**IMPERIAL GLASS  
SPECIAL DISPLAY  
2004 HOACGA CONVENTION**

*By Bob Grissom*  
7517 Evanston, Raytown, MO 64513  
816-356-5320 or bobimocg@aol.com

A special display of Imperial Glass is being planned for the 2004 convention. Imperial glass has probably some of the best iridescence produced by any of the makers and it has gained in popularity in the past few years. So, we thought it would make a fantastic glass display.

As always, for these special displays, we have to rely on many members to bring glass from their collection. Sometimes we have some beautiful pieces of Imperial glass in our collections that we have kind of forgotten about. Would you please look through your cabinets and identify those pieces of Imperial that you would be willing to bring for this special display. Can you imagine how 200 pieces of beautiful Imperial glass will look. If we all share some of the pieces from our collection it will be a very informative and educational display.

WOULD YOU PLEASE TAKE AN INVENTORY OF YOUR IMPERIAL GLASS AND MAKE A LISTING OF THE PIECES THAT YOU WOULD BE WILLING TO BRING AND SHARE IN THIS DISPLAY. I will coordinate the list and then let each person know which pieces to bring.

Each item on your listing needs to be described so I will know its color, pattern and shape. I will make an identification tag for each item on display. You can send the list either by mail or by email.

**YOUR HELP WITH THIS SPECIAL DISPLAY WILL BE GREATLY APPRECIATED. THE SOONER I HAVE YOUR LIST THE EASIER IT WILL BE FOR ME TO GET THE COMPLETE LIST COORDINATED.**

## Orange Tree Fruit Bowls

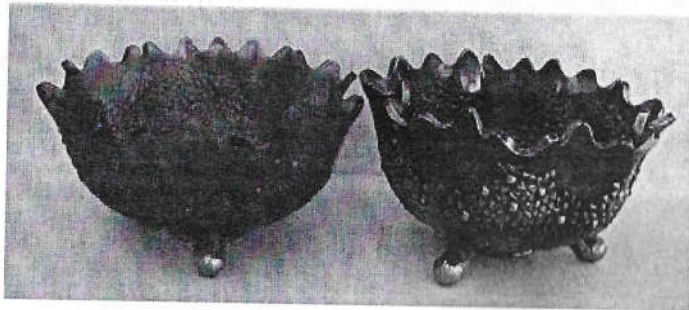

*By Alan and Lorraine Pickup*

Orange Tree, a popular Fenton Glass pattern can be found in so many different shapes, colors, and varieties that just a collection of this one pattern could be a challenge in itself to assemble. Orange Tree fruit bowls, sometimes listed as orange bowls, are pretty common in Marigold and Blue. But green bowls are another story. But there have been several of them sold at auctions in the last few years and they usually cause some spirited bidding. Such as the bowl in Bob Stremming's 1998 auction in Ohio at \$1000 and another in a Mickey Reichel consignment sale in Missouri in January of 2000 for \$1800.

When a fruit bowl shape has been worked into a centerpiece shape the bidding really gets serious such as the bowl in the Garth Irby sale on January 13<sup>th</sup>, of 2001 conducted by the Woody Auction Company here in St. Louis. That bowl left here for \$6500 to its new home in North Carolina.

Can they be found in other colors? There was an amethyst fruit bowl that was sold by Jim Seeck in 1999 at an Illinois sale, listed as a rare color that only brought \$525. That seems to be a low price for such a rare color Orange Tree fruit bowl. Do other colors exist? Maybe, we could have missed one along the way and someone will surely let us know.

Those of us with the patience and good enough eye sight to wade thru hundreds of carnival glass listings on eBay each week have been rewarded many times in the last few years with sightings of glass patterns in colors that were not previously known to exist. Unfortunately, however, due to other priorities like eating, most of us can do nothing but **L\$K**. Does anyone else have that problem?

## GEVURTZ BROS FURNITURE & CLOTHING UNION AVE. & EAST BURNSIDE ST.

*By Dean & Diane Fry*

There is nothing to equal notoriety when extolling the virtues of collecting. There is a built-in feature within the soul of most humans, urging us to preserve that which went before. It is one of our more admirable traits. This in turn, conjures up the need to preserve the best of whatever lies within our interest. (All this flowery discussion brings attention to the fact that the plates in this particular design are nearly always "fabulously" iridized!)

We notice that one bowl and one plate sold at auction in 2001, with the plate realizing \$2100!...This is not at all surprising, for even if the collector of these lettered pieces has already satisfied the desire, anyone else would be drawn to admire the color portrayed.

The computer went into a frenzy over the spelling of Gevurtz, and Mr. Resnik says that during his research, seven different spellings were confronted in various auction brochures and reference books.

The **Gevurtz** company was established in the late 1800's, and after several locations, arrived at the corner of Union Ave. and East Burnside St. in downtown Portland, Oregon. This move occurred around 1902. 1919 brought them to the corner of Second St. and Morrison Ave. During the time spent at this location, several branches were opened in the surrounding area. The Gevurtz family still maintained the business at 6600 S.W. Bonita Rd, Tigard, Oregon when John Resnik created his Encyclopedia of Lettered Pieces in 1989. The move to that location had taken place sometime during the 1960's.

## GEVURTZ BROS FURNITURE & CLOTHING continued...

Fenton manufactured this design, and it has the Wide Panel exterior. Ruffled and IC shape bowls, along with the plates are scarce, with the H/G considered to be very scarce.

Our lovely plate example was purchased from Fred Roque in Nov. of 1992, while we were still living in San Diego. He has said he regrets selling it. However, we have given it a great "home"!

Two plates sold for \$1900 and \$750, the lesser having sharp points; along with a couple of bowls at \$650 and \$675 during the auction season of 2002.

On July 16, 2003, a very FINE plate example sold over Ebay for \$1200.

## BUSY MEMBERS

*By Eleanor Mochel*

*I received the following information from Dean and Diane Fry:*

\* \* \* \*

We all need to give more effort and thought about what each of us can do to promote our wonderful hobby.

We are receiving quite a bit of attention to our website and try to enter a new segment each week. As often as we can, we suggest HOACGA as the Club to join for regular brochures. Hopefully, the educational material, etc., will interest some new people to join. The Clubs are losing membership and interest among any young, would-be collectors. We sincerely hope that our efforts to attract newcomers is successful.

We presented a seminar last evening from 6-8 at Christy's Auction House in Indianapolis at invitation of the lead auctioneer. They have been conducting such on a monthly basis, covering varied antique matter, for some months now. There were about 80 people in attendance, and they stayed for the entire time. We took about 65 pieces of various shapes, and colors, and allowed lots of questions, etc. I talked nonstop for an hour and a half, then Dean took over with the two molds he discusses. In attendance were 6 couples who currently collect, a half dozen interested learners, dealers, those who brought glass for ID, etc., a good mixed group. It was A LOT of work. The tearing down and packing up after a long day was the worst, but hey!...anything for the benefit of Carnival Glass, right?

It was a new approach, and who knows? Out of that crowd may come some new interest. It was definitely there, if they continue to follow through with the interest. One couple had driven down from Anderson, IN...a good two hours away...just thought you would be interested in our continued efforts to PROMOTE!!

\* \* \* \*

*Thanks Dean and Diane. I hope you will inspire others to promote carnival glass.*

# BROCADED JACK FROST COMPOTE

*By Barb Chamberlain*

Brocaded Jack Frost...haven't heard that name before? We recently acquired the pictured compote, not only because it was attractive, but we also had never seen this pattern. Thinking back to childhood, I remembered the design on windows in the wintertime that "Jack Frost" had left, and the pattern on this compote looks like Jack Frost coated the exterior.

Our white compote has a 7 3/4" diameter and stands 4" tall and has pastel pink, green, and gold iridescence. It also features what I believe is called a gold stamping 3/4" band around the exterior top edge that features a flower design band with a row of beading on each side. The foot also has a gold ring on the edge, but no band. The pattern, which is exterior only, appears to be pressed rather than etched, and is on the foot and on the bowl, but there is an unpatterned area on the stem, and no pattern where the gold band runs around the top edge. The interior is smooth.

Researching has not led to a definite manufacturer. There are two companies that I have found that possibly could have made the Brocaded Jack Frost compote, but neither are a complete certainty.

In Hazel Marie Weatherman's Colored Glassware of the Depression 2, in the section devoted to the Monongah Glass Co. of Fairmont, W.V., there is a compote shape, No. 7783-7" that is very similar to our compote. This is pictured in the etched Roseland pattern display. This 7" compote is the only one pictured, but perhaps there were other compotes available that weren't featured in this advertisement. Whether this company produced iridescent glassware is uncertain, but possible.

Perhaps another attribution could be the Cambridge Glass Co., who, of course, was known to have produced carnival glass. In a reprint from a 1934 catalog that appears in the National Cambridge Collectors, Inc. book on Cambridge reprints, there are three compotes that have the same general shape as our compote, and were available in a 6", 7", and 8".

BROCADED JACK FROST COMPOTE continued...

As you can see, neither company has an exact size or pattern match to our compote, so attribution cannot be assigned. If anyone has any information or other pieces with this Brocaded Jack Frost pattern, please let me know.

---

## THANK YOU

*From Eleanor Mochel*

Thanks to all who sent me get well messages. They are greatly appreciated. I went back to the Cardiologist this week and he thought I was progressing OK. He said my heart and lungs were still in the process of healing from the clots. We never know from one minute to the next what life will send our way. I feel very fortunate and grateful to have made it through such a life threatening situation.

# DON'T ROCK THE BOAT!

By Ruth Herrington

The newer generation would take one look at the beautiful, multi-colored iridescence on this amethyst piece of carnival glass, and say, "That Thistle Banana Boat ROCKS!" They would be right, because the color is great! But we would agree because the feet are 'splayed' and the boat actually does ROCK! One of the four legs on this piece is fully  $\frac{1}{4}$ " above the table top.

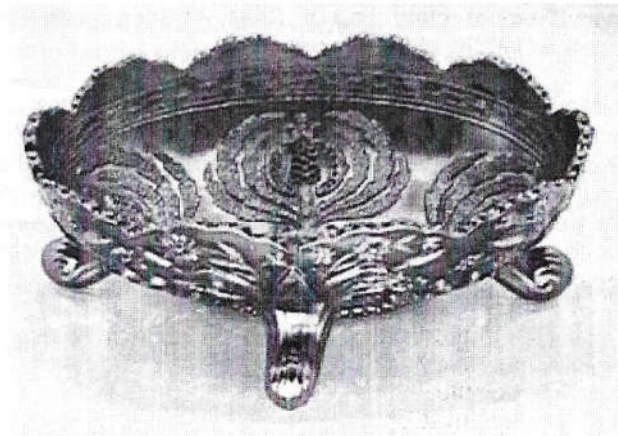

We propose that there is a good reason that so few carnival shapes have four feet... it is more difficult to make them sit level. If a piece has three feet with some irregularity, the piece will simply lean a little bit, but four feet with irregularity makes the piece tilt back and forth. Awkward for serving some types of food, to say the least, especially with liquid that might slosh over the side. My husband and I surmised that one foot on our banana boat must have been 'bumped' or 'pressed' out of position while the glass was still warm causing it to turn slightly and raise up off the table. Thus, it rocks.

"Thistle" was made by Fenton as two completely different patterns, in two completely different shapes. The pattern on **Bowls and Plates** has graceful thistles and leaves flowing around the face of a realistic pattern. The exterior is usually plain and the bowls are found in all the usual colors, with aqua and vaseline considered rare. The plates were made in amethyst, green, and marigold (2 known) and ALL are considered rare. Recently, someone has claimed to have the only blue "Thistle" plate known.

The **Banana Boat** (pictured) is oblong and massive in size, with four large thistles placed along the sides inside the boat. There is a 'marie' under the bowl that does not touch the table, which must have made the glass easier to maneuver in the manufacturing process. Without the feet, this boat would have set nicely on the table. Instead, there are four feet, with one placed on each of the four 'sides' of the bowl, not on the four 'corners', making it more awkward. It appears that a four-part mold was used and our boat shows the mold seams running through the feet, which must be the reason for the foot placement. The resource books indicate that the iridescence is usually strong and colorful (like ours) with the exterior pattern of "Waterlily and Cattails" being bold and appropriate for the banana boat size. Colors listed are marigold and blue, with amethyst and green considered scarce. Even so, prices remain comparatively affordable.

## DON'T ROCK THE BOAT continued...

How many other pieces of carnival glass are out there in "rock and roll land"? We had a collar-based bowl that was 'warped' and rounded out on the bottom so as to make it not sit flat (and it rocked). This is just another feature of the hand made glass that makes it unique... and fun! My husband gave me this boat for Christmas a few years ago and one foot is definitely warped. Since his sense of humor is also warped, I will always look at this piece and think of him!

## AND THE AUCTION BEAT GOES ON!

By Bud & Gladys Martin

What a simply gorgeous weekend in Wichita, KS for the 22nd Annual Air Capital Convention. We're sure it was made-to-order by President Don Kime. He and other members of the ACCGC always see the convention runs smoothly and all attending are treated royally. Southern hospitality Midwestern style!

Approximately 75 members were on hand for the Thursday nite "Early Bird" supper and get-together. Attendance was down due to some last minute cancellations for health and other reasons. Some missing faces were: Will & Judy Schultz, Bob Grisom, Jerry & Carol Curtis (& Bronco), Jim & Kelani Lee, Reg & Linda Dunham and Swede & Bertie Tilberg.

As usual, the Hospitality Room was well stocked with Nola Schmoker's famous homemade chili, Don Kimes' super-duper meatballs and Minnie Brim's sweets extraordinaire and a great array of other snacks & munchies.

Friday's highlight was the education program by Roy Hieger on Imperial. He took us on a fantastic A-Z (Acanthus to Zipper Loop) tour of many, many pieces and an array of radiant colors of Imperial Carnival Glass from his & Charlene's collection, incl. Imperial Grape pitchers, Loganberry vase, Crucifix candlestick, Heavy Grape plate, Flute and Diamond Lace Pitchers and a green Nu-Art Chrysanthemum plate and a Shell & Sand plate (borrowed from Emmett & Dorothy Morgan's collection).

Saturday's auction of the collections of Rudy Kovacs & Fred Warren, Roy & Kathie Bledsoe and others was held by Mickey Reichel and was well attended with approx. 70 registered bidders. The bidding was upbeat and the better pieces brought good to great prices and then there were some bargains, too. Approx 25 % of the winning bids went to write-in bidders. Mickey & Charlie are probably still packing and shipping as we speak.

## AND THE AUCTION BEAT GOES ON! continued...

Top Dollar pieces were:

(N)Peacock's ruffled Bowl, Ice Blue Opal	\$ 2600
(N)Good Luck ruffled Bowl, Sapphire	2100
Fenton Leaf Chain ruffled Bow, Ice Green	1800
(N)Grape & Cable VT Bowl, stippled, Sapphire	1700
(N)Poinsettia & Lattice ruffled Bowl, Blue	1650
(N)Peacock/Urn Master ICS Bowl, fully stippled, Blue	1600
(N)Hearts & Flowers ruffled Bowl, Aqua w/opal tips	1550
Dugan Pony Bowl, ruffled, Stretch Ice Green	1400
(N)Rose Show ruffled Bowl, Ice Green	1150
Imperial Shell Plate, Smoke	1025

Saturday night's Banquet featured Eleanor Hamilton with Jack Hamilton manning the camera and Gail Eichorst assisting. Eleanor gave a fantastic view of her collection of miniatures she has collected starting back in the 60's. Many one-of-a-kind and very rare and rarely seen pieces and all with terrific iridescence were shown. On most pieces, Eleanor remembered when, where and from whom she purchased the piece. Very, Very interesting and worth the trip to Wichita.

After a delicious meal, President Don Kime announced the Silent Auction brought record proceeds to help defray some of the convention expenses! He then presented beautiful Fenton vases (autographed by a member of the Fenton Family) to Bernice Thach for her diligent and untiring work on the monthly ACCGC Newsletter including the beautiful color photos, and to Minnie Brim for her hard work and contributions to the hospitality room every year. Well-deserved accolades to both!

Jerry Kudlac announced a very innovative way to help raise funds for the Club by using photos of various Carnival Glass pieces and making them into jigsaw puzzles. They were going like "hot-cakes" and heard there are only a few left.

Another great convention from a super Carnival Glass Club! Thanks!

## LOOKING BACK

By Charles Mochel

### TUMBLER & MUG NEWS

O. JOE OLSON

FEBRUARY 25, 1980

An effort to determine "fair market value" of carnival tumblers, for tax and/or insurance purposes, disclosed a wide range among prices listed in current price guides. In fact, in evaluating the worth of tumbler rarities, the difference of opinions is very marked between the Owens price guide, published in 1978, and the 1979-80 Hartung price guide.

The following listings illustrate some of the disparities:

COLOR	PATTERN	HARTUNG	OWENS
W	Blackberry Block	N.L.*	147.00
P	Cone and Tie	N.L.	250.00
M	Cut Cosmos	35.00	207.00
P	Chatelaine	400.00	275.00
M	Circled Scroll	50.00	145.00
P	Circled Scroll	125.00	425.00
M	Diamond Lace	30.00	140.00
P	Feather & Heart	90.00	78.00
M	Fentonia Fruit	42.00	265.00
IB	Grape Arbor	50.00*	92.00
IG	Grape Arbor	50.00	256.00
M	Harvest Flower	65.00	51.00
P	Harvest Flower	95.00	575.00
A	Gay Nineties	520.00	580.00
M	Gay Nineties	N.L.	650.00
M	Interior Poinsettia	N.L.	238.00
M	Inverted Feather	50.00	400.00

## LOOKING BACK continued...

COLOR	PATTERN	HARTUNG	OWENS
GR	Inverted Feather	65.00	380.00
P	Late (Inv.) Thistle	300.00	263.00
P	Millers. Cherry (variant)	N.L.	235.00
M	Morning Glory	N.L.	575.00
P	Morning Glory	900.00	600.00
M	Multi Fruits & Flowers	N.L.	600.00
GR	Multi Fruits & Flowers	N.L.	700.00
P	Multi Fruits & Flowers	N.L.	817.00
M	Northwood Cherry	70.00	375.00
B	Orange Tree (variant)	N.L.	107.00
M	Perfection	N.L.	470.00
P	Perfection	450.00	563.00
M	Quill	145.00	339.00
P	Quill	385.00	471.00
M	Vintage Banded	N.L.	165.00
M	White Oak	295.00	203.00

\* No listing in Hartung price guides to date.

The Owens price guide appeared with a preprint of the tumbler color plates brought out in 1978 by Wallace-Homestead Co., of Des Moines, IA. For the price guide, Owens drew on the resources of five or six tumbler collectors. Each submitted figures/estimates on market values by pattern and color which were the basis of Owens guide.

Mrs. Hartung's latest 1979-80 price guide was regrettably weak on tumbler values. The majority of rare tumblers she did not price because the pattern have not appeared in her books.

LOOKING BACK continued...

Where Owens, in his color book, was able to insert a full color page of rarities which he had not included earlier in the alphabetical order of the work, Mrs. Hartung did not insert prices on any tumblers beyond her ten pattern books.

In addition, several weaknesses and omissions that marred previous Hartung price guide editions were perpetuated in the 1979-80 edition.

For example, Mrs. Hartung again quoted prices on matching tumblers for the two colors in which Starflower pitchers are known, blue and marigold. No matching tumblers are known. They remain "undiscovered."

---

## SICK CALL

Shirley Hill fell and fractured her ankle in 3 places on September 30, 2003.

We know this will mean a long convalescence and a lot of rehab.

Shirley, we send our best wishes and prayers on your behalf.

Cards may be sent to:

Shirley Hill  
126 Glendale Drive  
Reidsville, NC 27320-8850

## A VISIT TO IOWA & MINNESOTA

*By Ed Kramer*

My friend, HOACGA VP Don Lacock from Delia, KS, suggested we go to the Seeck Auction September 20th in Mason City, IA. Neither of us had been to the Seeck Auction Center, which has been open 3 (or more) years. Also, Gale Eichhorst had invited us to see his glass in Mankato, MN and would be at the auction.

So, Friday morning, on a beautiful day, we started a leisurely trip North from Kansas City. We stopped at an antique store and bought a few things and then at the Lakeview Casino where we won a little money (enough to pay for the antiques). The Casino is near Osceola, KS.

We stopped for lunch at McDonalds after we got around Des Moines.

It was a nice (about 300 miles) drive and we got to Seeck's about 3:00 pm, in time to spend a few hours looking at the glass. It was the Donald Farrell Sr. collection and there were some nice pieces. We saw Dan & Vicki Gearhart, Francis & Janet Tate, Pete & Paula Bingham, Dave Drabing, Bruce Hill and Gale Eichhorst. Also, lots of people we didn't know. The auction center is very large. Jim and Jan (and fast growing Gannon and Carly) are great.

At the auction Saturday, Don & Gale and I all got glass we really wanted. Don got 6 celeste blue Fenton nut cups, Gale got the marigold curved star epergne, and I got a green cobblestone ruffled bowl. A rustic funeral vase (with plunger base) went for \$1400 and an unusual color drapery vase (sort of ice blue?) went for \$800 to cite a few examples.

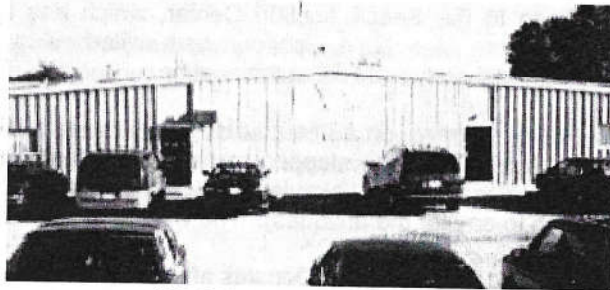

After the auction, we followed Gale 100 miles to Mankota, MN (first time I have set foot in Minnesota). Gale had invited us for about 3 years to visit and he has lots of wonderful glass displayed in every room of his restored older home. We saw his vacuum store, which is really nice and he toured us through Mankato, a town of about 30,000. The University of Minnesota Campus there is impressive.

I should mention that at all the restaurants everyone greets Gale with, "Hi Ike, do you want your regular spot today?"

A Visit to Iowa and Minnesota continued...

Sunday, after breakfast at Perkins, we headed for home. It rained all across Iowa (200 miles) but we made it home about 5 pm and of course Don had another 60 plus miles to drive to Topeka.

What a fun, fall weekend!

SEECK AUCTION CENTER

AUCTION GLASS

GALE'S MIKADO COMPOTE DISPLAY

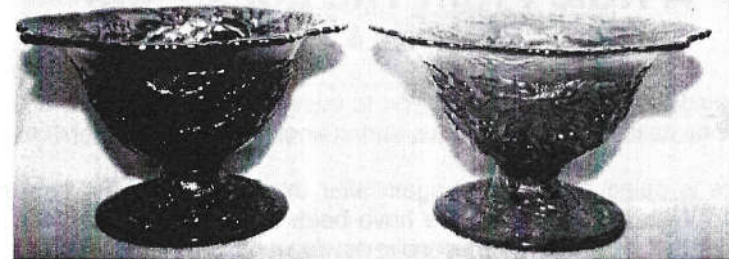

## CHRISTMAS COMPOTES

By Jim & Jan Seeck

With Christmas just around the corner and HOACGA convention just around the next corner, we thought we would feature two fabulous Christmas Compotes this month. In the Pritchard auction there will be a beautiful purple one and 2 fabulous marigold ones. Purple and marigold are the only two colors this Dugan compote comes in. Both are very rare with the marigold maybe just a bit harder to find than the purple. You may not be able to put these under the Christmas tree this year but just remember, Gift Certificates are available year around from Seeck Auctions!

Visit our website for upcoming Carnival Glass auctions: [www.seeckauction.com](http://www.seeckauction.com)

**Next Auction:** Saturday, November 22nd 9:30 am - Wentzville Holiday Inn, Wentzville, Missouri. Complete catalog and colored pictures available on our website: [www.seeckauction.com](http://www.seeckauction.com)

## NEXT REGULAR HOACGA MEETING

*By Ed Kramer*

The next regular bi-monthly meeting of HOACGA will be held on Sunday, November 23, 2003 at 2:00 pm at the Prairie Village Community Center, 7700 Mission Road, Prairie Village, KS. We will discuss patterns with opal.

The HOACGA Holiday dinner will be Monday evening, December 8th at Bob Grissom's. Please RSVP by December 6. There will be no gift exchange this year.

---

## SICK CALL

*By Eleanor Mochel*

Rick Stockhill of Casnovia, MI recently underwent back surgery. Rick is one of our newer members. We all wish Rick a very speedy recovery and hope to see him back at auctions and conventions soon.

Cards may be sent to:  
Rick Stockhill  
14118 Kenowa Avenue  
Casnovia, MI 49318

---

## A Note From The Loeschers

*By George & Mavis*

We would just like to say thank you to everyone for their cards, notes, telephone calls and prayers for us during another tough summer.

George is doing much better again after this last stay in the hospice facility. With the wheelchair we have been able to take advantage of some of this nice fall weather we're having and get out for rides and even a couple of Antique Malls. It is a lot of work for me, but I'm building up muscles I never knew I had! So we take each day as it comes and thank God for them. Right now, if things keep going as well as at present, we are planning for LL Christmas Party. Never hurts to have something to shoot for.

## Souvenirs & Books - Order Form

_____ HOACGA Educational Series Book I .....	\$17.50
_____ HOACGA Educational Series Book II .....	\$20.00
_____ HOACGA Educational Series Book III .....	\$20.00

## 2002 HOACGA NOTEBOOK INSERT

### Candlesticks – 1st & 2nd Sections

By Bob Grissom

You may not have many candlesticks in your collection, but what is your knowledge of the ones you have? Do you know the difference between a Northwood "Colonial," a Fenton "Florentine," or a Vineland "Colonial?" You will probably be able to identify some of the candlesticks in your collection.

The HOACGA Notebook section for 2002 contains photographs of 72 different candlestick patterns and the section for 2003 contains an additional 53 patterns, including the Fostoria Brocaded pieces. Most collectors have some candlesticks in their collection, but this is an area of Carnival glass collecting where information is not readily found. This is an attempt to compile them in one place, present as much information as possible, and to show them with a color photograph. These two sections are another very informative addition to the HOACGA Pattern Notebook.

Much time has been spent, not only by me, but several other collectors, trying to identify the various pieces. Information such as this is only possible with the help of many members who have supplied photographs and a listing of their candlesticks.

If you have not ordered these two sections, you are missing a good source for information about carnival glass candlesticks.

If you wish to order, please use the order form below (if you are coming to the convention, the 2nd section can be ordered with the pre-registration form).

## HOACGA PATTERN NOTEBOOK

The Pattern Notebook was started in 1980, with the first section being on mugs. Each year since, except in 1992, a different section had been added. This information has been compiled and printed to assist the collector in identifying the various pieces of Carnival Glass. Each section identifies the Patterns, Maker, Colors and other pertinent information and shows a color picture of the pattern. There are (10) completed sections with the candlesticks section to be completed next year. There are about 1222 items pictured. Each year a new section will be added to the Notebook.

ITEM	PHOTOS	YEAR	PRICE	COMMENTS
Mugs	1 - 40	1980	\$ 7.00	
Table Sets	1 - 40	1981	\$ 7.00	Listing of the 4 pc sets only
Water Sets 1	1 - 60	1982	\$ 7.00	Shows a pitcher & tumbler
Water Sets 2	61 - 120	1983	\$ 7.00	Shows a pitcher & tumbler
Water Sets 3	121 - 167	1984	\$ 7.00	Painted sets included
Rosebowls 1	1 - 60	1985	\$ 7.00	
Rosebowls 2	61 - 97	1986	\$ 7.00	
Small Plates 1	1 - 48	1987	\$ 7.00	Less than 9" in diameter
Small Plates 2	49 - 98	1988	\$ 7.00	
Chop Plates	1 - 40	1989	\$ 7.00	Plates of 10" diameter or greater
Regular Plates 1	1 - 48	1990	\$ 7.00	9" plates
Regular Plates 2	49 - 81	1991	\$ 7.00	9" plates
Compotes 1	1 - 57	1993	\$ 8.00	Smaller compotes
Compotes 2	58 - 113	1994	\$ 8.00	Larger compotes
Punch Sets	1 - 36	1995	\$ 8.00	2nd printing of this Section
Vases A-C	1 - 57	1996	\$ 9.00	
Vases D-G	58 - 117	1997	\$ 9.00	
Vases H-P	118 - 201	1998	\$12.00	
Vases R-T	202 - 274	1999	\$13.00	
Vases Trpt - Z & Non US	275 - 341	2000	\$13.00	
Vases not prev. reported, non-US & brocaded	342 - 428	2001	\$13.00	Non-US patterns & Fostoria's brocaded patterns. Table of contents of all vases, plus corrections
Candlesticks	1 - 72	2002	\$13.00	
Candlesticks	73 - 125	2003	\$13.00	

Complete Set of Inserts plus Notebook is \$215.00. Shipping & Handling for complete Notebook \$8.00, for each individual item \$1.50 for a maximum of \$8.00.

Any of these sections can be purchased separately. The information contained within these sections will be of great help to you as a collector. If the knowledge you gain from it help you in buying just one piece of glass - that could be worth much more than the cost of the information.

A complete Notebook or any of the Sections may be ordered from the Secretary.

Please make check payable to HOACGA and mail to:  
Ann McMorris; PO Box 4361, Topeka, KS 66604-0361

**HEART OF AMERICA**  
**CARNIVAL GLASS ASSOCIATION**  
**BOARD MEETING, OCTOBER 9, 2003**

*By Ann McMorris*

The HOACGA Board held their monthly meeting in Lawrence, Kansas on October 9, 2003 starting with lunch at 12:30 p.m. Board members present were Bob Grissom, Don Lacock, Cliff Ball, Ann McMorris and Eleanor Mochel.

Treasurer Cliff reported on the finances of the Club.

The suggestion from Ron Britt of Abilene that the bi-monthly meeting be held in Topeka some months so that members from the west wouldn't have to travel so far and could attend was considered. Ann agreed to call various places in Topeka for a possible meeting place on a Sunday. Input from HOACGA members who would like to have an opportunity to attend if a meeting were scheduled in Topeka would be greatly appreciated. Contact Bob or Ann.

The planning for the 2004 Convention continued. Stacy Wills and Ed Kramer will be presenting programs and Bob is contacting a possible banquet speaker. More discussion on a souvenir for 2004. Bob is working with Frank Fenton and will be receiving a sample from Fenton soon. Bob will be contacting the Embassy Suites management for a report on their decisions on several matters discussed when we met with the hotel people earlier this year.

The Woodland Carnival Glass Convention will be held in St. Louis the week prior to the HOACGA 2004 convention, and we hope some attendees will be able to come to HOACGA after their convention. An open house is planned from 10 a.m. to 4 p.m. to tour the private collections of HOACGA members on Tuesday, April 21, 2004 in Kansas City. A schedule will be prepared when all plans are completed.

Bob had noted at a convention he attended, they had credit card service available. Ann agreed to do some research on offering credit card service to HOACGA members to pay their dues, buy educational materials, etc.

**A**  
**C**  
**G**  
**A**

BOARD MEETING continued...

Other matters on the table were – 2005 auction, possible whimses for auction at banquet, colors and style for 2004 souvenir, November bulletin materials and announcements for 2004 convention scheduling. The Board considers all aspects of putting on a convention and other activities of HOACGA to be of great importance and welcomes any suggestions from the membership.

Adjournment.

---

## IN RESPONSE (To Alan & Lorraine Pickup's article - "Dugan's Vintage")

*By Viola Bristol-Johnson*

After receiving and reading my newsletter, I felt I should add a few comments on the "conjecture."

This is a piece I've owned for a while and purchased it in tact as "Kokomo." Yes, I broke the frog and have searched for a new one. No luck so far.

Dave Doty identifies the piece as "Kokomo" and Marion Quintin-Baxendale does too. The second also identifies "My Lady's Powder Box" as related. It is suggested that the maker of both pieces is Davidsons of England.

Sometimes conjectures lead to opinions. Isn't Carnival Glass fascinating? Never know what we find, when we find and is it for real?

**SUNSHINE STATE CARNIVAL  
GLASS ASSOCIATION**

**"MARDI GRAS CARNIVAL"**

**HOWARD JOHNSON RESORT  
DEERFIELD BEACH, FL  
(OCEANSIDE)**

**1-800-426-0084**

**JANUARY 28 - FEBRUARY 1, 2004**

Our theme for our 2004 convention is "*Mardi Gras Carnival*" and we have asked Gale Eichhorst to be our banquet speaker. I am sure he will keep us awake at the banquet! Keeping with the "*Mardi Gras*" colors - purple, green, gold - the banquet glass display will be in these 3 colors. It will be a beautiful display of glass.

We have been working on our convention schedule for 2004. YES, we have scheduled the FREE NORTH RIVERBOAT CRUISE - it is a MUST. Also, SSCGA will be hosting a FREE luncheon at Charlie's Crab House restaurant for members after the cruise. We also will have our FREE "Build Your Own Sundae" evening. Another beach activity will be planned to get some sand in your shoes.

The Nielsens have a SURPRISE seminar for us. And, we will be having a re-run of the *RAZZLE DAZZLE* with the Brazels at the Banquet. The fabulous hospitality room will be hosted by the Pouchers again.

The Jim Wroda Auction Team with Jim Wroda and Mike Baker will be conducting the outstanding glass auction on Saturday.

So, if you want to experience all of the above activities, sunny weather, great friends - COME ON DOWN and make your reservations now...
