- **Educational Series – Book III** – 150 articles with pictures (black and white) of Bon Bons, Bowls, Drinking Vessels, Novelties, Rose

Bowls, and Table Sets. Also included is a listing of 500 rarities.

- **Hartung Carnival Glass Pattern Books** – A set of 10 books identifying Carnival Glass Patterns. These books are a must for all Carnival Glass Collectors, especially for the beginner. These are the only complete set of books available that identifies the majority of the carnival glass patterns. Sketches are in black and white.
- **Pattern Notebook** – A notebook containing sections on Mugs, Table Sets, Rosebowls, Water Sets (including painted sets), Plates (small, regular & chop), Compotes (large, regular & small), Punch Sets and Vases. Each section of the notebook identifies each pattern with a COLOR picture along with information about the Maker and colors of each different pattern.
- **Souvenirs** – Periodically HOACGA makes a souvenir to be sold to members. Souvenirs have been made since 1974, a few of these are presently available. They are listed in the center section of the bulletin. Each year that Souvenirs are made, Whimseys are also made and sold at the convention banquet.
- **Video Tapes** – Video Tapes of educational programs given during the various conventions are available. A complete listing of the available video tapes are shown on the Order Form, which is part of this section of the Bulletin.

## Cosmos and Cane

by Robert Grissom

### Pattern Series

### Heart of America Carnival Glass Association

March 2001

Cosmos and Cane was produced by the US Glass Company, a conglomerate of several glass plants in the eastern United States. While US Glass made a number of patterns in carnival glass, only Cosmos and Cane and Palm Beach were produced in any quantity.

The predominant colors for Cosmos and Cane are honey amber and white with a few pieces in marigold and a very rare amethyst. Honey amber is unique to the US Glass Company and is an excellent description of the color—a warm yellowish iridescence on clear glass. White pieces are usually very frosty and have good iridescence. Cosmos and Cane pieces have been reported in crystal. A large portion of the US Glass Company's output was crystal glass.

Cosmos and Cane was used on water sets, table sets, breakfast sets, berry bowls, bowls, compotes, rosebowls, and many whimsies—a total of 17 shapes. More whimsy shapes are known in Cosmos and Cane than almost any other pattern.

**Plates.** Only two of the 10½" chop plates (at right) are known, both in honey amber. Curiously, they glow under a black light.

**Headdress interior.** Many bowls in the pattern are found with an elaborate pattern on the inside called Headdress, shown on an amethyst ruffled bowl, below.

**A rare platter.** Possibly made from a butter dish bottom, this oval whimsey is the only one known.

**The shaped bowl.** This is a fairly common shape, invariably seen with the Headdress interior and almost always in white. Tricorner versions of this same bowl are also seen.

**Ladies spittoon.** There are two known of these delicate white spittoons. They are less than 3/8 inches across.

**Rosebowls.** The typical shape of cupped-in bowl (below) is known in at least two sizes, although auction listings sometimes refer to the dome-footed compotes as rosebowls. Shown here are a large honey amber rosebowl made from a master berry bowl and a marigold example made from a small bowl with the Headdress interior.

**Compotes.** There is a wide variety of compotes found in the Cosmos and Cane pattern, all of them quite rare. The three above were all made from the same mold, but whimsied into these special shapes: a spittoon shape, a tulip shape, and one that collectors call "volcano." The stemmed compote, sometimes referred to as a jelly compote, is very rare and known in honey amber and white.

**Table sets.** These come in both honey amber and white, with a few pieces known in marigold and lavender. Honey amber is the more difficult color to find. **Breakfast sets.** This set, which consists of an open sugar and creamer that are smaller than similar pieces in the table set, are found in white and a rare marigold.

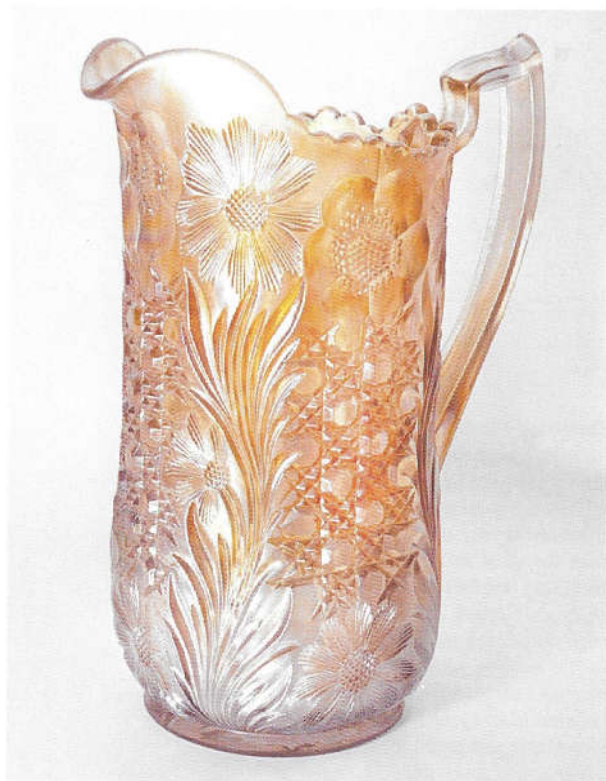

**Tumblers and pitchers.** Water sets were made in honey amber and white. White pieces are much more scarce, but neither is easily found. A few lavender and marigold tumblers are known. Some honey amber tumblers have "J.R. Milner Co. Lynchburg, VA" molded into the bottom and are very rare. A complete seven-piece water set in either color would be about as expensive as any carnival water set.

**Bowls.** Bowls, like many shapes in Cosmos and Cane, are quite scarce. At the right is a ruffled bowl in white. Master berry bowls with or without the Headdress interior can be found in honey amber or white. Six-inch bowls are known in white and honey amber, with and without the Headdress interior. An oval, non-collar based bowl is known that may be a whimsey from a butter dish base.

## Monthly Meeting – March 2001

The March monthly meeting of the Heart of America Carnival Glass Association will be held on Sunday, March 25, 2001, at 2 pm at the Prairie Village Community Center at 7700 Mission Road, Prairie Village, Kansas. (see map in bulletin) We will discuss green pieces.

The February meeting, 2/25/01 was attended by 11 members, Mike Reynolds from Liberty saw our newspaper advertisement and attended. The Convention in April was discussed. (Schedule is in the bulletin.) It was mentioned that Robby Robertson had a recent stroke. Our best wishes go to Robby and Betty. After a break for pineapple upside cake provided by Don Lacock and birthday cake for Bob Grissom's March 4 birthday, and some visiting, 18 unusual pieces brought by members were discussed. They included an ice blue peacock plate a match holder and a Dugan Heavy Web bowl in peach opalescent. Daryl Strohm won the door prize, a blue pansy 2000 souvenir bowl whimsied into a rose bowl shape.

Respectfully submitted:

Ed Kramer, HOACGA Secretary Retired

## Silent Auction – Convention 2001

*By Ed Kramer*

For several years we have had a Silent Auction (written bids) at the Convention to raise money for the club. We usually have 25 items of Carnival Glass or other related items. This year, so far, we have only one-fourth of the items needed. Please let me know if you have something to contribute.

## Texas Carnival Glass Club Convention

By Bob Grissom

We came home from the SSCGC convention where the temperature was in the 70's to the 20's here in Kansas City. We were home long enough to re-pack our bags and select some glass for our talk before leaving for the TCGC in Dallas. On the way to Dallas we stopped and stayed overnight in Oklahoma with my brother. When it was time to leave the next morning things were covered with about 1/2" of ice, including the car. After we were finally able to get in the car and the ice removed from the windows we headed for Dallas. We had to drive about 50 miles south before we finally ran out of the worst of the ice storm, but not the rain. The rain was with us the rest of the way and we encountered some delay because of two accidents before finally arriving at the Hotel in Dallas.

The convention was at the Crowne Plaza Hotel, which is a very nice facility for a Carnival Glass convention. The weather was cold and raining but everything inside was well organized and they were ready for everyone to arrive. There were even enough luggage carts so you did not have to wait for one.

As usual the Texas group goes to a Barbecue Restaurant on Thursday evening. The plan was to go to the Restaurant first and then go to Jim and Kelani Lee's home to see their collection. I am sure they did not expect the worst rain storm they had experienced in several years, that evening. It took 90 minutes to get to the Restaurant, which should have been only a 45 minutes trip, but we were hungry by the time we arrived. Everyone enjoyed visiting and seeing the Lee's beautiful collection. They have some very nice pieces of glass and have it displayed so it can be easily seen. It was well worth the trip.

The Seeck Auction Company sold the Alan & Pat Johnson collection, which consisted of 342 lots. The prices realized for the glass was good. The auction consisted of Ninety-three Vases, they seemed to sell very well for having so many. Some of the prices realized are:

- Item # 23 - Waterlily large ftd IC shaped bowl - blue - spectacular, electric & super ----- \$850.00
